Guelph Evening Mercury

MONDAY EVENING, AUG. 25, 1873
Town and County News.
Bovus half-dollars are in circulation;
look out for them.

At a committee meeting of the Elora
and Salem Horticultural Society, held at
the Drill Shed, on Monday night last, it
was resolved that at the Fall Show to be
held on Tuesday, Sept. 9, special prizes
be given.

The Great Western train from Harnis-
burg to Guelph was detained about three
hours on Friday evening, at the former
place, owing to an accident on the main
line, which damaged the baggage car
and shook up the passengers.

Dr. INOLIS, recently of Hamilton, now
of New York, is visiting in the neigh-
borhood of Fergus, and preached two
sermons in Melville church, Fergus, yester-
day. There was a large attendance to
hear this noted divine.

The meeting of the Good Templars of
the County of Wellington will be held in
Fergus, on Tuesday, the 9th of Septem-
ber, instead of the 16th as at first decid-
ed. T. W. Casey, Esq., of Napanee, G. W.
Secretary of Canada, will be present
on the occasion.

HARVESTING.—The spring wheat harvest
has commenced in the neighboring town-
ships to the north of Guelph. The yield
and sample are highly encouraging; the
straw in most cases is shorter than usual.
The season has been, all things consid-
ered, an excellent one for the farmer—the
summer frost being conspicuous
by its almost entire absence.

FERIOUS SCHOOLS.—Considerable changes
have again been made among the teach-
ers. J. Thomson, B. A., is now Principal
of the United High and Public Schools.
R. Unsworth, B. A., has been promoted to
the position of Assistant High School
Teacher. W. Gray has been engaged to
take charge of the third department in
the Public Schools.

FERIOUS Y. M. C. A.—At the semi-
annual meeting of the Fergus Y. M. C. A.
the following office-bearers were appoint-
ed, viz:—President, A. D. Fergusson; 1st
Vice, Peter Rennie; 2nd Vice, Charles
Young; 3rd Vice, J. Walker. Recording
Secretary, Robert Hunt; Corresponding
Secretary, Wm. L. Smellie; Treasurer, J.
Aoffat.

INSANE.—James Mulro, of Fergus, who
was "confined in the goal some time
as a lunatic, but released on showing
signs of improvement, was taken into
custody again last week, having shown
very decided symptoms of a return of his
terrible malady. He had an encounter
with a young woman, on the railway
track between Fergus and Alma, and
badly scared her.

AN EXCURSION is advertised in our
columns by the Great Western Company
for next Wednesday to the Falls of
Niagara, the attraction being the perform-
ance of a rope-walker named Bullen,
who is to cross the Niagara river, and
emulate the daring feats of the famous
Blondin. The fare is a dollar and a
quarter, and the train leaves at ten
minutes before seven.

CATTLE FAIR.—The cattle fair in Mount
Forest on Wednesday last was favored
with a better attendance of both
buyers and sellers than is usually seen
at this season. Prices however, ruled very
low, and few transactions took place. The
ordinary figures paid were as follows:
Working oxen, \$75 to \$100; steers, \$20
to \$30 each; milk cows, \$20 to \$28
each; heifers, \$18 to \$26.

A CONTRAST.—Orangeville boasts of a
population of more than 2,000, and it
gave 206 votes on the Credit Valley By-
law recently, whilst Elora has only 1,500
inhabitants, and polled but 146 votes on
the occasion referred to, although most
strenuous efforts were made to secure
them; and yet Orangeville pays only
\$600 as a county rate and Elora requires
to contribute \$1,200! Is this right?
—Elora Observer.

A SEVERE HAIL STORM.—The neigh-
borhood of Mount Forest was visited on
Thursday afternoon by a very severe
hailstorm, accompanied with heavy rain,
high winds, and thunder and lightning.
Several pieces of hail are said to have
measured over three inches in circumfer-
ence. Considerable damage has been
done to the standing crops and the fruit.
Next day there were piles of hailstones
in some places several inches deep.

CHALLENGE ACCEPTED.—Mr. Tom Car-
ter, of Paisley Plains, has called upon
us to say that he will take up the chal-
lenge of Mr. Rudd, lately published in
THE MERCURY. Mr. Carter will show his
herd of Durhams against Mr. Rudd's
herd of Devons at the forthcoming Pus-
linch show, for \$100; the money to be
deposited with the Secretary of the Show
not less than ten days before the opening
day. This offer will remain open for
acceptance for two weeks from this date.
The animals must be all pure bred, and
registered pedigrees must be produced.

