

Big Ben

BIG BEN has something to say to people who like to get up early. He guarantees to wake them every day with a five-minute call, or ten successive half-minute rings.

Big Ben is made in LA SALLE, ILLINOIS, U. S. A. by WESTCLOX. He's easy to wind, easy to read, and pleasing to hear. Price \$3.00 anywhere.

English Will Be Elected.

Editor Evening Telegram.

Dear Sir—I have not the least doubt as regards the election of Arthur English at Bay St. George. English spent ten years a resident of that district. He is a man in every sense of the word; his intelligence is unquestioned, and his morality is of the highest order. English can't lose. Bay St. George District has been badly neglected the past four years. The Western Star openly charged the Grabbals through its columns on a dozen occasions that Bay St. George was neglected. Downey won't know what struck him after the votes are counted. All last summer and up to within a few weeks ago, Mikey Gibbs was going the rounds of the city reading letters to his heeler and others written by the most prominent men in the district, claiming that Downey was a failure. Gibbs was clamoring against him, and Morris. We don't hear any talk from Gibbs or his heeler now. Mikey's mouth is shut; Morris gave him what he wanted and his heeler got their raise of pay. Gibbs need not think that he has Bay St. George in his pocket. He got in the Assembly once after making six attempts to do so.

The voters of that fine old district would be coddled by Gibbs. They know who Gibbs is; they know that he got grabs innumerable, timber grants, arbitration fees, Board of Works boodle, and other pickings. They know that he got his brother Johnnie into a fat job of \$1,000 a year doing very little. They know that English is a cultured man, one of their own, plain and humble, one who sprung from the loins of a fisherman. We know that he gave Patsy McGrath more than he could chew last year when Patsy abused English in his well known scurrilous manner. English will get the biggest vote ever

recorded a candidate for Bay St. George. Downey will come home a sadder but a wiser man. The district want a change and English is the man.

Yours faithfully,
RESPECTABILITY.
Oct. 24, 1913.

Your Duty.

Nothing to do with the Custom House, good friend. Its only reference just now is to yourself. Let us suppose that you are a man of family with sufficient of the world's goods to keep them in comfort. Very well. You did not reach this satisfactory state of affairs without care and labour—few men do. Suppose you are awakened some night with shouts of alarm ringing in your ears. Too late then to talk of prudence; too late then to say: "If I had only, etc., etc." That "if" means too much to many forgetful people. Is it not always the duty of a self-respecting citizen to protect his home and thus provide for those within it. Is it any more then his duty to those depending on him to protect them as far as possible? Can you call your property your own when it is not insured? The answer to this argument is to carry insurance with Percie Johnson's agency, the most popular office in Newfoundland and the least expensive.

Not This Time!

Firecracker! has imported \$500 worth of fire works to celebrate, if the Tories are successful. Alas, poor Yorrick. You better hire a vault to store them. It will be a dead loss. No celebration for the Tory gang this time. If you are not too offensive we may take pity on you and take them off your hands at a reasonable discount.

Cable News.

Special to The Evening Telegram.
LONDON, Oct. 24.

The Times states that no friction has arisen in any direction between Britain and the United States over the Mexican problem. This statement, it editorially declares, should put a stop to sensational gossip on both sides of the Atlantic. The United States policy for many reasons did not commend itself. True, the elections would not likely express the free will of the Mexican people, but neither did the last under President Diaz, to which no objection was taken. If the States is ready to assume the burden of restoring peace and setting up good government, Washington's refusal to utilize the opportunity the election offered could be understood. The Times is satisfied that intervention is not intended.

LONDON, Oct. 24. President Huerta explained his reason for dissolving Congress to the diplomatic corps, yesterday. The Deputies had been fostering rebellion, hence their imprisonment. His sole purpose was to establish peace and comply with the country's laws in holding a fair election. The lives and interests of foreigners would be protected, but Mexico would settle her own domestic affairs.

DAWSON, Oct. 24. The number still entombed in Stag Canon Mine is 220. None rescued can explain the cause of the explosion or the location of the miners still entombed. Two rescuers were lost in the workings to-day, and are believed to be dead; two who accompanied them being brought out scarcely alive.

WASHINGTON, Oct. 24. The British Foreign Office has officially denied the alleged interview with Ambassador Carden, which represented him as unsympathetic to the States' Mexican policy.

NEW YORK, Oct. 24. The total death roll of the Volturino is 134, of whom 102 were passengers. Capt. Griffin, of the s.s. Star of Ireland, reports missing her, still burning on Thursday, 129 miles S. E. of where she was abandoned.

LONDON, Oct. 24. Warnings that the Arson gang had placed bombs in the parcel offices in the great Railroad stations throughout the country, have been received by the General Managers.

Obituary.

