MONDAY EVENING, DEC. 15, 1873

Town and County News

WEST TORONTO—the stronghold of the
Party of Fizzles.

PARLIAMENT is further prorogued by
proclamation till the 26th January next,
and not to meet for the dispatch of
business.

The Trustees of the Elora County
High School have appointed as assistant
teacher Miss Annie G. Campbell, of
Owen Sound.

Mr. Stovel offers himself as a candidate
for the Repeal of Mount Forest. Mr
Kilgour will probably also present him-
self for re-election.

A Soiree will be held at Fairbairn's
station, C. P. Church, Egremont, on
the evening of Tuesday, 30th inst., com-
mencing at half-past six o'clock.

The missionary meeting in connection
with the W.M. Church, in Mount Forest,
was held on Wednesday evening last.
The collection and subscription will be
much larger this year than last.

FOR UNION.—A meeting of the congre-
gation of St. Andrew's Church was held
after service on Sunday, at which resolu-
tions were passed in favor of union with
the Canada Presbyterian Church. There
was one dissentient.

THE ANNIVERSARY SERVICES of the
Wesleyan Sabbath School take place next
Sunday, when Rev. Mr. Clarkson, of Galt
will preach. The anniversary social
meeting takes place on the following
Friday, 26th, for which a good musical
programme is promised.

GUELPH HIGH SCHOOL.—The public ex-
amination of the High School takes
place on Wednesday first, commencing
at 9 a.m., to 12 noon, and from half-past
one to 4 p.m. All interested in the
cause of education are invited to attend.

A RIDERLESS HORSE, which had evi-
dently just been unhitched from some
vehicle, was amusing himself by a canter
round the streets soon after one o'clock
to-day. When last seen, he was walking
quietly down Wyndham street with a
man on his back.

WELLINGTON MUTUAL FIRE INSURANCE
SOCIETY.—The annual meeting of this
society was announced for this afternoon.
The only business will be the passing of
a by-law changing the time of the meet-
ing in accordance with the new Act,
which fixes any time within two months
from Jan. 1st in each year.

THE EAST WARD.—We are glad to
learn that Mr. Wm. Bell has met with
great success in his canvass of the East
Ward. O. account of his business engage-
ments he has been unable to see all the
electors in the Ward, but he hopes to
meet them before election day. He wishes
to inform his friends that he is still in
the field, and will fight it out to the end.
Meanwhile his prospects are excellent.

CHILDREN nowadays have many ad-
vantages that the youngsters of a former
generation did not enjoy, and not the
least of these is the publication of illus-
trated papers suited to their age and
understanding—such for instance as the
"Children's Friend" for 1873, a copy of
which has just reached us from John
Anderson. It would make a capital
Xmas present.

THE WEST WARD.—We have pleasure
in saying that Mr. George Bruce has
consented to be a candidate for Councillor
for the West Ward. Mr. Bruce is a
very old resident of this Ward, and is
well known to almost every one in it as
an active, intelligent and in every respect
trustworthy mechanic. We feel sure Mr.
Bruce will be heartily supported by the
electors in the West Ward, for he is just
the kind of men we want to man-
age business in the Council—practical
sound judgment, and anxious to do
further the progress of the town.

A NEW DEFINITION.—We are indebted
to the Herald for an addition to the dic-
tionary—namely that noise and black-
guardism mean the same thing. This
raises somewhat thoughtful. Electors! Re-
member that the mechanics are insulted
by the Herald's declaring that their noisy
workshops are blackguard institutions!
Mothers! Remember that the Herald
has insulted you by declaring that when
your babies cry they are committing an
act of blackguardism!! And finally, the
whole town is insulted because it
allows such ultra blackguards as those
howling Grand Trunk engines to come
within its quiet precincts!!!

BROGGY ACCIDENT ON THE GUELPH ROAD.
An accident occurred on the evening of
last Wednesday which might have been
attended with serious results, and is
another of those occurrences that should
act as a warning to those individuals who
are addicted to the practice so prevalent
of running past teams regardless of all
obstacles. In endeavoring to pass two
or three teams following each other in
close procession the driver of the buggy
—a well known blacksmith—drove into
the ditch, capsizing the vehicle and pre-
cipitating his companion with great
violence to the ground, causing injuries
that prevented him from pursuing his
journey for a day or two. The cause
of the mishap escaped unhurt, merely
losing his buffalo in the confusion which
ensued. The buggy and harness were
injured slightly.—Com.

Castelar and Salmoron.

Regnier and the Court.

Sir G. Waiseley has Fever.

The Virginias Surrendered.

English Astronomers.

The Ville de Havre.

London, Dec. 15, 6 a.m.—A despatch
to the Daily News says that a complete
reconciliation has been effected between
Castelar and Salmoron.

M. Regnier has sent a long letter to the
Times complaining of his treatment by
the Bazaine court martial, and offering
to explain his conduct before a tribunal
consisting of the representatives of the
Times and two English editors. The
Times declines to take part in the investi-
gation.

