Edmonton's victory was entirely due to her heavy hitters and Inability of the visitors to connect. The latter mad a couple of good slab artists, but each was batted al' over the lot. They were also fast on bases, but falled to round the circuit. Two men only reached second base. The visitors succeeded in getting four hits, two in the first and two in the eighth. An Entirely Different Proposition Faces the Calgary Team When It Meets the Semi-Pros.

Tonight at \$.15 the Calgary baseball team will once more he seen in action, when they stack up against the semi-pros. The test tonight will be a more severe one than that of Saturday last.

Manager Carney has lent the semi-pros. Gouchee, catcher, and Standfridge and Geehan, pitchers. This will put the pros. against a good battery and good pitching. It will also give the team a better practice, and make the game more interesting for the spectators to see how the team will bat against real fast pitchers.

Correct, take the matter up with the powers that be. It was small chances of the coast again after taking two weeks there on their last trip. Before they would give up the trophy, the trustees would have to show them on what grounds.

Sandy Strang said the only meaning he could construe on the affair was that Mr. Parker was sore that the shield was resting so long in Calgary, and he wanted to see it either in Winnipeg or at the coast. Mr. Parker, Schult and Byrons.
