

EDMONTON NEWS

BIG SQUASH GROWN HERE

Some fine large squashes from the garden of F. Cullimore, 276 Hamilton avenue, were brought to the board of trade offices Wednesday morning.

SOARS—MACFARLANE

The marriage took place on August 29th, at St. George's Church, Banff, by the Rev. Canon Hogbin, of Margaret Elliot Macfarlane, daughter of the late Dr. John Macfarlane, of Port Robinson, Ontario, to Norman F. R. Soars, late of Weston-Super-Mare, England, and a member of the firm of Neah & Soars, accountants, of this city.

WEATHER STATISTICS

The weather statistics for the Edmonton district for the month of August are as follows: Hours of bright sunshine, 223.1. Highest maximum, 83 on 9th and 18th. Lowest minimum, 39 on 17th, and 23rd. Mean temperature, 56.7. Precipitation, 2.87 inches.

BIGGEST MONTH FOR RAILWAY

The returns for the month of August compiled Thursday at the railway department show that August was by far the biggest month that the street railway has yet had. There were 63,639 passengers as compared with 52,307 during the month of July. The receipts for August totaled 1,084,846, an increase of several thousand dollars over the previous month.

PIERCE—MILLER

The marriage took place Thursday morning at 11, at the home of T. H. Miller, 16 Rowland street, of his daughter, Miss Laura Irene, to Almond H. Pierce, real estate broker of this city. The ceremony was a quiet one and was performed by Rev. J. E. Huchison, in the presence of a few friends. The happy couple left on the afternoon on a honeymoon trip to Toronto, Montreal and other eastern cities.

LOOKING FOR HER HUSBAND

A letter was received at the immigration hall Wednesday from Heinrich Germany. It was written in some foreign language which the officials thought was German. But when a German was asked to translate it he declared that the letter was written in some dialect, utterly incomprehensible to him. After some time, however, it was found that the letter was from a German lady who was seeking information regarding the whereabouts of her husband, Frederick Lamprecht, who came to Edmonton over a year ago, but since that time no word had been received from him.

A DOUBLE WEDDING

A very pretty double wedding took place on Wednesday at 6:30 in All Saints' Church, with Archdeacon Gray officiating. Chester S. Kemp, formerly in the employ of Archibald Gray, drug store, and now residing at Edson, was married to Miss Florence Urquhart, and Walter S. Campbell was married to Miss Ethel Urquhart. Both couples were unattended. The wedding march was played by Miss Pansy Kemp. After the ceremony there was a wedding breakfast at the home of the sisters, and then the happy couples left for Banff. Mr. and Mrs. Kemp will reside at Edson and Mr. and Mrs. Campbell in Edmonton.

MANY AT IMMIGRATION HALLS

The number of immigrants received at the immigration halls during the month of August this year shows a marked increase over August of 1909. Last month 172 people registered at the office, as compared with 114 who registered in August, 1909, which is an increase of 57. The statistics for the month in detail, showing the nationalities and occupations of the different immigrants, are as follows: Nationalities—English 51, Irish 6, Scotch 17, Germans 19, Scandinavians 25, French 6, Americans 25, Canadians 11. Occupations—Farmers 58, farm laborers 4, general laborers 15, clerks 19, female servants 2, not classified 75.

DROWNED IN ATHABASCA

A telegram received on Wednesday from Athabasca Landing conveyed the news that Henry W. Selby, Dominion land surveyor, was drowned in the Athabasca river, at "Boiler Rapids," about nine days ago. Mr. Selby, who was walking along the shore of the river, fell in suddenly, and it is supposed that he had a seizure of heart failure. No further particulars have been received of the accident, and as to whether his body was found or not. The deceased was married and came from Toronto, where his wife now lives. He had worked for a number of years on the surveys in the Peace river and Lesser Slave Lake districts, and was one of the best-known surveyors to visit the Edmonton district. He first came here in 1881.

Mr. Selby was engaged this year in surveying the river lots at Port Mc Murray. He went north last May with five or six men and was on the way back to Edmonton after completing his season's work when the drowning took place. The place where the accident took place is about 200 miles from the Landing and is pronounced to be the most dangerous portion of the river.

