TO PROMOTE SOBRIETY. At a meeting of the Central Temperance Executive a number of important matters were considered. The subscrip- tions are coming in fairly well, and the executive hopes to be able to finance a full series of meetings in Bennett's Theatre, commencing Sunday, November 3. The initial meeting promises to be very attractive and helpful. Rev. P. W. Philpott will speak and the Carey Brothers will illustrate the address with their excellent cinematograph. An ex- cellent choir and orchestra, under the management of Messrs. H. A. Martin and George W. Carey, will furnish the music. It is expected that Mayor Steuart will take the chair.

TO OPPOSE BOURASSA. Ottawa, Oct. 8.—Y. Lamontagne, bar- rister of Buckingham, will be a candi- date for parliament in Labelle against Bourassa, M. P.

POLICEMAN KILLS A BOY. Arrested Him for Not Moving On and Shot Him When He Ran.

New York, Oct. 8.—Isaac Jaffe, 23 years old, the owner of a cigar manufac- turer at 177 Pearl street, Manhattan, and living with his parents at 1,001 Gates avenue Brooklyn, was shot and instantly killed last night in Saratoga Park, Williamsburg, by Policeman Al- fred Shuttlesworth, of the Ralph avenue station.

Jaffe was with a crowd of young men in the little park when Policeman Shut- tlesworth ordered them to move on. The policeman finally arrested Jaffe and started with him for the gate of the park.

The friends of the dead man say that the policeman beat Jaffe brutally with his club and that the young man pleaded with him to be merciful. At the gate, these companions say, Jaffe ran, fearing he would be clubbed to death. Policeman Shuttlesworth, they declare, shot delib- erately at Jaffe when the boy was only a few feet from him.

BOOTH IN CHICAGO. Stocks and Bonds. Some Filly Sayings of the Salvation Army Leader.

Chicago, Oct. 8.—Chicago had three opportunities to hear General William Booth on Sunday. The octogenarian founder and leader of the Salvation Army spoke in the morning and the afternoon at the Colonial Theatre and in the evening at the Auditorium. The evening meeting was made mem- orable by the announcement by Gen. Booth that it was the last he would address in many years. All three meetings were crowded. It is estimated that nearly 10,000 persons were in the audiences. Synopses of his sermons: It is not with the aristocracy, but with the common people, that I live and breathe and have my being. I associate with the upper classes for their own benefit. I would rather be noticed with a brick- bat than not be noticed at all. There were reckoned seven wonders of the world when I was a boy. The Salvation Army is the eighth. If I were asked for the ninth, I should name Chicago. There is great talk about Chicago's being a wicked city. What a mighty chance for a man of God to live in it. A totally irreligious city or nation is an imported piece of hell on this planet. The Salvation Army is not a passing breeze of excitement or enthusiasm, but a permanent and mighty influence for good. With me to see a tear is to want to wipe it away, to know a sorrow is to wish to relieve it, to find a wound is to desire to heal it. Religion is not merely a possibility, a desirability, a privilege. It is a necessity.

CIRCUS LION FREE. People of English Village Flee in Panic.

London, Oct. 8.—A lion belonging to a travelling menagerie escaped from its cage to-day and caused great alarm and excitement among the people who flocked into Mitchell-cum-on market day by suddenly rushing into their midst. The buyers and sellers were scattered in all directions, and never ceased their helter-skelter flight until places of comparative safety were reached. For some minutes the king of beasts prowled around in icy isolation, and all business was at a standstill. The af- frighted townsfolk gazed from their win- dows upon the intruder in fear and trem- bling as to what would happen next, al- though the animal's demeanor was not so aggressive as might have been ex- pected. He was not allowed to wander at will for any length of time, however, for three stout-hearted young men, armed with guns and a pike, started off in pur- suit, and an exciting chase ensued. Badly wounded, the animal eventually beat a retreat to the railway station, where a railway guard, armed with a revolver, put an end to its career.

THERE WOULD BE NO COM- PLAINT. "It was the funniest thing I laughed till I thought I should die." "Well, why did you change your mind?"

COTTONSEED. Old Rubbish Heaps Turn to Gold Mines.