A special from London says: Advice
from the Gold Coast to November 6th,
state that Sir Garnet Waiseley was on
board the ship Simoon, suffering from
fever. He had been ill for six days. The
medical staff declared that the attack
was slight, still, being the first, Sir
Garnet suffered severely.

New York, Dec. 15.—A Key West
special to the Tribune dated the 14th
says:—The Despatch sails to-night, with
four officers from the flag ship Worces-
ter on board and an extra crew of 39
men from the Pawnee, to receive the
Virginias and probably take her to a
northern port. The Despatch will carry
a full complement of officers selected
from the squadron to take charge of the
Virginias.

The Wirsted Plating Company's works
in Wirsted, Conn., was burned yesterday.
Loss \$13,000.

The enforcement of the excise law in
Brooklyn is virtually abandoned.

Prof. A. Proctor, English Astronomer,
at a reception tendered him by the Lotus
Club on behalf of American scientific
men, in acknowledging the compliment to
himself, called attention to several in-
stances of unseemly opposition by the
Astronomer Royal and other English
scientific men to a recognition of the
discoveries and observations of Ameri-
cans. The Astronomer Royal had op-
posed the award of a gold medal to Miss
Mitchell on the ground that although
she had undoubtedly discovered the
comet she had neglected to send news of
the discovery by the first mail. In con-
clusion the Professor predicted a wonder-
ful scientific future for America.

The Mail's account of the collision of
the Ville de Havre and Lochearn do not
yet help to fix the responsibility for the
disaster, but make this at least, seem
clear enough, that from the moment of
the crash her Captain and his lieutenant
and the Captain and officers of the
Lochearn behaved with promptitude and
courage.

The increase in the U.S. public debt this
month will be about \$12,000,000. The
sentiment of Congress seems generally to
favor the restoration of the duties on tea
and coffee.

Death of Professor Agassiz.
Professor Agassiz is dead. After an ill-
ness of comparatively short duration, he
expired on Sunday night in Boston, in
the 66th year of his age. He was born
in Switzerland, and was distinguished in
his studies at Zurich, Heidelberg, and
Munich, where he devoted his attention
to physical science. The work by which
he attained his European reputation was
"Studies of Glaciers," in which he ad-
vanced a theory contrary to the prevail-
ing views of geologists with reference to
the post-tertiary formation of the globe.

In 1846 he quitted Europe for the United
States, where he has been connected with
several scientific institutes, having been
appointed Professor of Zoology and
Geology in the Scientific School at Cam-
bridge, Mass. He has written largely on
Natural History and similar subjects, and
his death is a serious loss to the world of
science.—Globe.

Consecration of Dr. Cheney.
CHICAGO, Dec. 14.
The consecration of Dr. Cheney, Assoc-
iate Bishop of the Reformed Episcopal
Church, was celebrated to-day in the
presence of an immense congregation.
Bishop Cummins was assisted in the
ceremony by several clergymen, and
preached a powerful sermon on the
duties and tenets of the new Church.
There is much excitement in the religious
circles over the event.

County Court and Quarter Sessions.
Saturday, Dec. 12.
HUGHILL v. ELLIOTT.—A verdict for
plaintiff of \$40 was returned; the original
claim being about \$200.

This concluded the business of the
session. There are, however, two cases to
be tried without jury in a day or two,
and Judge Macdonald has yet to give
his decision on the appeal liquor cases.

THE LATEST CONUNDRUMS.—What is
the use of a "snow-shovel"? What is the
good of the Snow-By-law?

"HEAR IN COOL. GROT AND MOSSY
CRELL."—It is what Lord Mornington
says in a pretty piece of his about "we
rural fays and fairies." But his lordship
didn't know what a Mossy soil for Bick-
ford there was going to be in West Tor-
onto.

Hon. Alex. Keith, President of the
Legislative Council, and Grand Master
of the Freemasons of Nova Scotia, died
on Saturday morning, after a short ill-
ness.

Our lumber trade with South America
is increasing. Seventy-five vessels left
Montreal this year with cargoes of lum-
ber; and the total shipment from the St.
Lawrence, Montreal, and Quebec, of
sawed lumber was thirty-six million
superficial feet for the season of 1873, as
against twenty-five million for 1870.

Local and Other Items

A PHENOMENON.—The Brockville It-
corder has been shown some twigs cut
from a lilac bush on the Jones' estate,
which are in full bud. The bushes have
every appearance of coming out into leaf
in a few weeks.

REPRIEVED.—Barrie Dec. 13.—Tryon,
the murderer of Fisher, of the Barry
Sound District, who was to have been
hanged on the 17th of this month, has
been reprieved till the 30th, on the plea
of insanity.

There is a spring on William Hall's
farm at Mildmay, which has attracted at-
tention from the fact that, in winter,
cattle always keep a brokes track to it,
although many other springs are more
easily accessible. It appears that at
times the water is quite brimley. If salt
is found at Teeswater, would it not be
worth testing it at Mildmay? Who
knows what might be struck.—Confeder-
ate.

