To Business Men.

The circulation of the Mercury and Advertiser being nearly five times that of any other paper published in the County of Wellington, business men and others would study their own interests by advertising in the Mercury and Advertiser.

Guelph Evening Mercury

TUESDAY EVENG. FEB. 24, 1874

Town and County News

FREEMASONS requiring aprons for Bro. Chance's funeral will leave their orders at G. D. Pringle's jewellery store before 10 o'clock to-morrow.

MEETING OF BENEVOLENT SOCIETY.—By advertisement in another column our readers will see that the Irish Catholic community of this town wish to form a St. Patrick's Catholic Benevolent Society. The efforts which they make as far as the above is concerned are designed to meet the wants of the Irish immigrants who are expected, or who may come to this part of the Dominion, during the ensuing season. All Irish Catholics are invited to attend, the young as well as the old.

A FISHY TRANSACTION.—Mr. Hugh Walker has lately got in some speckled trout from the Maritime provinces, which he kept in a barrel by the shop door. As the quantity unaccountably lessened, Mr. Walker set a watch; and it was soon discovered that some boys had been pilfering the fish one by one, and carrying them away to a hiding place behind the block. Fish to the value of \$1.50 were recovered.

MISSIONARY SERVICES.—On Sunday next the annual sermons in connection with the Wesleyan Missionary Society will be preached in the Church, morning and evening, by the Rev. Thomas Crosby, for many years a missionary among the Indian tribes in British Columbia. On Monday evening the annual meeting will be held, when the Rev. Mr. Crosby, for twelve years a missionary in India, Rev. Mr. Crosby, and other ministers will address the meeting. The meeting will undoubtedly be one of the most interesting that has ever been held in the Wesleyan Church in this town.

LUCKY ESCAPE.—The old shop of Messrs. R. R. Dalgleish & Co., Guelph, was broken into on one night last week. The firm had removed into their new shop the same day, so that through this rather remarkable coincidence the thieves were disappointed. They narrowly missed a valuable prize; however, for Mr. Dalgleish forgot his coat and left it hanging behind the door. When the rascals opened the door of the office, it covered the coat and prevented their seeing it. Nothing else being in the place, they left disappointed. There was about \$37 in the pocket book, with notes to the amount of \$200 or \$300.

DEATH OF MR. CHANCE.—We regret to record the death of Mr. Robert Chance, which took place to-day (Tuesday) at 12 o'clock. Although he rallied at first from the effects of the amputation of his leg, which took place a week ago, yet the shock seems to have been too much for his system, prostrated and weakened as it was by previous illness, and for the last few days he kept gradually getting weaker until at last nature gave up the struggle. The deceased came to Guelph about 16 years ago as salesman to Mr. John Hogg. He afterwards entered into partnership with Mr. Hogg, and when that gentleman retired from business, he succeeded to it, and the partnership continued till Mr. Chance was unable any longer to attend to business. The deceased had a wide circle of acquaintances, and was greatly esteemed as a pleasant companion and warm-hearted friend. He leaves a widow and one child mourning his loss. We understand that the deceased will be buried with Masonic honours by the brethren of Guelph Lodge, of which he was a member. The brethren of other lodges are cordially invited to attend.

PRIMITIVE METHODIST CHURCH.—An entertainment was given in this church on Monday evening by the Sabbath School children, consisting of recitations, dialogues, and singing under the leadership of Mr. Geo. Webb. The proceeds of the evening were nearly \$25. Rev. Mr. Wood occupied the chair. He said that the meeting was for the two-fold purpose of entertainment and of raising money for the Sabbath School, which could not be carried on efficiently without help. He was glad to see such a good attendance. The Sabbath School was flourishing, and the proceeds of the night would enable them to supply some of its wants. A lengthy programme was taken through. The Sabbath School children sang "The Children's Jubilee," "Stand on the Rock," "Let me Go," "A Beautiful Land," "The Welcome Home," "God made all Nature Free," and "Good Night." A solo was given by Miss Amy Wood, with chorus by school. Miss Palmer and Miss Sayers sang each a sacred piece; and a duet was given by Miss Sayers and Miss Wood. Recitations were given by Mrs. Easton, Miss Graham, Walter Wood, Miss Lawrence, Miss Mary Jane Simpkins, Miss S. Palmer, W. Graham, Jr., Mary Forko, Kate Easton, Miss Emily Lawrence, J. Heekin, and a little girl. The following dialogues were read:—"The Wishes," by three little girls, well received. "The old Companions," by two boys and two girls; concluding with "Miss Chatterbox," by four young ladies, which was the master piece of the night. The ladies sustained their parts well, particularly "Chatterbox." A benediction by the pastor brought the evening to a close.