From what a half-century ago were worse than rubbish heaps more than a million dollars a week now come. The waste of this "find" reads like a romance. Before the war the disposal of cotton- seed gave the ginners great concern. It was usually hauled away somewhere to rot, or dumped into a neighboring stream, where it soon became a nuisance. To old laws of Mississippi and other States provided severe penalties for gin- ners who did not dispose of it in such a way that it would not be a menace to public health. To-day the uses of cottonseed are so numerous that the Census Office has published a diagram showing the courses which the four parts of each little seed may take. These are classified as "waste," "linseed," "hulls" and "meats." The waste is still waste, even though that characterization of anything now leads a fugitive existence. The liners are used in cotton batting. The hulls may go in three directions: into fuel, the ashes of which are used as a fertilizer, although this is now re- garded as too wasteful; into fibre, of which paper is made; or, combined with cottonseed meal, into an excellent food for cattle. But the kernels serve the most varied uses. Besides making cake and meal for cattle, they are readily convertible into a crude oil, from which, according to mixtures and processes, it may emerge as oil for miners' lamps, "compound lard" and cottonseed, "butter and salad oils," "winter yellow oil," and soap. The invasion of other industries by these cot- tonseed products would of itself make a long story. The olive orchards of southern France have suffered much.

SLAIN WITH AXE. Found Dead and Negro Arrested With Stained Clothes.

New York, Oct. 8.—James Cann, 65 years old, a watchman employed at the factory of the South Jersey Basket Man- ufacturing Company, in Bridgeton, N. J., was found murdered in the office of the factory yesterday. He had been beaten to death with an axe, which lay close to the body. It is believed the murder was committed in an effort to rob Cann, who was paid his weekly wage of \$9 when he went to work Saturday night. Gilbert Maddox, negro, employed in the factory, was arrested on suspicion. His clothing, hands and back were stained.

This resulted, he asserted, from his having a tooth drawn. He had a key to the factory. Cann belonged to a good family. He left a widow and two daughters.

MARKETS AND FINANCE

Tuesday, October 8.—The market this morning was quiet and very small, even for a Tuesday. Fruit was about the only thing of which there was much in and which sold at all. Peaches were still at the low mark and grapes were mostly selling at 15c a basket. Potatoes were not scarce at all, but there was no sale for them till very late in the morn- ing.

Table with columns for various commodities and their prices. Includes items like Apples, Onions, Potatoes, Beef, Pork, etc.

Winnipeg Wheat Market. Following are the closing quotations on Winnipeg grain futures to-day: Wheat—Oct. \$1.11 1/2 bid, Dec. \$1.08 1/2 bid, May \$1.13 1/2 bid. Oats—Oct. 57 1/2c bid, Dec. 54c bid, May 57c bid.

British Cattle Markets. London, Oct. 7.—London cables are firm, at 10 to 12 1/2c per lb. dressed weight; refrigerator beef is quoted at 9-3-4 to 10c per lb. Glasgow, Oct. 7.—Edward Watson and Ritchie report 842 cattle on offer, with top quality 12 to 12 1/2c; secondary, 11 1/2c; middling and inferior, 10 to 11c; bulls, top quality, 10 to 10 1/2c; inferior, 9 to 9 1/2c per cwt.

Montreal Live Stock. Montreal, Oct. 7.—At the Montreal Stock Yards West End Market there was a good demand from packers, who bought about 300 head, for which they paid \$1.25 to \$1.50 for canners, \$1.50 to \$1.75 for hogs, and \$2.25 to \$2.75 for common stock per 100 lbs. Cable ad- vices from Liverpool on Saturday were firmer in tone. Choice beefs sold at 4-3-4 to 5c; good at 4 to 4 1/2c; fair at 3-1-4 to 3-3-4c, and common at 2-1-2 to 3c per lb. The offerings of sheep and lambs were fairly large.

A fairly active trade was done, with sales of sheep at 4 to 4 1/4c, and lambs at 5 1/4 to 5 1/2c per lb. There continues to be a good demand for calves, which are fairly plentiful for the season, and sales were made at \$3 to \$12 each, with some extra good ones selling as high as \$15. There was no change in the con- ditioning to private cable advices on Can- adian bacon, which are claimed to be anything but encouraging by packers. The prospects are that prices for hogs must reach a lower level in the near fu- ture. However, the market was about steady this morning under a fair de- mand, and sales of selected lots were made at \$5.25 to \$6.50 per 100 lbs, weighed off cars.

