 While there is little of the prevailing epidemic in Canning precautionary measures have been taken and the churches, schools, and all public meetings have been closed until the danger is over.  
 Mr. Gordon Arnold of the C. V. Branch has been ill and was off of duty for several days.  
 Several of the Canning boys who are in the Depot Battalion Band etc at Aldershot have gone with others to Halifax.  
 Mr. S. A. Jacobson went to Halifax this week being called there for examination under the military service act.  
 Mr. W. H. Farnham, Mrs. Farnham and daughter arrived from Yarmouth on Saturday afternoon to spend Sunday and Thanksgiving with her parents, Mr. and Mrs. E. C. Borden, Kingsport.

**New Health for Women**  
 The most fatal years in a woman's life are those between forty-five and fifty. Many of the sex enter this period under depressing conditions through overwork or worry about the home, or through a condition in which the blood is weak or watery and so they suffer heavily. Among the commonest symptoms are head aches, feverish flushes, palpitation of the heart, dizziness, backache, depression and other well recognized disturbances of the health which signalize that the blood requires attention. Women urgently need rich, red blood all their lives, but never more so than in middlelife when the nerves are also weak and overwrought.  
 Now every woman can prove the prompt help afforded to her health by renewing and building up the blood. It is a test that any ailing woman can make by taking Dr. Williams' Pink Pills for these pills make rich, red blood, which in turn stimulates the appetite, strengthens the nerves and restores full robust health. Thousands of women have found in Dr. Williams' Pink Pills new health and strength and with these a new happiness and interest in life.  
 So if you suffer, avail yourself at once of the splendid home treatment which Dr. Williams' Pink Pills so easily afford and you will be among those who rejoice in regained health. These pills are sold by all dealers in medicine, or may be had by mail at 50 cents a box or six boxes for \$2.50 by writing the Dr. Williams' Medicine Co., Brockville, Ont.

**Flour Regulations**  
 When in Canning on Saturday last the Editor of "Advertiser" heard some people violently discussing the work of the Food Board of Canada in its most necessary work of conserving food. The restrictions imposed upon people herein in the amount of purchase of flour and sugar and the necessity for purchasing substitutes with flour, was a wise measure and has been proved to have been beneficial and is saving hundreds of thousands of barrels of flour to feed our own soldiers and our starving Allies Overseas. Why people should complain at such trivial inconveniences is a matter of astonishment to others who hear them talk. If we were hard hearted we would wish such voluble declaimers a month or two in Austria or Germany that they might realize some of the privations which war brings, or in some of the Allied country under the control of the enemy that they might realize some of the atrocities and hardships from which the government of our Empire and our staunch British navy has saved us.  
 We do not infer that Canning is more garrulous and fault finding than many other places. But we do wish that our article may be read by a few middleclass fault finders. No part of the Province has sacrificed so many of her noble young men as that part of our country. All who donned the Kings uniform have proved themselves men of noble blood and heroes and none of the Cornwallis lads as far as we know have disgraced their uniform or country. Some may have been considered shiftless and of little account before enlisting but when placed in the ranks they have played the game heroically, unselfishly and without constant growling as to their hardships, shall it be said that those of us who remain at home will have so share in hardships which war brings and will not inconvenience for the sake of maintaining our noble soldiers and helping to carry on the war.  
 Every person wherever found who grumbles, complains and threatens because our food laws and other war

measures are not to their liking should be pointed at with scorn by others. They have no patriotism, if it is limited by their interests and cannot appreciate heroism and sacrifice in our tried and trusty soldier boys because they will make no efforts in the slightest degree to emulate them, or support them in their work.