Local and Other Items

The Roman Catholic Church at Louisa has been robbed of a silver chalice and communion plate.

Two Canalliers in St. Catharines have been having a row with the police and citizens, in consequence of a number of them not getting their pay regularly.

Fox want of a handy missile, a drunken braggart living in the outskirts of London the less threw his little son at his wife the other day, knocking her down and hurting the boy's head. So says the Herald.

A GREAT REDUCTION in the number of licenses for the current year has been made by the St. Catharines Town Council, in partial response to a petition from the ratepayers. The number of taverns is reduced from 51 to 30; of shop licenses, from 18 to 15; and of saloons from 4 to 2—as compared with last year. The municipal license fee has been nearly doubled. A good License Inspector has also been appointed.

FATAL ACCIDENT.—Whist Mr. Hunter, Blanshard, Perth County, was loading saw-logs on his sleigh one rolled off and came on the top of him while in the act of passing the chain under the beam of the sleigh. The saw-log crushed him through the ice on which he kneeling, death is supposed to have been instantaneous. He was followed to the grave by the largest concourse of people ever seen at a funeral in the County, over 180 teams being present.

There has been a difficulty in Brantford about the market fees, which are at present 12 cents for a double team, and 6 cents for a single team. The dispute began by the farmers being charged 13 cents and 7 cents, when they thought it should have been twelve and six cents. They now think that the rate is entirely too high. A public meeting was held on the subject on Friday night, the result of which is that for the present year the fees are to be left at 13 and 7 cents. At the end of the year they will probably be reduced to 10 and 5 cents, and very likely Thursday will be granted as a free day.

School Board. The usual meeting of the Board was held on Monday night. It came near not being held at all, for Messrs. Stevenson, Inglis, Knowles, Harvey, and Dr. Keating were the only ones present until after eight o'clock, when the chairman and Dr. McGregor dropped in, making a bare quorum. Had it not been for this, there would have been "no quorum" twice running, for it was a month since the Board had met.

The Secretary read the following communications:—

From Mr. Callen, stating that he had succeeded Chas. Carrier for wifful opposition to his authority as master of the Central School; and referring to other matters.

From Miss McTaggart, announcing her resignation at the end of the present quarter.

Mr. Knowles remarked that insufficient salary was the cause of this.

From Mr. Brunner, French and German Master, asking to be relieved from his engagement on the 1st April, and presenting a report of the number of French and German pupils in the various departments.

From Mr. Simpson, stating that he had taken charge of the South Ward School, as instructed; that he had 49 pupils, including some 13 from the High School; that he had more pupils and subjects of instruction than he could manage so efficiently, and that more seat accommodation was required.

From the Education Department, stating that the grant to the High School for the last half of 1873 is \$187.

From Mr. Lafferty, giving his monthly report, which showed an attendance of 31 boys and four girls. Fourteen candidates had presented themselves for the entrance examination, on the 7th and 8th ult., of whom ten had passed for the classical and one for the English course, subject to the approval of the central committee, 6 of these were in Martin's Academy, public schools, 3 from Martin's Academy, and 2 from other schools. The report went on at length to refer to the recent change in the arrangements, and to the working; confirming Mr. Simpson's statement of the difficulty he was laboring under at the South Ward School, where the interests of the efficient pupils were sacrificed to the preparation of the majority of the inefficient pupils. These communications were referred to committee.

The Board then adjourned for ten minutes in order to allow the School Management Committee to meet. Mr. Stevenson, the chairman, had not called the committee together, as he was not aware that he had been re-appointed chairman.

On the Board's re-assembling Mr. Stevenson read the report of the School Management Committee. It stated that the committee had had an interview with Mr. Lafferty in reference to the difficulty complained of by Mr. Simpson in his communication, and that Mr. Lafferty was willing to take from Mr. Simpson a number of the High School pupils so as to afford him relief. The committee commended that the chairman of the Board and of the committee see that this be done at once.