Liverpool, Oct. 8.—Wheat, spot nomi- nal; futures steady; December 8s 11-1/2; March 8s 5-3/4; May 8s 4-7-8d. Corn—Spot steady; prime mixed Amer- ican 5s 9-1-2d; futures firm; October 5s 9-3-8d; January, 5s 6-1-8d.

Chicago, Oct. 8.—Cattle—Receipts about 10,500; market steady to a shade lower; beefs, \$4 to \$7.25; cows, \$1.25 to \$5.40; Texans, \$3.70 to \$4.80; calves, \$6 to \$8; western, \$4 to 6.15; stockers and feeders, 2.60 to \$5.

Hogs—Receipts about 15,000; market strong; light, \$6.20 to \$6.90; mixed, \$6 to \$6.90; heavy, \$5.80 to \$6.75; roughs, \$5.80 to \$6.10; pigs, \$5.25 to 6.00; bulk of sales, \$6.10 to \$6.40.

Sheep—Receipts about 25,000; market steady; natives, \$3 to \$5.70; western, \$3.25 to \$5.65; yearlings, \$5.50 to \$6.30; lambs, \$4.75 to \$7.50.

COBALT NOTES. A. E. Osler of A. E. Osler & Co. told The World last evening that the dis-covery at the Silver Leaf Mine was an important one. He claims that a vein 8 inches wide has been found near the lake, which runs almost pure silver, and equal to the famous Lawson vein. The discovery was made on Saturday morning, and since that time it has been stripped 8 or 10 feet and has every appearance of turning out wonderfully well.

H. M. Grills, writing from Chapleau, Ontario, says to The World concerning this mining district: "I have been here all summer and staked out several veins, all carrying silver and assaying at the surface about 150 ounces to the ton. I have one vein of diabase aver- aging 50 feet wide, which can be traced for a mile and one-half. Between the vein and main wall is a streak of cal- cite carrying free silver, and is generally mineralized."

"On a third property I have a tangled mass of veins forming cobalt, with a good showing of corundum. Every day brings a new prospector here, and prop- erties are being taken up rapidly."

Cobalt ore shipment for the last week are gratifying, over 500,000 pounds, or 250 tons, being sent to the smelters. This is divided up as follows:

Table showing Cobalt ore shipment details: McKimley-Darragh 172,290 Pounds, Buffalo 80,000, Tretwey 118,900, Coniagas 65,000, Silver Queen 65,000.

These shipments are expected to stop the retrograde movement in many of the Cobalt stocks, as the above display of figures proves that the fundamentals of Cobalt are believed to be all right. Last week's shipments are the largest for some months, and nearly 100 tons greater than the entire output of 1904.

Kiondike Output. The gold output from the Kiondike for the present year is put at \$3,000,000, which is the smallest pro- duction since 1898. This marked fall- off is due to the fact that this summer has been one of the driest in the history of the Canadian Yukon, and it has prevented hydraulic and other placer operations.

Premier Gouin says there is no truth in recent rumors affecting his Cabinet. He will fill the vacancy caused by Mr. Prevost's resignation in good time.

Toronto Farmers' Market. The receipts of grain to-day were small. Two loads of fall wheat sold at \$1.01 per bushel, 100 bushels of barley at 72c, and 200 bushels of oats at 55c per bushel.

Hay quiet and firm, with sales of 10 loads at \$21 to \$22 a ton. Straw is nomi- nal at \$15 a ton.

Dressed hogs are unchanged at \$8.50 to \$8.75 for light, and at \$8.25 for heavy. Wheat, new, bush, \$1.01 00/0. Do. red, bush, 1.01 00/0. Do. goose, bush, .92 00/0. Do. spring, bus, .95 00/0. From Candle Light to Lamp Light. The old parish church of Blanford St. Mary has this week, for the first time in its history, been illuminated with lamps. During the last two or three centur- ies it has been dimly illuminated with candle light, and consequently no even- ing services have been possible during the winter months.

So it seems that the Japanese have been "hectoring" President Roosevelt. Don't let him be hectored, eh—Balti- more Sun.
