As An Advertising Medium

The slogan "Made in Canada," is good as far as it goes, but it takes in the good, bad and indifferent. "Made by Jones" is better, for then Jones feels the credit or discredit of the article.

Many a giant industry of today has been built on this family-name principle—the kodak, the carpet-sweeper, the safety razor, etc.

Think over a score of the world's industrial successes, and you'll find nine-tenths of them have been advertised articles.

THE GLOBE has been in the forefront of the advertising business in Canada for sixty-six years. Its position today is unquestioned.

ADVERTISING RATES ADVANCE SHORTLY.

WINS GIRL WOOD ON WORLD VOYAGE

Navy Officer to Wed Pretty Sister of Margaret Anglin.

New York, July 1.—A marriage license was issued today at the city hall to Lieut. Charles Thomas Hutchins, jun., U. S. N., stationed at the Washington navy yard, and Miss Eileen Mary Warren Anglin, of 22 West Fifty-ninth street. Miss Anglin is the sister of Margaret Anglin, the actress. Lieut. Hutchins said he was 30 years old and Miss Anglin said she was 27. They took City Clerk Scully that the wedding would take place on July 11.

The engagement of Lieut. Hutchins and Miss Anglin is the result of a romance associated with the cruise of the Atlantic fleet around the world. When the fleet reached Australia in August, 1908, it was the day previous to the arrival of the actress, Margaret Anglin, who was playing in "The Thief" at Melbourne. While the battleships were at Sydney, a rivalry arose among the officers as to who should be the first to entertain the actress. Lieut. Hutchins, who had reached Melbourne, was the first to do so. The officers of the Louisiana, on which Lieut. Hutchins was stationed, won out. They sent an emissary over from Sydney to Melbourne. He arrived there the day previous to the actress's arrival, which was on a Saturday. The emissary secured Miss Anglin's promise to be the guest of the officers of the Louisiana at luncheon on the next day. Miss Anglin accepted the invitation and she might bring her sister, Miss Eileen, who was her companion on her theatrical tour of Australia. At the luncheon, Lieut. Hutchins first met his prospective bride, who, by mere chance, had been seated next to him at the table.

MONTREAL BUILDERS STAND TOGETHER

Put Up \$1,000 Forfeit That They Will Refuse to Recognize Claims of Unions.

A special to the Toronto News says: Montreal, July 7.—The master builders, as a result of the sudden strike of the bricklayers and stonemasons' unions, met yesterday, when it was decided that they should put up a firm and united stand against the demand of the men for recognition of their unions and the closed shop. Not only did the various firms agree to this, but they also agreed to each put up a deposit of \$1,000 as a guarantee that they would stand by their agreement and see the fight through. It was stated at the meeting that the contractors might as well put up a fight now as at any other time, and that unless they did so the present trouble would simply mean that a number of other similar demands would be made, which would result in their business being pretty much run by the unions. The strikes now in progress do not involve the question of wages or hours, but are based wholly upon the recognition of the unions interested.

THE FIRST SITTING

Ottawa, July 6.—The technical education commission had its first sitting here today, all the members being in attendance. There was a conference and general discussion with the Minister of Labor, and it was decided to begin hearings in the Maritime Provinces and come westward.

Seven Hurt in Orillia in Explosion

Orillia, July 7.—One of the Standard Chemical Company's buildings at Longford Mills was wrecked yesterday afternoon at 3 o'clock yesterday afternoon and seven men injured; three of them seriously and one probably fatally.

HUDSON BAY RY. TO RUN IN 18 MONTHS

Contract Let for Bridge Across Saskatchewan at Lepas Junction.

Winnipeg, Man., July 7.—The initial step in the construction of the Government railway line to Hudson Bay was taken Tuesday night, when the contract was let for construction of the superstructure of the bridge across the Saskatchewan River at Lepas Junction, the present terminus of the Canadian Northern. This bridge will admit the passage to the far north of the supplies for the Hudson Bay line. The crossing of the river has hitherto been the stumbling block.

Actual work will be started this month, and the work will be rushed on the grade and steel will be laid by fall next year.

FARMERS ARE NOW CUTTING THEIR HAY

Crop Is Reported to Be Fairly Good Quality.

Farmers in the surrounding townships have commenced cutting hay this week, and the beginning of hay harvesting, and the noise of the mowers is the most familiar sound in the countryside.

D'ALENCON BURIED

Royalty Represented at Funeral of the French Nobleman.