The report was adopted.

Mr. Knowles called attention to the need of a clock in Miss Thexton's department.

The Board then adjourned.

SOCIAL.—As previously announced, a social was held in the School House, Mountsberg, on Friday evening, 20th inst., which turned out a complete success in every respect. Mr. Jas. McLean, of Puslinch, occupied the chair. The speakers, Messrs. Robert and James McQueen, of Beverly, gave excellent addresses. The Mountsberg choir discoursed beautiful music. Songs were sung by several ladies and gentlemen, among whom were Miss Hopkinson, Messrs. Elliot, Stewart, John and Harman Page. The meeting closed with singing the "National Anthem." The proceeds amounted to \$33.

BY TELEGRAPH

A British Columbia Ring. **Washington's Birthday.** **The Famine Districts.** **Forty Millions in Distress.** **English Matters.** **Dr. Livingston's Death Confirmed.**

Victoria, B. C., Feb. 21.—Charges have been made by the press of the complexity of certain members of the Local Government and Federal Parliament in a ring to sell a certain ore claim on Texada Island to the late Government of Canada for \$150,000. Mr. Robson, of Nanaimo, moved for a Royal Commission to enquire into the matter, which was defeated. A Government measure of similar purport was adopted.

New York, Feb. 23.—Washington's birthday is being commemorated by a very general suspension of business. The Gold Room, Stock Exchange, Produce Exchange, and similar places, did not open to day.

London, Feb. 23.—It is said that on the assembling of Parliament it will be immediately prorogued until the 12th of March, so that members who have accepted office from Disraeli may have an opportunity of going before their constituents for re-election. It is also said that the Queen's Speech will not be read until Parliament re-assembles.

Hart Duke has received the appointment of Patronage Secretary of the Treasury.

A despatch to the Times from Calcutta says that 28,000 persons are distressed from the want of food, in the districts of Tirhook and Boglipoor. The Presidency of Bengal, in the same despatch, says it is estimated that but for the aid furnished by the Government, 500,000 persons would perish.

London, Feb. 24.—Sir Charles Adderley is President of the Board of Trade, and Sir John Kington has been elevated to the Peerage under the title of Baron Hamilton.

Sir Bartie Frere, at a meeting of the Royal Geographical Society yesterday evening, stated that after a conference with Mr. Kirk, he had come to the conclusion that the report of Dr. Livingstone's death was true. The Queen, at the recommendation of Gladstone, has granted a pension of \$1,000 per annum to the children of Dr. Livingstone.

A despatch from Strasbourg, via Paris, dated 23rd, says that M. Gaebler and six other delegates to the Reichstag from Alsace and Lorraine have published a recomendation of Bishop Reuss' acknowledgment of the Frankfort Treaty.

New York, Feb. 24.—A letter was received last evening in London from Edwin Forbes, who went to British India to learn what he could regarding the famine. He writes that scarcity spreads over the wide tract along the foot of the Himalay's bounding Nepal, stretching from Oude to near Darjeeling, remote districts removed from railroads, and difficult to approach. Lord Northbrook, at the meeting of the Council, has threatened in fifteen districts in addition to Texas, comprising a total population of 26,000,000. This is not all. Twelve other districts of 14,000,000 people are threatened, and are described as almost entirely without roads and water. The Coolie laborers feel the pinch most, owing to the total suspension of work in the rice fields.

Buffalo, Feb. 24.—The detective yesterday arrested and brought to Buffalo T. M. Otley, a former grain dealer here and in Canada, who also carried some time ago with considerable funds. He is captured in Chicago.

London, Feb. 23.—Charles Shirley Brooke, the English novelist and dramatic author, is dead.

Dr. Livingstone's remains are expected to reach Zanzibar on the 20th inst. The Cameron expedition will proceed to Ujiji to obtain many documents and property left by the doctor.

Ontario Legislative Assembly.

