YOU LEARN TO SAVE MONEY

The General Saying and It's True!

- ☞ Goods are getting scarcer and scarcer—prices steadily going up—many lines practically wiped out—importation almost at a standstill.
- ☞ With these unavoidable and increasing difficulties the live buyer realizes that it's wise to supply wants for now and later.
- ☞ Our ample stock of general Dry Goods, Clothing, Boots and Shoes enables us to give low prices and satisfaction.

"A FARMER'S MISTAKE"

A Short Story, but True

He lived within ten miles of Florenceville and he bought his Vitriol, Paris Green, Ammonia and Haying Tools without first getting S. W. Smith's prices—and he had a telephone in his house, too. Later, his neighbor, who did not make the same "mistake," told him what he got these goods for at Mr. Smith's. Then the farmer who forgot to use his phone felt very bad, for he found he had lost money by his mistake, and he promised himself never to make that mistake again whenever he wanted to buy anything in general merchandise.

Tenders for Church

The undersigned will receive, up to July 20, 1916, tenders for the construction of a church at Hartland from plans and according to a form of agreement which may be seen at the residence of Harry Large.

The lowest nor any tender not necessarily accepted.
REV. N. FRANCHETTE, Rector

WAS STREET WORK SUSPENDED?

In its desire to give every one a square deal The Observer overdid the matter in regard to praising George Tedlie, one of the Hazen-Flemming-Clark government's appointees. Still maintaining Mr. Tedlie did good work on the roads, certain details were omitted which may have been the cause of some complications that have arisen. It should have been stated that the work around the north side of C. H. Taylor's block, and the platform in front of it, as well as that in front of Simm's building, were built entirely at the expense of the respective owners. Some busybody, evidently misled by The Observer's laudations of the supervisor, wrote the public works department that public money was being expended for the benefit of private individuals. This fact of course would not in itself either shock or surprise the public works department, but as it was alleged a Liberal was being benefited there immediately was something doing. The department refused to pass the bills, and the work of street improvement ceased just as the sidewalk was about to be continued from the Glass Garage to the bridge.

When the town becomes incorporated petty jobs on the streets will not be controlled from Fredericton. [Since the above was put in type information has come in effect that payment was held up on an apparent discrepancy in the wage scale, and that the matter has been adjusted.]

Shall We Incorporate?

The fair foul with obscene language and the ears of passersby rent with blasphemy and blood-curdling oaths, women, girls and other law abiding people were obliged to take to the street to avoid the mob which blocked the sidewalk from Carr's corner to Simm's store on Saturday night while a smooth-faced youth from a few miles out of town poured forth his invective on a peaceable Hartland citizen. Of course it was nobody's business! To have put an end to the scene someone would have to hunt up a justice and swear out a warrant, then hunt up a constable with enough back-bone to make an arrest—and by that time the church bells would be ringing Sunday morning. A town Marshall would have put a hand on the offender's shoulder and it would be all over till the magistrate had his innings.

Florenceville News

Mrs. Lunn Stephenson of Presque Isle has been spending a few days with friends in the village.

The Red Cross Society held an ice cream social Saturday evening. The proceeds amounted to about \$8.

Mr. and Mrs. W. L. McCain spent Saturday afternoon with friends at Bath.

On Saturday Mr. and Mrs. Charles Boyer returned from Bridgewater Centre where they had been spending a few days with their daughter, Mrs. Fred Kimball.

Miss Annie and Myrtle Jones of Bath were guests of their sister, Mrs. James Peters one day last week.

Mrs. Wellar and children have been guests of Mrs. William Jewett.

