

North Shore Has Record Fishing

Million Dollars Coming to Northern and Coastal Counties of New Brunswick about \$600,000 being for the North-umberland County Fishermen-Smelt Shipper Tells of Successful Season's Results.

[Chatham World.] This year's fishing has been the best ever! Northumberland gets the lion's share of the million dollars coming to New Brunswick coastal counties from this important industry. The smelt fishing industry for 1921-22, in the northern and eastern coastal counties of New Brunswick, will be the most successful in the whole history of that important trade.

The season does not close until the 15th inst., and so far the counties of Northumberland, Restigouche, Gloucester, Kent and Westmorland have realized more than a million dollars from their smelt fishing—about six hundred thousand dollars of that vast sum coming to Northumberland county fishermen.

These statements are made on the authority of a prominent smelt shipper who, among other things, said: "The volume of shipments of smelt for this season has been the greatest in the history of the industry, and on the whole has been highly remunerative to the fishermen. The great bulk

of our smelts has gone to the United States; but we have had fair trade with Quebec and Ontario, as well as finding quite a good market in the Maritime Provinces. Prices in the American market were fair—very good one might say—early in the season, but our very large shipments to that market caused a reduction in price. Our fishermen realized on an average about seven cents a pound, and I am glad to believe that a great many of them made good money as a result of their hard work.

"The great success of the smelt industry has added very materially to the export trade of the province, fully one million of dollars having come to the northern counties from this item so far this season; and I think you would be safe in saying that about sixty per cent. of that amount has come to the fishermen of Northumberland county.

"Besides the amount paid directly to the fishermen, quite a large sum is spent in hauling, collecting and packing the fish.

"The phenomenal success this year of this important industry has been a God-send to these northern counties, particularly Northumberland, as they have been all affected by the stagnation of the lumber business. "Among the chief shippers of smelts from these counties are A. & R. Loggie Co., O'Leary & Montgomery, W. S. Loggie Co., who have deposits in various parts; J. W. & J. Anderson, Burnt Church; Harrison Smith, Bernard and Thomas R. Williston, Bay du Vin; William Gay and Benjamin Allen, of Negouac; T. W. Crocker, Newcastle; William Innes, William Burchill and John Delaney, Lower Newcastle; J. D. Irving, Bouchette; E. Patrel, Shediac—besides some others whose names may have escaped me at the moment."

BEAVER DAM, N. B.

Beaver Dam, N. B., Feb. 1.—The weather for the past few days has been quite springlike and our roads are in good condition. Choir practice was held at the home of John O'Leary last week. The many friends of Miss Anna Allen and Miss Marjorie Ryder will regret to learn they are on the sick list.

Miss Dorothy M. Plaster was the guest of the Misses Mable Horne and Ethel O'Leary on Sunday last. Service was held at the Church of St. John the Evangelist on Sunday morning last.

Ralph Fletcher, who had the misfortune to fall and injure his back some time ago, is now recovering. Frank Fletcher spent the weekend at his home in Russellsburg.

The young people of this place are practicing for a concert which they expect to put on in the early spring.