Your complexion as well as your temper is rendered miserable by a disordered liver. By taking Chamberlain's Stomach and Liver Tablets you can improve both. Sold by all dealers.

THE NORTHERN ALBERTAN

Thursday saw the birth of another weekly paper in Alberta, which is to be called the Northern Albertan and published at Wetaskiwin. Arthur O. Newman, one of the members of the company who is behind the venture, states that their paper is to be very largely circulated in the Eastern States, where a large list of names of those who are considering moving to other parts have been obtained. Free copies will be sent to them for a time and it is anticipated that the result of this publicity will be that the territory represented by the paper will receive a large number of new settlers. Though the paper will be published in Wetaskiwin, it will have correspondents in a large number of towns north, south and west, and will cover a large territory. The plant of the Wetaskiwin Post, has been purchased and added to.

ARE AWAITING SURVEY

The city commissioners have received a communication from Ottawa with reference to the securing of the water power rights at Big Island on the Athabasca. The telegram says that application of the city for power rights will be considered when the information upon the proposed plant is received. This cannot be secured until the city sends an engineer to the Grand Rapids to make the survey.

COMMISSION HERE SEPT. 19TH

City Solicitor Bown received a wire Thursday from the secretary of the railway commission, stating that it will meet in Edmonton on Monday, Sept. 19th, at ten o'clock. There are a number of cases to come up for hearing, the principal being in connection with the Edmonton street railway and the C.N.R. and G.T.P. The commission will meet in the Supreme court room and will be presided over by Chairman Mabee.

THE CITY'S FINANCES

Financial statements covering the month of July have just been received by the city commissioners and those for the month of August will be ready in a few days. In the telephone department the estimated amount for the year ending November 1st is \$34,000. To July 31st, \$26,573 has been spent, leaving a balance of \$7,427. The estimated revenue for the year is \$44,000 and \$28,757 was received to July 31st.

In the waterworks department under current account estimated expenditure is \$82,505, of which \$42,517 has been spent, leaving a balance of \$39,988. Under capital account estimated expenditure is \$64,186 for the year and only \$21,347 has been spent. In power house department \$2,900 kilowatts has been supplied the electric light department at a cost of \$7,452; 118,900 kilowatts to the street railway at a cost of \$5,455 and 200 million gallons of water to the waterworks department at a cost of \$2,495.

GOT A MONTH FOR THEM

A. L. Lenholm, a gentleman of foreign birth with a very peculiar head of hair, was charged in the police court on Thursday with the theft of two coat sweaters from in front of the Blue Store, Jasper avenue, Wednesday evening. "Are you guilty or not guilty?" asked Magistrate Byers. "Thoroughly guilty, and in an utterly incomprehensible jargon endeavored to convince the magistrate of his innocence. At length, however, he was prevailed upon to talk English.

It seems that Al snatched up in the store last evening and right in plain daylight grabbed up two coat sweaters and walked off with them. The thief was so nervous that he nearly got away with his booty. With a watchful clerk in the establishment had noticed the abduction and Al was nabbed with the goods on him just in front of Hurry's cafe.

Some days ago the prisoner was up on identically the same charge, the theft in that case being a pair of boots. "I sentence you to one month hard labor at Fort Saskatchewan," said Magistrate Byers. "What; one month for nothing," said Aland. Protesting volubly he was taken down to his cell.

MONTHLY STATISTICS

The month of August will be an outstanding one in the year as an example of the rapid growth that Edmonton and the surrounding district is making. The exact figures for the month in many of the civic departments have not yet been compiled, but the officials are able to say that in all lines there has been marked progress over the corresponding month of last year. Probably nowhere is this more noticeable than in the bank clearings, where the increase is more than fifty per cent, and August, 1909, was considered to be a good month. Bank clearings for August, 1910, total \$6,274,698, while for August, 1909, the total was only \$4,506,161. In building permits the same record of progress is shown; the total for August not counting today is \$122,686, while last August the total was \$99,707. Here is a big increase.