J. Howe, recently of Yale College, spent the week-end with Rev. E. C. Jenkins.

DISEASES OF POTATOES

A timely bulletin issued by the Division of Botany, Central Experimental Farm, Ottawa, deals with late blight and rot of potatoes. Paul A. Murphy, assistant Plant Pathologist at Charlottetown, P. E. I., is author of the bulletin, which is entitled Circular No. 10, and can be had free on application to The Publications Branch, Department of Agriculture, Ottawa. Both the Director of the Dominion Experimental Farms and the Dominion Botanist agree that the subject is most important, as the late blight has caused incalculable losses, but that those losses can be reduced to a minimum by thorough and timely spraying with Bordeaux mixture. Mr. Murphy describes the symptoms very fully. Early blight is prevalent in July and the spots which it causes are characteristically dry, brown and marked with a series of concentric rings. Late blight makes its appearance in August and September as a rule, although it is always present before it is generally noticed. The first spots, which are usually on the lower leaves or stems are dark brown to purplish black in colour, sometimes surrounded by a ring of light green and they have a water soaked appearance. In fine weather they dry up and become brown. In moist weather they increase in size and number and may involve the whole plant. An infected tuber is characterized by lurid coloured slightly shrunken areas on the surface that are abnormally hard. Mr. Murphy says that the losses from the diseases are incalculable and that in the United States some time ago they were placed in value at \$36,000,000 a year. In 1915 it is estimated that the loss to Prince Edward Island alone was not less than \$1,000,000 representing 2,000,000 bushels. The damage all over Eastern Canada was about on the same scale. Methods of control by spraying are detailed and the prescription for making the Bordeaux mixture given. The stocking of solution of copper sulphate and milk of lime is advised. Poison for the Colorado beetle can be applied with the Bordeaux as often as necessary. For this, either Paris green or arsenate of lead, or a combination of both may be used, half a pound of the former and a pound and a half of the latter to 40 gallons of spray being sufficient. In very severe cases the quantities of the poison can be increased by half.

Interesting Event Coming

On Monday evening, July 24, at 8 o'clock there will be a silver medal Contest in the United Baptist church under the auspices of the W. C. T. U. The contestants are Misses Clara Hagerman, Evelyn Rogers, Anna Murdoch, Ruth Boyer, Nellie Nixon, Agnes Belyea, Anita McCrea and Alfred Trafton.

Special music, including choruses, duets and solos will be furnished by a choir of young people.

Children Must be Protected

The children must be safeguarded, for, if they do survive the frequent coughs and colds, it is often with the lungs so weakened that they become chronic sufferers from bronchitis or consumption. Being composed of simple ingredients of undoubted value, Dr. Chase's Syrup of Linseed and Turpentine is admirably suited as a treatment for children. It is pleasant to the taste. So much so that children delight to take it on this account, as well as because of the quick relief it affords them.

CARLETON COUNTY MAN DROWNED

McAdam Junction, N. B., July 13.—One fatality marked the July 12th celebration here yesterday when Hugh Allison of Johnville, met his death by drowning. The sad accident occurred in the morning and the body of the unfortunate victim was recovered at noon.

The late Mr. Allison had gone in bathing in the lake, immediately after breakfast with John McGuire, of Houlton. He was overheated when he went into the water and had only been bathing a few moments when he took a cramp and sank. The deceased, who was out some distance in the water, shouted, but he drowned before his companion could come to the rescue.

The late Mr. Allison was 32 years of age and is survived by a wife and two children at Houlton, Me. He told some friends in the morning that he intended to enlist for overseas service and was going to have a swim before he went to a doctor to undergo the medical examination. His brother came here last evening and accompanied the remains to Johnville. Dr. Dougan having viewed the body and determined an inquest was unnecessary.

Lower Brighton Briefs

Willie Spinney of Armand is helping W. Birmingham hay.

Miss Carey Noble and Birdie Crawford of Carlisle visited Mrs. Alva Dow last week.

Mrs. Wallace Noble and daughter Nina spent the 4th with friends in Houlton.

A number of young people from this place droye to Maurice Jordan's, Upper Brighton, on Tuesday night last and spent a very pleasant evening in games, etc.

Mrs. John Nicholson and daughter Bertha of Boston are visiting Mrs. Frank Nixon.

R. A. Nixon of Ludlow, Maine, visited friends here recently.

Mr. and Mrs. Stephen Nixon spent the week-end with friends in Windsor.

Many from this place attended July 12 in Woodstock.

Miss Emily Lyon of Glassville was visiting, Mrs. F. K. Brown, this week.

Guy Downey has gone to Smith's Falls to work.

Mrs. Alva Dow and Mrs. Thomas are visiting relatives in Windsor.

Fred and Dora Robinson attended the Parish Sunday School Convention at Mainstream on Thursday.

Mrs. Susie Nixon is visiting friends in Ludlow, Maine.

Mrs. Charlie Taylor and family are visiting at George Tedlie's.

Mrs. George Nixon gave a birthday party in honour of her daughter, Aurilla, on Wednesday, July 5.

(Intended for last week)

Mr. and Mrs. Earl Brown and family have been visiting friends and relatives in Maine.

Mrs. William Tedlie is attending the Camp meetings at Beulah.

The stork visited this place again and left a boy at the home of Fred Jennings on June 26. This makes the 5th visit he has paid to Lower Brighton in the last six months. Beat that.

Miss Mildred Dow is reported very ill.

Mr. and Mrs. Richard Nixon and Mr. and Mrs. R. E. Robinson attended the Primitive Baptist meeting at Wilmot on Sunday.
