Will surely appeal to feminine eyes. Women of course spend more time in their bedrooms than men; they have to "live with their furniture" and therefore they should be particular about its selection. May we help you choose your new bedroom suite, or single pieces? Or perhaps you are thinking of some new piece for the library, living room or dining room? You'll find it right here.

Weak Worried Women

Can Find New Health and Strength Through the Use of Dr. Williams' Pink Pills

It is useless to tell a hard working woman to take life easy and not to To do so is to ask the almost impossible. But, at the same time, it is the duty of every woman to save her strength as much as possible; to were made by returned men and take her cares as lightly as may be, others. and to build up her strength to meet any unusual demands. It is a duty she owes herself and family for her future health may depend upon it.

To guard against a complete breakdown in health the blood must be kept rich, red and pure. No other medicine does this so well as Dr. Williams' Pink Pills. This medicine actually makes new, red blood, strengthens the nerves, restores the appetite and keeps every organ healthily toned up. Women cannot always rest when they should, but they can keep their strength and keep disease away by the occassional use of Dr. Williams' Pink Pills, which have done more to lighten the cares of weak women than any other medicine. Among the many women who have reason to be thankful for Dr. Williams' Pink Pills, is Mrs. Milan Bailey, Utterson, Ont., who says "Two years ago I got weak and badly run down, and could scarcely do my housework. I grew so thin that my friends used to comment upon it. At that time my baby was six months old and the care of it and my housework were almost too much for me. It was at this stage that my husband got me a supply of Dr. Williams' Pink Pills, and before I had been taking them long we could see an improve ment in my condition. For months I had not been sleeping well and my natural sleep returned and I wasn' so nervous. Then my friends begar to comment upon my improved condition and tell me how much better I was looking. By this time I had taken six boxes I felt completely cured, and have since enjoyed the best of health. Now I never fail to recommend Dr. Williams' Pink Pills

when any of my friends are ailing. You can get Dr. Williams' Pink Pills rom any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50 from the Dr. Wiliams' Medi-
