DUAL VOTE FOR COUNCILORS.

Mr. Joynt moved the second reading of his bill to amend the municipal act, which seeks to abolish the dual vote system for county councilors. Hon. Mr. Davis said that the government in introducing the system had in view the prevention of partisan election of wardens. In strongly partisan municipalities some objections had been raised. He asked that the matter be left over until next session, by which time the act would be thoroughly tested and they would be in a position to judge as to whether it should be changed .

Hon. Mr. Gibson said that while there were some objections in certain parts of the country to the dual vote and perhaps some other sections of the act no one would dream of repealing the present act and going back to the old state of things. The changes suggested should receive further consideration. The opinion of municipalities throughout the province might be gathered with reference to the working of the act, so that the House might be guided in any discussion of the subject. Mr. Lucas and Mr. Kribs spoke briefly in support of the bill.

Mr. Malcolm opposed it, adding that, so far as he was aware, the people of Bruce (which county he represents) were thoroughly satisfied.
