Five Burgeo Seamen Drowned When Schr. Inez G. Capsizes

War With Turkey Unlikely Says Dominions Secretary--No Hope For 34 Men Entombed in S-51--Dr. Harvey J. Howard Rescued From Chinese Bandits.

DISASTER OVERTAKES BURGO VESSEL.

SYDNEY, N.S., Sept. 27.—The schooner Inez G. of Burgeo, Nfld., and five seamen were drowned last night when the vessel capsized about three miles off Lunenburg, according to reports from the coast guard. The men drowned were Captain Vatcher, Robert Strickland, Edward Harris, John Hiscock, R. Strickland and James Wheeler. All of the men were from Burgeo, save Wheeler, whose home is in North Sydney, where he leaves a wife and seven children. Kenneth Bragg, Burgeo, and George Bangay, North Sydney, were saved. They got to shore in a dory which Bangay was able to get afloat as the schooner went down. Bangay and Wheeler, swordfishermen, were on the Inez G., getting a passage back to North Sydney from the fishing ground.

CAPTAIN DETERMINED TO GO DOWN WITH HIS SHIP.

SYDNEY, N.S., Sept. 28.—"If she goes down I'll go down with her," were the last words spoken by Captain Vatcher before the Inez G. capsized, according to Bragg, one of the two men saved.

DOMINIONS' SECRETARY SCOUTS IDEA OF WAR.

LONDON, Sept. 27.—L. C. Amery, Secretary of State for the Dominions, fresh from the Geneva League of Nations Council session, scouted the possibility of war with Turkey which had preceded him in rumors from the Geneva sessions. Col. Amery regretted that a final settlement of the Mosul difficulty was

necessarily postponed three months until the World Court meets at the Hague, but believed there was no danger of frontier warfare between Turkish and British forces so long as the League of Nations representative remained on the scene.

ALL HOPE FOR SUBMARINE CREW ABANDONED.

NEW LONDON, Sept. 27.—Naval officers declared to-night there was no hope of raising submarine S-51 from her deathbed, 125 feet under water, a few miles off Block Island, until to-morrow noon, and believe there is no possible hope that any of the 34 men who went down with their vessel, when the submarine was rammed Friday night by the steamer City of Rome, can be saved alive.

LEAGUE ASSEMBLY ADJOURNS.

GENEVA, Sept. 25.—The sixth assembly of the League of Nations adjourned sine die at five o'clock this afternoon. Previous to adjournment an eloquent valedictory address was delivered by Senator Dandurand, of Canada, President, who lauded the results achieved at the assembly.

NEW YORK HAS A REAL KING.

NEW YORK, Sept. 26.—King Nana Amoah, sockless ruler of forty thousand Fantu in Africa, slipped unheralded into port as a second class passenger. His native regalia, making him glitter from head to foot, consisted of rings weighing a quarter of a pound apiece, two gold bitted swords, pancake sandals of black leather, a gold bracelet on one wrist, a gold covered bible hanging from the

Queen of Rum 'Runners' Regains Control

LONDON, Sept. 21.—Madame Gloria De Vere Casares, whom the London papers call "the beautiful rum runner" asserted recently that she had regained control of her schooner, the *General Serrett*, appointed a new skipper and settled the difficulties with the crew over the matter of wages.

She said that her new skipper, Capt. O'Flaherty, has boarded the ship but will not assume command until Monday, as Captain Whitburn, the former commander is off on leave, but is still considered to be in command.

Madame Casares is receiving many offers from movie producers and newspapers for the use of her life story for filming or for serial articles.

It is now reported that the owners of the liquor cargo, which the schooner shipped at Antwerp and which was destined to be run through the United States dry fleet to the arid United States, wireless the ship soon after she left Antwerp not to proceed to Halifax. The *General Serrett* put into Dover and later was brought to London, where the liquor cargo was unloaded.

British Idea of Dominion Blamed

Bishop Bidwell Declares Canadian Patriotism is Questioned.

OTTAWA, Sept. 19.—(C.P.A.—) Rev. Dr. Bidwell, Bishop of Ontario, speaking at the University Club of Ottawa, on the question of immigration yesterday, told his audience that one of the reasons why the Dominion of Canada was not getting its fair share of British immigrants, was that in England there was an idea abroad that Canada was not so much British as some of the other Dominions.