AN ECCENTRIC BUNGLER.—Mr. McCrae,
the teacher of School Section 4, Guelph
Township, informs us that during the
vacation a vagrant effected an entrance
into the school house, and broke open the
library doors, but finding nothing there,
he was operating with a stick and an axe
upon the schoolmaster's desk when he
was interrupted by Mr. Wilson, one of
the trustees, who appears to have let him
go. Mr. McCrae states that the school
bell was carried off—a strange piece of
plunder, one would think.

Local and Other Items.

The body of Captain Campbell has
been found.
Poon Ghars!—The Mail is great at
extracting sunbeams from cucumbers.
See what comfort it gets from the Mon-
teal election, whereon it moralizes thus:
"The Grits have had their day. Night

The Gulfport steamer *Miramichi*, from
Pictou for Quebec, with 150 passengers
and general cargo, ran ashore on Green
Island reef, on a soft, muddy beach, and
it is expected she will float at high water.
The fore compartment alone appears to
have been damaged.

Mr. M. C. SCHOFIELD has undertaken
to re-paint and repair the woodwork of
the exterior of St. Andrew's Church, Ber-
lin; besides this, he has repaired the
fences, had the trees trimmed, and the
ground cleared up, all at his own expense.

The total value of real property in
Toronto is \$92,412,142; of private in-
come, \$1,815,565; and of personal prop-
erty, \$11,909,832—in all, \$46,137,539.
Deducting therefrom the exemptions
(\$5,216,377) we have the total assessment
placed at \$40,921,262.

In the neighborhood of Berlin there
will be more than an average crop of
wheat, oats and peas, especially so with
the latter, the yield from which is re-
ported to be the heaviest for some years
back. It is said that wheat will be a fine
sample, while the oat crop will be an abun-
dant one.—Telegraph.

The Berlin Telegraph says arrange-
ments are about completed for the hold-
ing of a butter market in Berlin in the
early part of October, at which a large
number of handsome prizes will be award-
ed. Steps will be taken to secure the at-
tendance of dealers from a distance.

ANUSING CATTLE.—In Egremont, on
Monday last, Archibald McNair appeared
before F. W. Stevenson, Esq., J. P.,
charged with maliciously injuring a cow
belonging to Dugald McFee. Several
witnesses being examined for plaintiff
and defendant, the charge was deemed
sustained, and defendant was fined \$1,
with \$4 costs, and damages \$12.

On Friday evening, as the Canadian
Navigation Company's steamer *Spartan*
was on her downward trip, and had just
shot the Lachine rapids, a sheave of one
of her rudder blocks broke and the wheel
chain jammed, leaving the boat unman-
ageable. The officers with considerable
skill brought the steamer to still water,
where the steering gear was repaired. If
the breakdown had occurred ten minutes
sooner than it did the *Spartan* would in
all probability have been lost.

WONDERFUL ESCAPE.—On the 9th inst.,
a child of Jacob Kolb, Berlin about two
years of age, had strayed from the house
and was playing on the railway, when a
train came thundering down towards the
little creature. Terror-stricken and un-
able to move from the spot, it stood with
its arms stretched imploringly towards
its mother, who had just discovered its
terrible situation, and was rushing
frantically to the rescue. Before she
reached the track, the cowcatcher of the
engine struck the child, tossed it off
the track, and strange to say, beyond the
infliction of a few bruises, left it scarcely
any the worse for its perilous adventure.

ARBITRATION.—Mr. Fisher, contractor
of the Mitchell High School building,
claimed \$1,000 from the corporation for
extras and damages. The council refused
the claim, but offered something like
\$150 in full. This Mr. Fisher refused,
and as the council would do no better he
put the case in court. After considera-
tion, however, Mr. Fisher proposed to
leave the matter to arbitration. This
proposition was accepted, the choice of
the arbitrators being conceded to Mr.
Fisher. The gentlemen chosen were
Messrs. Hepburn and Serimonger, of
Stratford, and Mr. Beall, of Mitchell;
and after hearing the evidence on both
sides they awarded only \$63 to the con-
tractor.

HORSES STUNG BY BEES.—A strange
and painful occurrence is reported from
the neighborhood of Knob's school
house, Mariposa. A fine span of horses
belonging to Mr. Thomas Earls, near
Cambray, were some time ago driven to
Mr. Joseph Coad's for a jack-screw, and
while waiting a swarm of bees settled on
the horses. The horses at once lay down
on the ground, keeping perfectly quiet;
but the people present instead of care-
fully brushing off the bees, killed a num-
ber, and this angered the remainder.
They stung the horses until the latter
presented a pitiable appearance. Rem-
edies were applied, and they were unhar-
med and driven home. Their heads
were badly swollen, and on the following
day one of the horses, a fine black valued
at \$150, died in great agony. The other
was freed freely, and has now nearly re-
covered.—Lindsay Post.