The street department shows the greatest increase of any civic department. This is of course, largely accounted for by the exhibition week, but apart from this there has been a large increase. The homestead entries tell the story of the rapid settling up of the district served by the Edmonton land office. In the present August there has been 400 more homestead entries than in August, 1909. The postal returns will be considerably larger this month than in August, 1909, while the customs returns, though not fully compiled as yet, testify to the generally increased business.

NEW POST OFFICES

Beginning today, the following new post offices have been established in the Edmonton district: Carrot Creek, P.O. 20-53-13 N. W. 4, weekly from 9:30 to 10:30 a.m. Deville, S.W. 4-52-20 W. 4, weekly from 9:30 to 10:30 a.m. E. R. P.O. Fairfield, S.E. 17-53-24 W. 4, weekly from 9:30 to 10:30 a.m. Mettuskow, sec. 2-10-5 W. 4, tri-weekly from 7:15 to 8:15 a.m. Wabrook, N.W. 25-57-24 W. 4, semi-weekly from 9:30 to 10:30 a.m. Zarnie, S.W. 1-58-17 W. 4, weekly from 9:30 to 10:30 a.m.

A money order office has been opened at North Edmonton, and the frequency of the service between Edmonton and C.P. station, Strathcona, has been increased to 23 times a week, and from Edmonton to Wintarsburn to three times a week. The following transfers have been made in postmasters: Besumont, to L. E. Morison, vice Chas. Morison, resigned; Brice, to L. E. Kennedy, vice W. J. Earl, resigned; Brakins, to A. K. Du Pré, vice Peter E. Ahearn, resigned; Gray, to G. H. G. Jones, vice O. M. Gilbertson, resigned; Gwynne, to M. Rud, vice D. E. Humble, resigned; Kingman, to T. J. Rogness, vice Charles A. Lisberg, resigned; Lac St. Vincent, to Pierre Malo, vice L. H. Mallot, resigned; Mowasin, to Hans Brown, vice Hugh Barton, resigned; Ransbury, to G. H. G. Jones, vice J. A. Labelle, resigned; Seba, to R. L. Crawford, vice L. M. Kroetch, resigned; Warwick, to Geo. Cochran, vice Wm. Wood, resigned; York, to Mrs. Wm. Marson, vice C. H. Marson, resigned.

CHURCH FACES GREAT TASK

Four hundred of the Catholic laity of Edmonton and Strathcona were present in the Separate School Hall last evening at the reception arranged by the Knights of Columbus in honor of the Most Rev. Archbishop Bourne, Primate of the Catholic Church in England, who arrived in Edmonton on Thursday.

His grace was accompanied by Aid. Wilfrid Garley, who, as Grand Knight of the Knights of Columbus, presided at the reception, by Mr. Butt, the Rev. Dr. Jackman, his private secretary; the Rev. Fr. Cornelius, the Rev. Fr. Jan, and the Rev. Fr. Lemarchand. Two brief addresses of welcome to his grace were delivered respectively by Aid. Garley, who spoke in French, and by J. T. J. Collinson, in English.

His grace, who replied in both English and French, was the heartiest of his auditors by his charm of manner, and his brief remarks called forth frequent applause. His Grace's Address. Speaking first in English he made an amusing reference to the reputation of the province of Alberta as a land of perpetual sunshine. He said that from the moment he landed on the eastern coast he had heard of little else but "Sunny Alberta." The most pleasant expectations were aroused only to be disappointed by his experience during his day in the southern part of the province of a succession of days of dull and grey as if those to which he had been accustomed in the great cities of London, Montreal, however, he had been able at least to realize the justice of the claims made for this province as the land of sunshine.

His Grace dwelt briefly upon the work of the church in this great new country into which representatives of so many different races were flocking in search of permanent homes. This incoming wave of settlement, he said, imposed upon the church a great responsibility. He said that it was his duty to be to take his part in uniting these diverse people into one great nation. He had no fear for the future of a nation made up of so many peoples. The union of our British, French, the Saxon, the Dane and the Norman had proved to be the strength of the British race, and he looked for a like strength in the people of Canada, from the union of the diverse peoples who were making their homes upon her fascinating prairie.