Dreux, France, July 7.—The Duke D'Alencon was buried today in Orleans in the chapel beside his wife, who was burned to death in the charity bazaar of the King of Bulgaria, representatives of the royal houses of Spain, Portugal and Belgium, and members of the French Bourbon family, were present. Strong detachments of troops preserved order. The Duke D'Alencon was a second son of Louis XV, who died in 1896, and a grandson of Louis Philippe, King of the French. He was born in 1844 and his elder brother is claimant to the French throne.

SETTLERS FLOCKING WEST

Homestead Entries for Last Five Months Totalled 23,354.

Ottawa, July 7.—For the first five months of the present calendar year homestead entries reached the large figure of 23,354, as compared with 13,111 for the same months of 1909, or an increase of 78 per cent. By provinces the entries were as follows: Manitoba, 1,120; Saskatchewan, 12,716; Alberta, 9,414; British Columbia, 102. For the month of May alone the entries were 6,374, representing a total of 15,840 souls. Of the entries for May 2,143 were made by Canadian residents in the Dominion, 86 by Canadians just returned from the United States, 2,091 by Americans, 681 by English, 190 Scotch, 71 Irish, 47 French, 16 Belgians, 98 Germans, 259 Scandinavians, 309 Austrians, 289 Hungarians, and 94 by other nationalities. In May, 1909, the homestead entries were 3,243, as against 6,374 for the corresponding month this year.

USE OF SILK HATS IS NOW DYING OUT

Automobile and Exigencies of Modern Travel Are Forcing High Headgear Out of Fashion.

London, July 6.—One might imagine, now that the tourist season is in full swing, that the travelling-trunk maker would have been the last among tradesmen to complain about slackness in business, but he is complaining, and evidently with reason. It seems another case of "cherchez la femme." Time was when a woman did not go for even an all night visit to the country without a valise of trunk. But now, according to the boxmaker, she has divorced herself from these, and the result is that she no longer seeks an escort when travelling. The Saturday to Monday picnic or house party, fashion and the automobile have made as little luggage as possible a necessity. Woman, too, is not a convenient vehicle on which to convey large baggage to and from a railway station. Therefore most articles for women travelling are now made to fit into as small a space as possible.

To a long list of the things run down by the automobile must be added the once fashionable tall silk hat. A hatter, once in a good way of business, has just attributed the failure of his business of the automobile, arguing that men who used to wear nothing but the silk "topper" now use caps.

There is no doubt that the silk hat is dying a natural death, though the last agonies are somewhat prolonged, said a well-known maker of hats ruefully when questioned about this assertion. "I should say that the purchasers of silk hats are now fully sixty per cent less than they were ten or even five years ago. This year has seen a fairly good revival of the trade, but that may safely be ascribed to the fact that the automobile and other ceremonies associated with it.

BAPTIST MISSIONS

Big Increase in the Offerings for the Foreign Work.

Toronto, July 7.—A special meeting of the Baptist Foreign Mission Board of Ontario and Quebec was held yesterday in the McMaster University, presided over by Rev. Dr. Bates.

CANADA'S NAVAL ADVISER

London, July 7.—P. O. W. Howe, appointed naval adviser at Ottawa, has been promoted to be engineer-commander.

ACID ON BOARD

Ottawa, July 6.—Wm. Acid, Kingston, will represent the G. T. R. brass workers on the board of conciliation in connection with their dispute with the company.

PRIZE WINNERS AT THE PICNICS

Excellent Sports Carried Out at Springbank and Port Stanley Yesterday.

A SHOWER AT PORT

Sunday Schools Held Ideal Outings Yesterday at the Favorite Resorts.

The exit of picnickers from the city yesterday was large. In point of numbers it was the biggest picnic day of the year.

Port Stanley and Springbank claimed immense crowds, both resorts fairly swarming with picnickers. The street railways ran ten picnic specials to Springbank, while the Traction Company and the Pere Marquette ran two each to Port Stanley.

The weather conditions were ideal for the outings. A slight shower, which developed late in the afternoon at Port Stanley, slightly marred the pleasure, but it cleared up shortly after. No rain fell at Springbank.

The following picnics were held at Port Stanley yesterday: Memorial Church, St. James' Anglican, All Saints', Centennial Methodist, Belmont and Harrietsville, Talbot Street Bible School.

