REPORT OF THE HYDRO ELECTRIC SYSTEM SHOWS GOOD SURPLUS

Even After Writing Off \$10,000 For Depreciation There Remained a Balance of Over \$4,000—Report in Full.

The most noticeable feature of the Hydro electric report for the year 1915, presented to the city council last night, was that it finished the year with a surplus, after writing off \$10,000 for depreciation. Commissioner Mr. McFarland read the report to the council and explained that by writing off depreciation every year, the plant was kept at a high state of efficiency, and would continually be kept as good as when first started.

U.S. REPRESENTATIVE

Retires From Public Life Because He Cannot Endorse Administration.

New York, March 7.—A Washington despatch to the New York Times says: "In a statement in which he asserted that the loan of \$500,000,000 to the allies had destroyed the semblance of neutrality of the United States, Representative Robert N. Page, a North Carolina Democrat, brother of the Ambassador to the Court of St. James announced last night that he would retire from public life, because he could not follow the foreign policy of the administration.

Referring to the loan to the allies, the brother of the American ambassador to Great Britain says: "I realize very forcibly my obligation to my immediate constituency and to the American people. I will not ruin my conscience, or stain my hands with the blood of my countrymen."

Applications of 11 prospective citizens were rejected by Justice Mulligan of New York because the applicants were unable to read the poem "Mary Had a Little Lamb."

GUERRILLA WARFARE AGAINST THE HUNS

Through the long winter months, when the regular operations are impossible, the Russians have kept at their guerrilla activity against the Germans and undermining their morale.