His Grace expressed his astonishment and admiration at the marvelous development and beautiful surroundings of the twin cities, and added that while he might never return to see his native city which should stand in the first rank among the great centres of population of the American continent. In the address which His Grace delivered in the French language, he expressed a hope that the two languages might continue to be taught and spoken in Canada. One could not be familiar with too many languages and the use of French and English in Canada could not be other than a source of strength to her people.

At the conclusion of His Grace's address an opportunity was given to those present to be introduced to him, after which the gathering broke up with the singing of the National Anthem. After the Catholic laity present were Senator Roy, P. E. Leonard, M.P.P., J. R. Cornwall, M.P.P., J. L. Cote, M.P.P. Yesterday afternoon His Grace was driven to St. Albert, where he took lunch at the Bishop's Palace. He leaves Edmonton tomorrow morning for the west, where he will be in attendance at the Eucharistic Congress in Montreal.

Two Little Children Burned. Byrs Tinet, Oct. Sept. 1.—Two little children, a boy and a girl, were burned to death while playing in a small barn owned by John Longland, the father of the boy. The little boy was four years of age and the girl, daughter of George Woods, was four years and five months old. The little boy was discovered about an hour after the building was destroyed, were lying side by side.

AN UPRISING IN THE PHILIPPINES

Rebel Movement is Headed by Former Native Governor of the Province of Ilocos Norte

Manila, Sept. 1.—An uprising against the government is reported in the province of Ilocos. A constabulary force is hurrying to the scene and a battle is expected hourly. The rebel movement is headed by Simon Mandoa, a former governor of the province of Ilocos-Norte, who has long been a fugitive from justice.

War Office Surprised

Washington, D.C., Sept. 1.—The reported disturbances in the province of Nueva Viscaya comes as a surprise to the officials of the Bureau of Insular Affairs and the other officers of the War Department. No intimation has reached Washington of any general discontent in this wild and sparsely settled province, and it is believed here that it was a surprise likewise to the officials in the Philippines.

Expect Some Difficulty

Difficulty will be encountered in suppressing the uprising, according to the views of the officials of the war department, if Mandoa's following is large. Nevertheless, it is expected here that the handling of the mountainous country in which the scene is laid will be overcome quickly and the uprising quelled by the constabulary with little if any loss of life.

Think Followers Are Few

The fact that Mandoa has taken his stand in Solano in the province of Nueva Viscaya yesterday, one or two hours' ride from the mountains near his home in the province of Ilocos Norte, leads the officials to believe that his followers are few. The trouble arose, it is said, from an attack upon two prisoners under confinement at Laoag. It was charged that the governor had killed one of them with a kick in the abdomen. A few weeks later, a report reached Manila and later Washington through the press, that Governor Mandoa has been found guilty of the illegal detention of several persons in goal in his province.

GLEICHEN ELECTION IS CAUSING INTEREST

Candidate McArthur Addresses an Open Letter to His Constituents Setting Out His Views and Platform on Which He Will Seek Election. The election in Calgary, Sept. 1.—The election in Calgary is causing some interest. Mr. McArthur is already taking part in the struggle. He will address a meeting of his supporters tonight at the Crescent Heights fire hall. He has written an open letter to the electors of the riding. It reads as follows: Gentlemen—Having been selected by a unanimous vote of the recent Liberal convention to be the standard bearer of the Liberal party at the approaching bye-election, I beg leave to place before you my reasons for soliciting your support.

The late member for Gleichen in his letter of resignation disagreed with the Lieutenant-Governor in calling upon the Hon. A. L. Sifton to form a government, and termed his action "political juggling, chicanery and unconstitutional." and as a protest, the member for Gleichen resigned his seat. No other members of the legislature resigned, but they were almost unanimous in endorsing the action of the Lieutenant-Governor, and have confidence in the Hon. A. L. Sifton's administration.