Toronto, Feb. 28. THE AGRICULTURAL FARM AT GUELPH. Mr. Bykert moved for a return of all the correspondence between the Government and Mr. Stone, his Attorney and Agents, and all correspondence between the Government and its Solicitors, and Agents, at Guelph, relating to the Agricultural Farm at Guelph; also copies of all Orders in Council relating to said Farm; also copies of all correspondence with the Police Magistrate and Chief of Police of the City of Toronto relating to the said Farm; also, all other correspondence between the Government and any other person in reference to the said Farm. He contended that the authority of the Government was being prostituted by reason of the forcible possession taken of the property by the policemen of Toronto; and he recapitulated what he called the history of that act. He commented upon the appointment of a Professor to the College, and a Matron to take charge of the premises, before the Government had made their title good to them. He considered the Government was showing the people of this country a bad example when they violated in such a glaring manner one of the most widely recognized laws to which all private citizens were amenable, viz: that no forcible possession should be taken of any property, and that it must be gained by the usual process in the Courts.

Hon. Mr. McKellar said the hon. gentleman who made this motion did not seem to be properly posted in all the facts connected with the affair. In the month of April the purchase was made from Mr. Stone of the farm, and an agreement was arrived at by which that gentleman was to have possession of the whole of the farm until the end of December, with the exception of the new house and the grounds surrounding it. Of these the Government were to take possession at the month. He (Mr. McKellar) was anxious to have possession, because it was necessary that a number of alterations and improvements should be made, and the agreement for immediate entry to the house had been made in order to allow of their being proceeded with at once. There were technicalities with regard to the legality of the title by which Mr. Stone held the farm, which the Attorney-General had to settle before the Government took possession of it; but as the house was empty, the Government thought it would be well to have possession of the premises as soon as possible. He only sorry they had not taken steps to secure it months before they did. If they had done so, the necessary improvements could have been finished by the time they had at last gone into it. He added that he had never had any transaction with Mr. Stone who had acted in such bad faith as Mr. Stone had done in connection with that whole matter. He felt quite sure when the papers were brought down, the House would agree with him in the statement, and understand that the Government had been put to a great deal of inconvenience and unnecessary expense in consequence.

Mr. Cameron said the Government should not have taken possession until they had made good their title and paid the money they had stipulated. It was a matter of very great gravity that the Government should presume to take possession of any property belonging to a private individual, without the usual formalities required by law.

Hon. Mr. Morvat said he had personally made every effort, with the assistance of those in his office, to make an agreement for the purchase of the farm complete at the earliest possible moment. They entered immediately upon an investigation of the title, but Mr. Stone had peculiar views upon these matters, and they found it impossible to get him to do what he had no doubt he was perfectly capable of doing. Evidence had to be collected and papers sent to England, and a great deal of delay had occurred in consequence; but that delay would have been much less had it not been for Mr. Stone's action. The Government had no more to say about the correctness of his title, but of course it was impossible for the Attorney-General to pass it until it was shown to be legally good. The conveyance was not executed until a few days after his hon. friend the Commissioner of Public Works had sent the man in possession of the house, and the country had interfered very much on account of the delay; works were retarded which it was extremely desirable should be proceeded with at once. The property actually belonged to the Province, and there was no reason why the empty house should not have been occupied, and preparation be gone on with for the opening of the College. The Commissioner of Public Works took the course he thought necessary in the interest of the country, and it seemed to have had a very good effect, for some days afterwards Mr. Stone came down and the matter was settled. He had no objection to the motion, with one or two slight alterations. There was a good deal of correspondence on the subject of the title, pointing out wherein there was anything doubtful, and soon. He did not think it would be desirable to publish all that correspondence; the property now belonged to the Government of the Province, independently of any private individual; and he thought the House had sufficient confidence in the Government not to require that these papers should be brought down. If hon. members so desired it, they have an opportunity of examining them for themselves, but he did not think they would insist upon making them public property; and then he would propose to strike out that portion which asked for correspondence with the Police Magistrate and Chief of Police of the City of Toronto, because no such correspondence existed. To allow the language to remain in the motion would imply that there was. The officers in question had acted, not upon written orders, but upon verbal instructions.

Mr. Bykert said the whole proceedings were very unusual, and there was no reason why the Government should refuse to bring down the whole of the papers. He did not see why that portion relating to the police of Toronto should be kept back, and he considered it would be important to know if the Commissioner of Public Works acted upon his own responsibility in that matter, or whether he acted with the knowledge and assent of

John M. Bond & Co.