At Springbank: Southern Congregational, Knox Presbyterian, Askin Street Methodist, St. Luke's (Broughdale), Knox Presbyterian, St. George's, Wellington Street Methodist, Empress Avenue Methodist, Knox Presbyterian and the ex-Nissourian picnic.

The Sunday school of the Southern Congregational Church held its annual picnic at Springbank on July 5. A goodly number of the parents and friends of the scholars gathered in the morning, others arriving at intervals during the day. Sports, races and games were indulged in, the children especially having a high time. Prizes were won by a good number, and the evening meal in the pavilion was enjoyed by a large number, all doing ample justice to the good things.

The following is the list of sports of the Talbot Street Bible School annual picnic, which was held at Port Stanley on July 5:

Primary class, girls—Margaret Harwood, Jessie Burke, Zigzag, boys, 10 to 14—Willie Harwood, Bert Allister. Primary class, boys—Howard Bryant, A. Cunningham. Girls, 9 to 11—Ruby Cunningham, Bertha Adams. Boys, 9 to 11—Orval Bryant, Willie Harwood, Bert Allister. Girls, 10 to 14—Ena Arcscott, Wanda Webb. Male, 10 to 14—John Jepson, Bert Allister. Throwing baseball, girls, 14 to 16—Louise Hilbert, Ena Arcscott. Male, 10 to 14—John Jepson, Bert Allister. Young ladies, over 18—Miss Burch, Miss Zavitz. Young men, over 20—Earl Walworth, Roy Davis. Eggs and spoon—Violet May, Ena Arcscott. Old young men—Mr. Lamb, Mr. A. Dale. Girls' race—Ena Arcscott and Louise Hilbert, Violet May and Pearl Comfort. Boys' doughnut contest—Joe Chambers, Bert Allister.

W. M. S. Picnic.

Instead of the regular July meeting of the Women's Missionary Society of the Wellington Street Methodist Church a picnic was held at Springbank yesterday afternoon. A special train came to the church at 8:30 taking down about a hundred of the members and their friends. Supper was served in the pavilion by the ladies. The return trip was made about 9 o'clock.

Chalmers Church Picnic.

The annual outing of the members of Chalmers Presbyterian Church was held at Springbank yesterday. A large party went down at 10 o'clock in the morning, and had both dinner and supper at the park. In the afternoon a programme of sports was carried out, and greatly enjoyed. The winners were as follows:

Mothers' race—1 Mrs. Moffat, 2 Mrs. Pirie, 3 Mrs. Stein, 4 Mrs. Tagg. Ladies' race—1 Mrs. Mapletto, 2 Mrs. Michael, 3 Mrs. Hicks, 4 Mrs. Pirie. Infant class race—1 Lorne Stewart, 2 Gertrude Pirie. Boys' race—1 David Moffat, 2 Clarence Moffat. Girls' race, 11 to 15—Annie Campbell, 2 Hazel Williams, 3 Fernie Chivers. Boys' race, 7 to 11—Clarence Chivers. Girls' race, 11 to 15—1 Mrs. Williams, 2 Agnes Hicks, 3 Kate Williams. Girls' race, 15 to 18—1 Janet Mapletto, 2 Vera Williams, 3 Margaret Allen, 4 Bertha Fraser. Boys' race, 11 to 14—1 Neil Stewart, 2 Gordon Thompson, 3 Russell Legg, 4 James Deel. Mothers' race—1 Mrs. Eddie, 2 Mrs. Bryce, 3 Mrs. Mapletto, 4 Mrs. Michael. All Saints' Picnic.

All Saints' Picnic. The Union of St. David's Anglican Churches held a joint Sunday School outing at Port Stanley yesterday afternoon, over 350 going down by the traction. The amusements included boating and bathing. No programme of sports was held, but the picnic was one of the most enjoyable ever held under the auspices of All Saints' Church.

The Knollwood Park Presbyterian Sunday School picnic was one of the largest at the Springbank Park yesterday. Nearly two hundred were present and everybody had a good time. A special car from the corner of Oxford and Adelaide street conveyed the first contingent to the park at 1:30 p.m., and the others followed shortly afterwards. The picnic was a quiet, respectable affair, with no rowdy or unruly assistants, were unceasing in their efforts in seeing that all enjoyed themselves. An unlimited supply of ice cream comes for everybody, prize popcorn packages for the little ones, and a handsome array of prizes for the contestants in

the sports made the day a happy one for all.

A long programme of races was presented, and this was interspersed with numerous special features, namely a boat chase, potato race, tug-of-war, boy walking contest, and an ice cream contest.