AFTER a year's trial of tolls on County
Gravel Roads, the Huron County Coun-
cil has decided to do away with the toll
system. The County Engineer is instructed
to sell the toll houses as soon as
possible. The Goodrich Signal com-
mends the Council for their wisdom in
this respect, but cannot endorse their
subsequent action in throwing the bur-
den of keeping the roads in repair on the
township municipalities through which
they pass.

Mr. Forster has delivered a speech at
Liversol which would indicate that Mr.
Bright's accession to the Cabinet is not a
pledge that a new policy will be followed
in regard to education. The author of
"the worst piece of legislation since the
Reform Bill" resented all the principles
of the Act of 1870, and the inference is
that Mr. Bright merely spoke out his
mind, and did not indicate a change of
opinion on the part of the Government
in the direction of the Birmingham peo-
ple.

A GOOD SIGN.—It is a remarkable sign
of the growing helpfulness of public opinion
to find that a number of the more re-
sponsible hotel-keepers, those who really
keep places with proper accommodation
for the public, are in favor of reducing
the number of licenses. These men
complain, and justly too, that while they
have a large amount of capital invested,
they are placed in the same category in
the eyes of the law with the smallest and
dirtiest grogeries or doggeries in town.

These hotel-keepers could easily afford
to pay larger fees for licenses when limi-
ted to a small number, and when the au-
thorities will put down all unlicensed
grogeries. And while these men will
probably be selling more liquor than they
do now, there will be much less liquor
drunk in the community, from the fact
that there are fewer engaged in the
traffic; for it is well known that every
liquor-seller, however low and filthy his
place, will draw a number of "friends"
around him, and be the centre of an in-
fluence to entice people to drink.—St.
Catherine Times.

Mr. J. S. WILLIAMS, of the Ontario
Workmen, was at the Bickford Mass
Meeting last night, and said his little
speech for the man of peddled fruit trees
and scrap iron. In the course of his re-
marks he said:—Mr. Bickford has given
me opinions upon questions affecting
their liberties, and he need scarcely say
that the Criminal Amendment Act was
one of them. There were no doubt a
good many Union men there that night,
and he wished them to understand that
that law stood against them to deprive
them of their liberty. They must agitate
till it was repealed. O, deluded work-
ing-men! humbugged working-men!!
How the Williamses, and the Williamses,
and the Tories generally, have befel-
lowed this man. That same Criminal Law Amend-
ment Act is the one that was brought in
by Sir John Macdonald, and for pressing
it to the working-men of Ontario were in-
duced to touch-light Sir John, and pre-
sented him with silver oakslets and fash-
ions. That same Criminal Law Amend-

How extensive is our trade with Nor-
way appears from the fact that 379 Nor-
wegian vessels of 196,736 aggregate ton-
nage loaded at seven ports of the Domi-
nion during the past season.

The quantity of timber received and
measured at Quebec this year was twenty
three million cubic feet, being an increase
of nearly four millions over last year.

"Have you seen my black-faced antelope?"
inquired Mr. Leoscope, who had a
collection of animals, of his friend B.A.
Lejack. "No, I haven't. Whom did

A Philadelphia paper of a recent date
furnishes the startling information that
"Aurinus M. Julius Severinus Buthinus,"
a celebrated Latin philosopher, was be-
headed by King Theoderic thirteen hun-
dred and forty-eight years ago yesterday."

That was a good advice which an old
man gave to his son.—"Boys don't
speak to me or wait for something to turn
up. You might just as well go sit down
on a stone in the middle of the meadow
with a pair of twigs for legs and wait for
a cow to walk up to you to be milked."

A young lady in Lancaster has the in-
itials, Y. M. C. A., engraved on one cor-
ner of her visiting cards, which she hands
to certain gentleman visitors. At first
they suppose she belong to the Young
Men's Christian Association, but it is not
long before they rightly construe the let-
ters to mean "You May Come Again."

Another dreadful warning to snuff-
takers comes from Columbus, Ohio, where
may be seen the man whom snuff sent to
the penitentiary. One night, when rob-
bing a bank, yielding to depraved appetite,
he took a pinch, and the sneeze betrayed
him. That sneeze, too, was his last, for
in the penitentiary he is denied snuff.

OTTAWA ITEMS.

Ottawa, Dec. 13.

TEMPERANCE MOVEMENT.—The Tem-
perance Mass Meeting at Ottawa on
Thursday evening, was a grand success.
Over 2,000 people were present. Great
enthusiasm prevailed. Hon. M. Camer-
on occupied the chair. All the Tem-
perance organizations of the city marched
in procession to the Bank, with bands of
music. Stirring addresses were deliv-
ered by clergymen of all denominations.
Amongst others were Dr. O'Connor (in
behalf of R. C. Bishop), Rev. Lachlan
Taylor, Rev. Father Simons, Rev. Mr.
Hunt, and Mr. Cameron. This inaugu-
ration of a grand, united temperance
movement, combining all religions, prom-
ises to do a vast amount of good.