"There is an idea over there that we in Canada are more American in our views and customs. For instance, they do not want to be deprived of their glass of beer when they emigrate. They know that we in Ontario, until recently, were not able to get our glass of beer, and they object to being deprived of that," the Bishop said.

Bishop Bidwell said he had found in his 21 trips to England there was far too much ignorance about conditions in Canada. This wide-spread ignorance had amazed him, he said. There was a certain amount of mistrust of Canada over there also, he had found. He thought this might have arisen from the "unfortunate Grand Trunk Railway affair." He had discovered an idea among English people too, that British people were not wanted in Canada.

He said that he thought this might have sprung from the fact that the other Dominions offered much cheaper rates to emigrants. They could do a six weeks' journey to New Zealand or Australia, for 12 and 15 pounds while for a week's voyage to Canada it cost them £18. This had had something to do with the inequality in the amount of immigration coming to Canada as compared with the other Dominions.

One the other hand there was a most extraordinary interest taken over in the old land in everything Canadian. He had been simply snowed under with requests to address meetings in England during his recent visit. People were suspicious of the official information sent out by the Government, but were eager for information from unofficial sources.

A King at Wedding of Bricklayer

ROYAL TOAST AT VILLAGE INN.

King Alfonso, during a recent visit to Escorial, accompanied by several court officials, stopped his motor-car at a village inn, where a bricklayer's wedding breakfast was proceeding amidst the greatest jollity.

The King entered and was immediately recognized. He shook hands with all the guests, and the bridegroom shouted to the innkeeper to bring champagne, but the King declared he preferred ordinary table wine, in which he drank the health of the newly married couple, accepting a cigar, which he smoked before leaving.

Boy's Ordeal

ALL NIGHT ON EMBANKMENT WITH SEVERED FOOT.

Hearing moans while on the way to Houghton railway station, near Blackton, a woman looked over the embankment and saw Stanley Orme, aged 12, of Franklin Street, Blackburn, whose left foot had been severed. He also had injuries to his thigh and head, and was in an exhausted condition through loss of blood and exposure.

He told the police that when out for a walk he was knocked down by a train. He managed to crawl from the line to the embankment, and had been there since 8.30 on Monday night. After first aid had been rendered he was removed to the infirmary.

Fashion's Latest Inspirations

Green is to be the most fashionable colour for evening wear. Vivid shades of "grass" and emerald will be preferred.

Black silk stockings are returning to favour. Lemon-yellow hose is considered the smartest complement to a black evening toilette.

Red ermine is the latest "novelty" in furs. It looks magnificent on red chiffon-velvet theatre cloaks. Bottle-green shaved lamb is being used for quaint Eton jackets which are to have a big vogue when the colder weather sets in.

The newest handbags are made of white serpent skin.

Patchwork is making another attempt to regain popular favour. This time it is seen on smart pull-on hats made of pieces of metal ribbon, kid wool, silk and fur. Striking short coats are also made of crazy-work.

MISSIONARIES WHOM BANDITS KIDNAPPED.

A brief message received at the Church Missionary Society's headquarters recently from Mienyang in Szechwan Province, announces that the eight British missionaries and a child, kidnapped from the summer resort, North Cheng-tu, on August 6, have been released by the bandits.

The captives are reported to be safe and well. Their release is believed to have been effected by the action of the Chinese authorities, who sent a force of soldiers to pursue the brigands operating from the hills. The party included Bishop and Mrs. Mowll.

Belvedere Orphanage Collection

Yesterday's collection for the Belvedere Orphanage totalled the handsome sum of \$4700 which was a slight decrease from last year.

Following the usual custom the collectors proceeded to the Convent Rectory where the various amounts were formally handed over by Messrs. J. C. Pippy of the Cathedral, M. Bambrick of St. Patrick's and R. Smith of St. Joseph's. The latter parish had the distinction of registering an increase over last year.

Rev. Dr. Carter, Chaplain of the Convent, graciously accepted the collection and thanked all present for their efforts, making special mention of the new superiors, Mother Patrick, who replaces the present Mother General, Philippa.

Mr. J. J. Lacey took occasion to move a hearty vote of appreciation of the generosity of the city press and Chairman Pippy referred to the big advt. financed by the Knights of Columbus.

Before the close an appeal was made for concerted effort and an enlarged committee membership and a formal motion to this effect was made by Mr. Comerford, seconded by Mr. Lacey, after which the gathering dispersed.
