R. LEWIS 434—
Richmond Street**CIVIC REFORM.****Aldermen to Be Elected for a Two-Year Term.**

Hon. Mr. Hardy has introduced a bill into the Ontario Legislature, dealing with civic reform. Briefly stated, the measure provides for the election of aldermen for a term of two years, one-half retiring alternately. Provision is also made for a board of control for the cities of over 100,000 inhabitants. The board will consist of three aldermen elected by the council, and the mayor, who shall be chairman. The functions of the board will be of an executive character, and it will require a two-thirds vote of the council to overrule their acts or suggestions. Provision is also made for an independent court of revision, composed of three members—one to be appointed by the city council, another by the board of trade, and the third will be the official arbitrator. No municipal official or member of the council is eligible for this appointment.

THE PAIN IMMEDIATELY LEFT ME.

So Says Mrs. W. T. Rundle, of Dundalk, After Using Dr. Agnew's Cure for the Heart.

How difficult it is for those afflicted with heart disease to get relief, and to get it quickly. The pain hangs on, and is suggestive of the most terrible results, for heart disease cannot be trifled with. Here was Mrs. W. T. Rundle, the wife of a well known cattle dealer in Dundalk, who suffered so severely from pain in the region of the heart that, to quote her own words: "I was for some time unable to attend to my household duties. I was induced to try Dr. Agnew's Cure for the Heart; and I must say the result was wonderful. The pain immediately left me after the first day, and I have had no trouble since." Strong testimony, and yet Mrs. Rundle stands along with thousands of others who can say the same thing.

There is a fatality about a first acceptance—by a girl or an editor. They ought to be more careful.

Piles! Piles! Itching Piles!
SYMPTOMS—Moisture; intense itching and stinging, mostly at night; worse by scratching. If allowed to continue, tumors form, which often ulcerate and bleed, becoming very sore. Swayne's Ointment stops the itching and bleeding, heals ulceration, and in most cases removes the tumors. At druggists, or by mail, 50 cents. Dr. Swayne & Son, Philadelphia. "TRILBY" ON WEDNESDAY NIGHT.

"Trilby" will be given here for the last time on Wednesday, Feb. 26. The drama departs from the novel in just a few particulars. Trilby's denunciation of Little Billee is slightly different from the book, but the third act in its development is much better than the novel, and more than an even balance is struck. This great act calls forth a tumult of enthusiastic approval from all audiences. Mr. Potter has admirably retained the spirit of the novel. The charm of Bohemian life in the Latin Quarter in Paris infuses the first two acts with a gaiety and abandon that completely catches the audience. The other two acts hold their attention, the third with its dramatic and tragic power, and the fourth with its pathos, deepened by exquisite artistic reserve. It is safe to say that large, fashionable and enthusiastic audiences will greet the superb production on its second appearance here.

MANAGER HOLMAN'S BENEFIT.

On Tuesday night next Mr. Alf. D. Holman, manager of the Queen's avenue rink, will be tendered a benefit. THE MEMORIAL CHURCH.**Annual Missionary Meeting—A Handsome Sum Raised for Missions****by This Chu. ch.**

Doubtless owing to the severity of the weather, there was only a fair audience at the annual meeting of the Missionary Society of the Memorial Church. Canon Richardson said that the attendance was no criterion of the interest taken in the work. The monies raised by the congregation for missionary work for the past year were \$1,163. He hoped that next year they would be able to report a very large increase.

Dean Innes said he thought Memorial Church stood near first in the Diocese of Huron in the interest taken in and financial aid given to missionary work. The English Church people were not near the wealthiest people in the diocese, and this was particularly so among the farmers. It seemed peculiar to see a mission receiving a grant when one would think the district perfectly able to support a minister, but if one would examine carefully, he would find that only a very small portion of the farmers were of the English Church. The young people of the church were drawn elsewhere, and consequently their subscriptions. He could not see why the soul of a fellow-countryman was not as important as that of an East Indian. The contrast usually drawn between home and foreign mission work was a very unfair one. If there was anything to be said in favor of either, it was in favor of home mission work. The best way to make Canada better was to educate the people religiously. They wanted Canada to be a free and loyal country. A man's Christianity could be kept within himself. "While you support foreign missions, do not forget the very important home missions," concluded the dean.

Mr. W. W. Hoyle, Q.C., principal of Toronto Law School, said they must preach the Gospel to all men, as they were so commanded by Christ. All Christians looked forward to the coming of Christ as the ending of all suffering. Men should do as they could to hasten the coming of His Kingdom. It was right to support home missions, and it was also right to support foreign missions. Every Christian may be a missionary. A missionary is only one who is sent to preach the Gospel. There are a great many who try to escape the work laid out for them. People should remember the infinite degradation of heathen nations. In China 24,000 people die every day; in India there are 23,000. Think of these great numbers who die without hearing of Christ. It is the will of God that foreign missionary work should be done.

Dr. Ryerson, M.P.P., of St. James' Cathedral, Toronto, made a few very appropriate remarks relative to the admirable work of the St. John's Ambulance Association.

An Awful Funny Story was related by Smythe at the club the other night. When the laughter had subsided some one said: "Smythe, I never saw a man change as you have during the past year. A few months ago, you were the most taciturn man imaginable; now you are the life of the party. How is it?" "My dear fellow," replied Smythe, "a year ago I was a sick man. I was suffering from liver and stomach derangements. I was morbid and melancholy, and my friends, the doctor included, thought I was 'going into consumption.' One day some one advised me to take Dr. Pierce's Golden Medical Discovery. I did so, and I am a new man. It has actually renewed my youth, and I enjoy life as I have not for years."

Dr. R. V. Pierce, Sir—Allow me to offer my thanks to you for my good health since using your "Golden Medical Discovery." I was but the shadow of a person, so thin and haggard, without one moment's ease; had suffered for years with my stomach and liver, and this spring had a very severe attack of La Grippe. I then commenced using the "Discovery" and my recovery was wonderful. I am 45 years old, and feel as well and strong as I did when 16 years old; my sleep is as sound as an infant's. I remain,

Yours thankfully, R. A. GILES,

Arrington, Nelson Co., Va.
