SERIOUS FINANCIAL CONDITION

London. (Canadian Press.)-Lord Chelmsford, former Viceroy of India, of the Royal Colonial Institute here on "India and Some Problems," deals mong other things, with the Indian habit of hoarding the rupee. Incidentally his lordship said he would but he was as confident that he had peen right in his policy as those who differed from him were sure that he was wrong. With regard to the hoarding of the rupee, Lord Chelmsford said that in April, 1918, the matter was serious, but two years later the poblem was how to house the nillions of rupees which had flowed nto the treasuries. The success of the small-note issue, and the foundation of the Imperial Bank with its ticle of dandruff or a falling hair. obligation to establish new branches throughout the country, he said were vigor, brightness, more two of the outstanding features of noped that the establishment of increased banking facilities throughout The Beginning the country would diminish the tendwhich was rife in Eastern countries, and was a legacy from anarchial time there," Lord Chelmsford con- gas by Cavendish in 1760, led to the uue in the Punjab which gave a rude raised from the ground by attaching it will have done a great service, for first balloon, sent up unmanned, by point a commission of undoubted ex- Blanchard and Dr. Jeffreys made the pert strength to advise us in the mat- transit successfully and landed in the

This daughter of that out with bodily and mental suffering the most popular of English novelists, king was the next child in age, being when she died on November 17, 1658,

Who Would Be Strong?

The Roman soldiers, who built such wonderful roads, and carried a weight of armor and luggage that would crush the average farm hand, lived on coarse brown bread and sour wine. They were temperate in diet, and regular and constant in exercise. The Spanish peasant works every day and dances half the night, yet eats only black bread, onions and water melon, The Smyrna porter eats only fruit and sour olives, yet he walks off with his load of one hundred pounds.