The latter caused a great deal of excitement, the winners being Miss Helen Bell and Master Donald Inlay. The picnic returned home at 7:30 p.m.

The sports committee was as follows: Messrs. C. Jones, M. Dockstader, John Inlay, Peter Inlay, G. J. West, William W. Leitch, Arthur Jones and George Marshall.

Refreshment committee: Mesdames Nichol, Dockstader, Fox, Murray, Scotney, Jones, Misses A. Simpson, Hazel Smith and Bell.

AUTOMOBILE TRAGEDY DUE TO SUNSTROKE

McCrae Thought to Have Been Affected by Sun and Lost Control of Wheel.

Hamilton, July 7.—There has been much speculation as to the cause of last Thursday's fatal automobile accident on the mountain and various explanations have been offered, but until today nothing has been said that is more than a guess. It is believed that Keith McCrae, the chauffeur, was affected by the heat before he came to the fatal spot and that Miss Perkins, realizing that he had not complete control of the car, became terrorized and threw her arms about him, and that in doing so, she caused the steering wheel to turn and the car to take its fatal plunge.

Mr. McCrae is still in the City Hospital as a result of his injuries, and his mind is absolutely blank concerning the terrible affair, though he is rational in all other respects. Those who have been with him or attending him during the past several days have done everything possible to get from him an explanation of the accident, and it is the one thing he cannot tell anything about. It was supposed during the first few days, that the concussion of the brain he sustained accounted for the fact that he could not recall anything about the affair, but it is believed that as soon as his head became clear he would be able to fully explain it. It is now believed that he will never be able to tell anything about it, and the only explanation lies in what has been stated here.

Affected by Heat. Mr. McCrae took the car to Albion Mills that afternoon and from there turned westward along the mountain top. He remembers leaving the mills but has no recollection whatever of coming to the Strongman road or of turning down that road, or indeed, of anything beyond the fact that he went some little distance west after leaving Albion Mills. This has led to the belief that he was affected by the intense heat of the afternoon and that he drove the car mechanically along the Strongman road down which he turned. The car was travelling rapidly down the road, and it is believed that Miss Perkins' true eye saw that he was not himself, and that in a nervous terror she threw her arms about him and caused the steering wheel to turn sufficiently to make the car run off the middle of the road and into the fence.

Mr. McCrae himself knows nothing about this, but the fact that his mind is a blank about the whole affair is taken as an indication that he was affected by the heat before he started to go down the mountain, and from another source it has been learned that that one of the ladies in the car threw her arms about him near the fatal spot. It has been concluded that this was Miss Perkins, because she was of a nervous temperament and because she would realize that the chauffeur was affected by the heat if such were the case, as it seems clear it was.

The chauffeur has spoken frankly about the trip that afternoon and has told all he can about it, but his mind ends before the last stage of the journey began. He has been kept in ignorance of the result of the accident, and until today did not know that Miss Perkins was killed and that Miss Hobson is lying at death's door. He has repeatedly asked how both were, and expressed the hope that they were not much hurt. The news was taken from him because of his condition until today. The dread information was a terrible shock to him.

MYSTERY OF THE BRONX

Woman Supposed Accidentally Killed May Have Been Murdered.

New York, July 7.—Mysterious circumstances of what the authorities believe to be the murder of a young woman in Bronx borough are being investigated by Coroner Schwanenbeck today.

When the body of Mrs. Sophie Williams, a comely woman, 33 years old, was found in the courtyard in the rear of her home, the police decided that she had been the victim of an accidental fall from the window of her apartment, and early today it was so reported to the coroner.

Coroner Schwanenbeck, however, after taking a full inspection of the apartment from which the woman took her fatal plunge, was convinced that there had been a struggle there, and that all indications pointed to a murder.

The story told by George Williams, the dead woman's 13-year-old son, confirmed the coroner in his conviction, and he ordered the arrest of William and George Blackmore, brothers, and Joseph Carroll, all occupants of the house where Mrs. Williams lived. They denied any knowledge of the way in which Mrs. Williams had met her death, except that George Blackmore said he knew it was the woman's habit at night to sleep either outside or in a chair by the window. It is believed she had fallen from the window while asleep.

Young Williams told the coroner that some men had been in the family rooms last night, and that his mother had ordered them out. A quarrel followed, he said. Then, as everything became quiet, he went back to sleep. The boy explained that his father and mother were not living together.