BRITISH COLUMBIA AND THE SANDWICH
ISLANDS.—A profitable trade has sprung
up between the province of British Colum-
bia and the Sandwich Islands, a rapid
expansion in which may be speedily
looked for. Of articles to the value of
\$58,779 exported to those islands, \$21,160
was the produce of the mine, \$10,
124 of the forest, and \$2,188 of the
fisheries. A few minor articles in manu-
factures and agricultural produce make
up the balance. In return, the Colum-
bians took from the Islanders sugar, palm
moss, cordage, fruits, spirits, potatoes,
rice, sheep, and coffee. There are thus
necessary resources on each side to make
up a highly profitable trade, and it re-
quires no stretch of imagination to pic-
ture the time when our young Pacific
Province, will materially add to the an-
nual volume of the trade of Canada, by
its transactions with the islands of Poly-
nesia, the States of South America, and
the old but rich and populous countries
of the east. —Monetary Times.

Railway Accident.
Clergyman Dead.

Wheeling, West Va., Aug. 24.—An
accident occurred on the Baltimore &
Ohio Railroad to-day about four miles
from Cameron, by which three or four
German emigrants were fatally injured
and fifteen or twenty wounded. The
accident was caused by the spreading of
the track, which threw the tender, ex-
press cars and a passenger car down an
embankment, and the other coaches off
the track. The coaches that went over
the bank, fifteen or twenty feet, with
some 70 or 80 men, women and children,
turned bottom upwards. Some of the
emigrants became enraged, thinking that
the engineer and conductor were trying
to kill them, and set upon the officers of
the train with stones. The officers had
to flee for their lives. Soon after an ex-
press train came up, and its officers
rendered all necessary attention to the
wounded.

a farmer in good circumstances, living a

in your company, is no more. She died
to-day. I can truly say that she was a
fond wife and good mother. I have the
doctor's certificate, so that there will be
no trouble about the policy. She was
sick only a short time, but suffered much.
Do you give a check in advance, or must
I wait sixty days for the money? Yours,
&c."

Inquest in the Goal.

An inquest was held by Dr. Keating,
coroner, this (Monday) forenoon on the
body of Daniel Mayne, an insane man
from the Township of Peel, who was
committed to goal about ten days ago.
The following are the names of
THE JURY:
Jas. Hazelton, foreman; Nathan Tov-
ell, Theodore Fenwick, W. A. Jacobm,
Wm. Hearn, Robt. Crawford, J. Mim-
mack, John Tovell, Thos. W. Ward, Robt.
Jamieson, Henry Metcalf, Rich. Joyce,
Geo. Kidd and Jos. Agnew.

Mr. J. P. Macmillan appeared to watch
the case on behalf of deceased's wife. The
following evidence was taken:—
LEVI GILLES, prisoner in the jail,
sworn, said—Daniel Mayne, deceased,
came to the jail on Friday, Aug. 16th;
was deranged when he came; said he
murdered his wife; complained of a
pain in his forehead; had to be hand-
cuffed for a couple of days, to keep him
from breaking the windows and doing
other damage; got proper attention from
the jail officials; deceased told witness
that a man struck him with a stone; he
was apparently sensible at times; was
not a very strong man; was not a very
strong man; was in the same ward with
witness; on Saturday deceased appeared
to be sinking, and witness told Mr. Mer-
cer, who had him removed to another
room.

MARGARET MAYNE, wife of deceased,
said—She saw her husband on the day
of the Elora fair; he was bleeding from
a wound on the bridge of the nose; said
William Smith had struck him with a
stone; was sure her husband had been
struck with a stone, as a blow from a fist
could not have hurt so badly; knew of
no ill-feeling existing between Smith and
her husband; deceased complained of a
very severe pain in his head, and could
not sleep; called Dr. Wallace on the
Sunday following; who told deceased to
wash his eyes with tea-water; deceased
got worse on the following Wednesday,
and the doctor was called again; de-
ceased had gone out of his mind, and
broke the window in his frenzy; the doctor
said his brain was affected; that some
time leading to the brain he thought,
had been injured, and if so that he would
die; must have received a severe shock.

By A JUROR.—Smith struck deceased
when getting off his horse; they had
some words about school matters; my
husband said Smith struck him twice,
saying "I'll make you do it new."
The next witness was a brother of de-
ceased, Patrick Mayne, a farmer in Peel.
He corroborated Mrs. Mayne's evidence
and stated that deceased had always con-
sidered the hurt a dangerous one. Smith
was summoned before a magistrate on a
charge of assaulting deceased, and fined
\$5.

The inquest was then adjourned to en-
able a post mortem examination of the
body to be made, and the case was not
concluded when we went to press. Wm.
Smith, the man implicated in this most
unfortunate affair, is a well-to-do farmer
