

Correspondence.

To the Editor of the Herald.

Sir,—Although a staunch Conservative myself, I cannot help regretting that the pleasant, smiling, late meeting of the Conservative electors of Charlotte...

AN HONEST CONSERVATIVE.

The Herald.

Wednesday, February 13, 1867.

NOTICE.—All persons indebted to the Herald Office whose accounts have been open up to January 1, 1867, are hereby notified that the same must be paid before the 15th of February next.

EDWARD REILLY. Herald Office, Charlotte, Jan. 23, 1867.

THE CAMPAIGN.

Goes bravely on. From all sections of the country we hear that the stream of popular dissatisfaction against the Government is increasing in power and speed. The Hon. Col. Gray, J. C. Pope, W. H. Pope, D. Davies, and other prominent Conservatives, despairing of success, have given up the contest as hopeless...

A LIE NAILED.

This subjoined correspondence will explain itself. It fully settles the mean and false insinuation that we are the "nominee" of a "Tory faction" in Charlotte. The story is so absurd, that none but a knave or a fool would think of circulating it.

to reign in his favor, what an uproar would have been raised! Mr. Clark might then have some excuse for appealing to the bigotry of his Presbyterian neighbors, as he did at James McDonald's. A Catholic constituency never takes a candidate's religious principles into account—a fact which can be proved by referring to the First District of King's County, which at one time had the Hon. Joseph Menzies and John Knight, Esq., for its representatives.

PUBLIC MEETINGS IN THE SECOND DISTRICT OF KING'S COUNTY.

Last week a series of political meetings took place in the above District. The first was held on Wednesday, at Sutherland's, Head of St. Peter's Bay, and was largely attended by the electors of the immediate neighborhood, as also of Bay Fortune, Bay Fortune Road, the North Side, Morell, etc. H. H. Melrose, Esq., was called to the chair about 12 o'clock.

MISREPRESENTATION.

The Editor of the Examiner seems bent on misrepresentation and oppression. It would manifest more generosity on his part to take a young man by the hand, instead of attempting to crush him upon a mere principle of professional jealousy. We would tell him, in all candor and with due caution, that he is injuring himself and the Liberal cause by his unwise attempt to force an unpopular candidate like Mr. Clark upon the Second District of King's County.

by his opposition to Confederation and to the present Government. These facts, he thought, even in ordinary circumstances, gave him a claim upon any constituency which Mr. Clark could not urge; but when the past political history of that gentleman was taken into consideration, it would be found, that having once ruined the Liberal Party, and bartered his independence for a salary of £300 per annum, no confidence could be placed in him hereafter, when, perhaps, a Confederate Government, in order to bring this Colony within its grasp, might find no other means to accomplish that object than by corrupting venal politicians.

We have received, but not in time to publish in this issue, an Address from Mr. Jas. J. O'Reilly, to the Electors of the Second Electoral District of King's County, in reference to a choice of candidate now before that constituency.

MISREPRESENTATION.

The Editor of the Examiner seems bent on misrepresentation and oppression. It would manifest more generosity on his part to take a young man by the hand, instead of attempting to crush him upon a mere principle of professional jealousy.

MISREPRESENTATION.

Mr. Clark attempts to deny that his vote and opinion of 1857 had any influence in defeating the Liberals in 1858-59. Now, the public, as well as Mr. Whelan and Mr. Mooney, know well that the religious cry had no such headway previous to that election.

MISREPRESENTATION.

The February number of the Progress Magazine has come to hand. It is fully up to its predecessor in point of variety and interest. We have for sale. A meeting of citizens was held in the Temperance Hall on Friday night last, to discuss public matters. The propriety of the Legislature passing a Loan Bill, to prevent the drain of money from the Colony for public lands and also the question of a bounty to encourage the fisheries, were the principal topics that came up for consideration.