We regret to chronicle the death of Mr. Fred Manuel, of the Postal Telegraphs, at his late residence, on Harvey Road, at 3 p.m. yesterday. The deceased had been ailing for some time and had taken a health trip to the south the past summer in the hope of regaining his strength. He returned in August only very slightly improved, as the dread disease, tuberculosis had already made its ravages. About two weeks ago, however, he was down to the Postal Telegraph Office and intimated that he would soon be able to return to work. Mr. Manuel was a very courteous and obliging official, and was held in great esteem by his fellow workers who tender their deepest sympathy to his sorrowing mother, in which the Telegram joins.

Wedding Bells.

A very pretty wedding was solemnized on the 15th inst., by the Rev. Dr. Kitchin at St. Joseph's Presbytery, Signal Hill Road, when Mr. Thos. Murphy, of the Registrar General's Office, was united in the holy bonds of matrimony to Miss Marion Byrne, of Plymouth Road. The bride was charmingly attired in a suit of cream serge with a picture hat and plume to match and was attended by Miss Bride Earle, who also wore cream serge. Mr. Harry Murphy, brother of the groom, performed the duties of best man. After the wedding ceremony the couple and several friends drove around Bowring Park, thence back to the residence of the bride's parents where the health of the youthful couple were duly honored. They were the recipients of many valuable presents testifying to the popularity in which both are held by their acquaintances. The Telegram joins in wishing the happy pair many years of wedded bliss.

Couldn't Bake Bread.

McGrath asserts that Carter's father said the women couldn't bake bread. Morris shouted that the women didn't know how to cook "cod" and paid Mackinnon \$1,000 to teach them, and because the women laughed at him and his recipe, he got mad, and wouldn't have one of them for cook at the Hospital. He sent to the Old Country and got one!

Radway's Ready Relief

Frank Malt, 420 6th St., New York, writes: "My wife suddenly fell very sick with influenza. I called in the doctor, but he failed to help her any. We have no time to be sick. So I became my own doctor and with Radway's Ready Relief and Tea, I gave her according to Radway's directions, and she went to bed, in the morning the cold will be gone. RADWAY & CO., Montreal, Can."

Are Working Overtime.

McGrath and Morris are working overtime in trying to arouse the Electors with the silly cry of Socialism. Do those fellows think the people forget the vapourings of McGrath all those years, as he is shouting about Coaker to-day, so he shouted about Morris a few years ago. Morris was an Anarchist, a Nihilist, a Booming Demagogue. He was going to tear down the throne, and the temple. He had no respect for things sacred. He is shouting the same against Coaker to-day. Morris was everything bad a few years ago. He is everything grand and noble to-day. So he was with Reid. One year Reid was the dandy, the next he was an "Octopus," and now again he is just lovely, the Saviour of Newfoundlanders.

Does the same P. T. McGrath think we forget that he would not be received at some places in the city. Did he not in his vile sheet tell certain dignitaries, that the "cooler should stick to his last, etc., etc." If he is desirous of having us quote some of his insults to these people we can oblige him. Why the very thought of that abominable "Duffy Affidavit" ought to make himself and his master bow their heads in shame. Why every man who fears God and respects religion, no matter what denomination he may belong to, scorn such vile, such horrible tactics. But never fear, the eyes of the electors are on those rascals, and the electors will haul in oblivion on the 30th October such infamous rascals.

Minimise The Loss.

Practically farmers may easily minimise the loss, due to a backward and cold season, by the judicious use of Sulphate of Ammonia as a fertilizer. Sulphate of Ammonia contains over 20 per cent of Nitrogen, as against 15 per cent in Nitrate of Soda, and is therefore more than 20 per cent better than nitrate of soda as a means of quickening and increasing the growth of crops.

The use of Sulphate of Ammonia has increased enormously of late years and it is recognized to be the most valuable fertilizer obtainable. By its judicious use the production of root crops per acre may be doubled, and the growth of late crops stimulated. We invite the attention of Farmers to our special pamphlet on the best methods of using Sulphate, copies of which will be forwarded free to any address on application. The price of Sulphate is moderate and our terms are accommodating. ST. JOHN'S GAS LIGHT COMPANY, Board of Trade Building, St. John's, Nfld.

Marie Rossley's Pantomime.

Every patron of the Star Theatre will be delighted to hear that Marie Rossley, wife of the genial Jack, has decided to put on more pantomime on her return to St. John's. Mrs. Rossley has had a busy time collecting new ideas and material. She has been most successful in getting a splendid collection of new songs, dances, stories, jokes and dialogues, and many new novelties during her holiday. This busy and talented lady has let nothing escape her observant eyes. She has visited Montreal, Toronto, Hamilton, Niagara Falls, Buffalo, and is at present in New York city. Some of the greatest stars in the theatrical and vaudeville profession have given her permission to use their songs. The Rossleys are the real old timers in the business and are big favorites everywhere. It is a special delight of Mrs. Rossley to show off the talent in the bairns of St. John's.
