Economies in the Construction of Streets

Street planning bears a vital relationship to a city's tax rate. Several European cities have demonstrated the truth of this axiom. In Canada, however, comparatively little attention is given to it. As a result there are many streets in our cities and towns which have roadways either too wide, or of too expensive a construction for the traffic they have to carry. For such errors the ratepayer must foot the bill in increased rents and taxes.

Nature of Traffic Important
It is first of all, important for a city to study the character of the traffic that its several streets will have to bear. Thus, there are many streets which it is obvious will never be required for heavy or general traffic and where the bulk of the traffic will consist of nothing more than delivery wagons. In such cases it is quite unnecessarily expensive to construct wide paved roadways. The roadway in such cases should be, say, twenty feet wide with grassy boulevards, planted with shrubs and trees.

Building for Future Growth
In cases where the thoroughfare seems likely to become in time a leading street, the roadway should be constructed so that an extension of its width can be accomplished without any great increase in the cost.

The illustrations above indicate the advantage of wide boulevards and comparatively narrow roadways, where the street traffic is light. These typical English suburban

WOMAN'S BEST

Mrs. Kelly Advises all Women to Take "Fruit-a-Tives"

HAGERSVILLE, ONT., Aug. 26th, 1913.
"I can highly recommend 'Fruit-a-tives' because they did me an awful lot of good and I cannot speak too highly about them. About four years ago, I commenced taking 'Fruit-a-tives' for a general break-down and they did me a world of good. We bought a good many dollar's worth, but it was money well spent because they did all that you claim for them. Their action is so pleasant, compared with other laxatives, that I found only pleasure, as well as health, in taking them. They seemed to me to be particularly suited to women, on account of their mild and gentle action, and I trust that some other women may start taking 'Fruit-a-tives' after reading my letter, and if they do, I am satisfied the results will be the same as in my own case."

Mrs. W. N. KELLY
"Fruit-a-tives" are sold by all dealers at 50c. a box, 6 for \$2.50, trial size, 25c, or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

Johannesburg, May 13—There have been a series of violent anti-German demonstrations in Johannesburg which culminated yesterday in the wrecking of German and Austria establishments. The police intervened to quell the disturbance, but they were virtually powerless. Altogether over fifty buildings have been wholly or partly wrecked and their contents either burned or reduced to matchwood. The establishments cleaned out include ten large warehouses, ten saloons, hotels and over twenty shops.

10 CENT "CASCARETS"

IF BILIOUS OR COSTIVE
For Sick Headache, Sour Stomach, Sluggish Liver and Bowels—They work while you sleep.

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret to-night will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months.

streets are not only beautiful but are economical both in the matter of construction and of maintenance.

Timely Topics
ON
PRINTING

FINE PRINTING IS AN ART

Do you know good printing?
Do you like good printing?
Do you know that it always pays to have the BETTER kind?

Perhaps you have been used to the one class of printing and know no other.

If this is so, it is time for you to have a look around and investigate and see what's what.

Do you know you do not have to go any farther away than Newcastle to obtain the BETTER class of printing.

Perhaps you have not given it a thought, but a great deal depends on the stock used in order to get a BETTER job. Investigate this.

Last, but not the least, do you know that The Advocate Job Department turns out only this BETTER class of work. If you will read on a little further, we will tell you how and why.

1st—We cater to that class of people who use only the best stock, and who know what BETTER printing is.

2nd—In order to give these customers the class of work they want, we have to keep in stock only the best grades of material. We do not handle cheap lines.

3rd—In order, again, to be able to turn out that BETTER class of printing, we employ only experienced and competent printers, who keep abreast of the times and watch the styles.

4th—What is as important as the above is equipment. If The Advocate Job Department was not fitted out as it is, with the most modern machinery and the very latest in type faces, it could not handle the fast growing trade, that has developed in the past year, of turning out that BETTER class of printing. Only the best inks are used, because this is necessary when high grade stock is used.

Now, Mr. Business Man, if you will read the above over carefully, see how your supply stands, then get in touch with this office, we feel sure you will become a customer. Give up that old-fangled notion that first class printing comes only from the large city printing offices. As a matter of fact, the reverse is the case, and prices are invariably lower.

REMEMBER THAT WE DO
ALL KINDS OF PRINTING

For commercial use, we have superior grades of Letter, Note and Bill Head Stock, at prices and quality to suit any business and any purse. Our prices range from \$2.50 to \$4.00 per thousand for Letter Heads, and from \$2.50 to \$3.25 per thousand for Envelopes. Our Envelopes are the same material as our papers, and therefore match. We are always pleased to submit samples of stock, and prices, on application.

More Business
IS WHAT WE WANT

You want the work—we want to do it for you. We have just the grade of paper you want, so why not let us get together in a co-operative way and make a strong pull for increased business—more business than usual.
