Moncton Horseman Succumbed To Sudden Attack

Moncton, June 9.—Blair Belliveau a prominent and well known citizen of Moncton, died last evening at the Moncton Speedway about 11.30 of heart failure and the news of his passing will be heard with general regret.

Mr. Belliveau was engaged at track training horses of his brother ex-Ald. P. A. Belliveau and last evening about 10.30 was taken very ill. Dr. A. R. Landry was called and did all possible to aid the stricken man but at 11.30 he passed away in spite of all that could be done for him.

APPRECIATE TREATMENT BY AMHERST PEOPLE

Montreal, June 2.—Le Evenement of Quebec, under the heading "Thank You, Amherst" says that "all of the officers and men of the 22nd Regiment are never tired of thanking the citizens and ladies of Amherst (N. S.), where our soldiers passed such a very agreeable sojourn in the spring of 1915 before setting out on their grand adventure overseas. Amherst, in fact, treated our boys as spoiled children. The population of that beautiful town was not only satisfied in creating royally the soldiers during the few weeks passed in their midst, but they also treated them finely when they left, besides following them with a kind attention while absent and received them with affection on their return. In fact, Amherst could not have treated the 22nd better had they been composed of their own children. We have it from General Tremblay that hundreds of parcels were sent from Amherst to the boys after their arrival in France. These good people were not satisfied in giving them presents, but they likewise sent them useful wearing apparel."

When to Cut Grass and Clover for Hay

It is regrettable that it is a too general practice among farmers in Canada to leave the hay crops to be cut much too long. There are, as a matter of fact, a large number of farmers who delay the cutting of the hay crop far beyond the time when it would pay them most to cut. In many cases the reason for the delay is that it is a general belief that a somewhat increased tonnage may be secured if cutting is postponed, and in other cases the late cutting is practiced because it is even believed that a better quality of hay may be obtained than if the cutting were done earlier.

In the case of Eastern Canada, where mixed clover and timothy, or timothy alone, are the fundamental hay plants, a few suggestions based on experience may be found not to be out of order. Timothy and red clover are the standard hay plants which universally are grown together. The clover is contributing the bulk of the hay crop the year after seeding, and the timothy is furnishing the bulk of the hay the following year or years. Supposing that a farmer has a field of mixed clover and timothy, what would be the best time before the timothy has reached its best stage. Shall the farmer cut the hay when the red clover is in its prime, or shall he wait until the timothy is at its best? The answer is: cut when the clover is at its best, notwithstanding that the timothy mixed with it may not be as well developed as might be desired, for the reason that the clover is the more valuable part of the mixture. By cutting early, the clover is given a chance to recuperate and to produce a remunerative second crop, which it might fail to do if the cutting for hay is delayed too long for the sake of the timothy.

In case timothy forms the principal part of the hay crop, which it generally does two years or more after seeding to hay, it is important to handle it for hay in proper manner. Timothy, like most other grasses, has a period of its own when it has the greatest feeding value and when the hay made from it is apt to furnish the maximum feeding value per acre. This period is the time of blossoming. At that time, timothy is richest in flesh and milk producing constituents and, if cut for hay when in bloom, the best quality hay may consequently be realized. It is a mistake to believe that better crops may be secured if cutting is somewhat delayed. Some slight increase in the yield may be obtained but what is gained in quantity and feeding value pound for pound.

Under the circumstances, early cutting of timothy for hay must of necessity be recommended as the most economical method of securing a hay of the highest possible value.

Used in Millions of Tea-Pots Daily

Fire Loss Is Half Million

Campbellton, N. B. June 7.—(Special)—Fire starting at 10 o'clock last night in lumber piles at the Chaleur Bay mills, just across the Restigouche River from Campbellton, destroyed nearly a half-million dollars' worth of lumber, the property of the British government.

The mill and building in the vicinity of the fire were saved through hard work.

The Campbellton fire brigade crossed in the ferry and rendered valuable assistance. The blaze lit up the country for miles.

Recommends Action Against Halifax Bakers

Ottawa, June 6.—Action against the master bakers and retail merchants of Halifax with regard to the high cost of bread, has been recommended by Dr. R. J. McFall, the cost of living commissioner, but has not yet been acted upon by the justice department, according to evidence given the cost of living committee of the Commons this morning.

Keep Children Healthy

To keep children healthy the bowels must be kept regular and the stomach sweet. Nine-tenths of the ailments which afflict little ones are caused by derangements of the bowels and stomach. No other medicine can equal Baby's Own Tablets in guarding either the baby or growing child from the ills that follow a disordered condition of the bowels or stomach. They are a mild but thorough laxative and never fail to give results. Concerning them Mrs. W. B. Coolidge, Sarnia, Ont., says: "I have used Baby's Own Tablets for over three years and have found them the best medicine I have ever used for my children. I never have any trouble giving them to my little ones and they have saved me many a doctor's bill. My advice to all mothers of little ones is to keep a box of the Tablets in the house." The Tablets are sold by all medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

DISASTROUS FIRE NEAR CAMPBELLTON AT TIDE HEAD.

A most disastrous fire occurred at Head of Tide near Campbellton on Saturday morning May 31st in which Mr. Albert Mann lost his house and barn with practically all their contents. The fire originated through some wood which had been placed under the stove the previous evening catching fire. No one was in the house at the time. Mrs. Mann having gone to the barn to milk and Mr. Mann having gone to the woods to hew some lumber. Neighbors were the first to notice the fire and immediately gathered about to render assistance, but without proper fire fighting apparatus could do nothing but save a few household articles. Before the fire had reached the barn all the cattle had been released. Both buildings were burned to the ground, Mr. Mann losing practically everything. In the barn were stored five tons of hay and 100 bushels of oats, thrashing mill and other machinery was saved. Mr. Mann's loss will be in the vicinity of \$4,000. There was no insurance.

How to Purify the Blood

Fifteen to thirty drops of Extract of Roots, commonly called Mother Seigel's Curative Syrup, may be taken in water with meals and at bedtime, for the cure of indigestion, constipation and bad blood. Persistence in this treatment will effect a cure in nearly every case. Get the genuine at druggists.

NURSING

Nurses earn \$15 to \$25 a week. Learn without leaving home. Send for free booklet, Royal College of Science, Dept. 126, Toronto, Canada.

STEAMER MAX AITKEN

Until further notice the Time Table of the above steamer will be as follows (Standard time):—

Leave Redbank for Newcastle every morning (Sunday excepted) at 8 a. m.
Leave Newcastle for Chatham, 10 a. m.
Leave Chatham for Newcastle, 10.45 a. m.
Leave Newcastle for Chatham, 12.45 p. m.
Leave Chatham for Newcastle, 1.30 p. m.
Leave Newcastle for Chatham, 2.15 p. m.
Leave Chatham for Newcastle, 3.00 p. m.
Leave Newcastle for Redbank, 4 p. m.
Calling at all intermediate points between Redbank and Chatham, including Nordin, Bushville and Douglastown.
Information regarding Freight and Passenger rates will be furnished by the Captain.

HON. T. A. CRERAR LEAVES CABINET

(Canadian Press)

Ottawa, June 17.—The resignation of Hon. T. A. Crerar as Minister of Agriculture has been accepted. In the House this afternoon, Sir Robert Borden read the correspondence which passed between him and Mr. Crerar in regard to the latter's resignation. Mr. Crerar takes definite issue with the government on the budget, and on that issue tendered his resignation. It is expected that during the course of the budget debate Mr. Crerar will further outline his position.