In regard to the constitutional aspect a prominent Conservative lawyer, C. C. McCall, in the recent campaign against the premier at Vermilion said: "I admit the appointment was quite constitutional and a precedent was established when Sir Charles Tupper was called from the High Commission's chair in England to take the leadership of my own party, the Conservatives."

In making this admission C. C. McCall went on further to say in regard to the premier: "His friends and admirers (and they are many), will tell you that he is the only man capable of carrying on the government; that he is the brainiest, cleverest and most far-sighted man, firm and deliberate in his reasoning, and gentleman, to be honest with you, I am rather of that opinion myself." This, from our opponents, should prove that the appointment of the Hon. A. L. Sifton is not only constitutional, but that the services of the best man have been secured, and the Liberals of Alberta can have a united Liberal party under such wise and able leadership.

Gentlemen, do you wish to return representative to harass and obstruct the government, or will you cast your ballot in favor of order and progress? I am prepared to give the present administration my cordial and conscientious support. I believe the electors of Gleichen want discord to cease and the business of the country to be carried on in a business-like manner and I also believe that the interests of this constituency and the province will best be served by returning a member in sympathy with the present administration, I am, gentlemen, yours for business. (Sgd.) A. J. McARTHUR.

ALLAN LINE'S NEW OFFICES

Company Opens Sumptuous Offices in London. London, Sept. 1.—A very large number of people visited the sumptuous new offices of the Allan Line, opened today in Cockspur street. At luncheon given by the company, Hugh Allan presided and he stated in the course of an interesting speech that designs for new steamers were being prepared, and the directors hope to call for tenders shortly. The steamers they proposed to build would be larger and faster than any at present plying between the Mother Country and Canada. J. Obed Smith responded to the toast on immigration. Hon. W. S. Fielding sailed today for the Royal Edward. He said in an interview that the report of the West Indies Commission was now in its final stages of printing. Summaries of his purport had appeared in various newspapers but these were unauthorized and incorrect.

WILL SPEND \$125,000.00

New York, Sept. 1.—Preparatory to relieving the daily increasing congestion present existing on the transit line in Greater New York bids for new subway ways with forty-one miles of track were advertised for today by the public service commission. The entire work will cost approximately \$125,000,000 and will include new underground connections.

Regina, Sept. 1.—A collision between two Canadian Northern railway trains, on the siding north of Lumsden early this morning, resulted in two cabooses being smashed to splinters and three men, Caddon, Wedge and Butt, being badly injured. They were brought to the Regina hospital for treatment.

Opportunities

Did you ever think what opportunities you miss these days by not knowing shorthand? Shorthand opens up situations in leading business offices with chances for promotion offered nowhere else. Write GRAND TRUNK BUSINESS COLLEGE EDMONTON for particulars about their splendid course in Shorthand, Typewriting, Office Practice, etc. J. C. McTavish, Principal.

KELLIHER ON OVERLAND TRIP TO PRINCE RUPERT

Chief Engineer of Grand Trunk Pacific Completes Trip from Edmonton—Made Journey to Inspect Construction Work Between Two Points. Vancouver, Sept. 1.—An interesting trip was recently completed by E. B. Kelliher, chief engineer of the Grand Trunk Pacific Railway. Traveling on horseback and by canoe, he covered the thousand odd miles from Edmonton to Prince Rupert. The trip was primarily undertaken to inspect the route of the Grand Trunk Pacific line as well as to inspect the construction work in progress on the coast section and east of the Rockies. The only section not yet under contract is represented by the gap between Tete Jaune Cache and Aldebert, the latter in the Buckley valley, in Northern British Columbia. Tete Jaune Cache is a point on the Fraser river, forty-five miles west of the summit of the Rockies at the Yellowhead Pass. Some of the construction work in this gap will be quite heavy, notably along the shore of the Fraser Lake, and down the Fraser. It is not unlikely that tenders for construction will be called this autumn.

Australian Labor Member Fined

Perth, West Australia, Sept. 1.—The labor unions are considerably stirred up over the sentence imposed upon Assemblyman W. D. Johnson, who was fined \$250 with the alternative of serving two months' imprisonment at hard labor, for abetting a strike of street railway men of whose union he is the secretary.