Mrs. Williams was looked upon by her neighbors as a quiet, respectable woman and a good mother.

GARMENT WORKERS' STRIKE

New York, July 7.—Several thousand young women employees of women's garment-making establishments all over the city are preparing to strike today in obedience to orders issued by the International women's garment workers' organization, which has presented demands upon the employers for increased wages and better working conditions. The strike order was expected to go into effect this afternoon, it being announced that the employers, or a large percentage

of them, were determined not to agree to the conditions imposed by the representatives of the dissatisfied employees. Several establishments, however, are said to be inclined to make peace with their workers, and sign the proposed agreements. This may reduce the number which has been predicted has gone on strike, the estimate running from 25,000 to as high as 75,000. Recognition of the union seemed to be the stumbling block in the negotiations, which were still in progress in advance of the strike order's effectiveness.

URNS BACK HIS OWN

U. S. Agent Wouldn't Let Chicago Children Cross Border.

Guelph, July 7.—Mr. John Brohman, of Chicago, was in the city today on a very peculiar errand. Two months ago his sister and brother, aged fourteen and nine years, respectively, left their home in Chicago to visit friends in Guelph. As they expected to stay some time they did not get return tickets. A few weeks ago they started on the return trip, but got only as far as Port Huron. There an American immigration official told them they could not enter the United States. The children were kept in a hotel at Port Huron and were sent back to Guelph. In the meantime the mother became alarmed at their non-arrival, and sent her son over to investigate. He arrived here today and secured a letter from Mayor Hastings, stating the facts of the case. Armed with this he expected to be able to get the two belated young travellers over the border.

OLD AND NEW WORLD BOTH AFTER GOLD

No Prospect for Present for a Reduction in Rate.

London, July 7.—American and continental inquiries for gold have effectively barred all prospect of an immediate reduction in the bank rate. The directors of the Bank of England this morning decided to make no change in the bank rate, although dealing on the basis at the present rate of exchange represents a loss. The engagement of \$2,000,000 of Cape gold for Germany reported this morning is generally accepted as correct, and the placing of bonds here should enable New York to take considerable gold. There will soon be in the neighborhood of \$3,750,000 available in the open market, and at least a portion is expected to be purchased for New York.

TORONTO BAKERS SUMMONED TO COURT

Charged by M. H. O. With Selling Short-Weight Bread.

Toronto, July 6.—Thirty bakers have been summoned by the medical health officer for selling short-weight bread, in an effort to dodge the new requirements of the Nicksie bread act, passed at the last session of the Legislature.

Toronto, July 6.—Dr. Sheard, M. H. O., is on the trail of the Toronto bakers. He alleges that they are not complying with the provisions of the Nicksie bill, which became law on July 1. Civic inspectors yesterday seized bread in 30 bakeries, and summonses were issued today calling fifteen bakers to police court.

Some 30 more may soon be summoned. "We may as well settle once and for all, what is meant by sub-section 2, of the Nicksie bill," said Dr. Sheard. "We will ask the court to interpret it."

Dr. Sheard says that the bakers are making loaves neither the regulation 24 or 48 ounce weight. One loaf seized weighed 40½ ounces, the bakers argue that it is really not the loaf, but four small loaves, as it can easily be broken in 4 parts, each not exceeding 12 ounces.

Another loaf seized weighs 39½ ounces. According to that method the bakers can go on making any size they want," said Dr. Sheard. This he doesn't propose to allow.

The names of the firms summoned, who, of course, must be regarded as innocent until trial shows whether they are or not, are as follows: Pugh & Watson, 380 Lippincott street; W. J. McGie, 741 Palmerston; W. H. Carruthers, 183 Davenport street; James Demarest, 100 Dundas street; Cowan Baking Company, Euclid avenue; A. V. Carrick, 112 Bay street; Nasmith Company, 68 Jarvis street; Louis Brown, 805 Queen street east; Hilton, 611 Gerrard street east; In Bakers' Company, Dundas street; Johnston Little, 3 Broadway Place; H. C. Tomlin, 420 Bathurst street; Peter Bros., 104 Augusta; Harry C. Baker, 229 Spadina; George Weston, 35 Shoho.

DOESN'T LIKE THE PAPERS

Ira Remsen Makes Violent Attack on Some Journals.

London, June 7.—President Ira Remsen, of Johns Hopkins University, Baltimore, addressing a conference of the Society of Chemical Industry, at Glasgow, made a violent attack on American Sunday newspapers. He said: "This is perhaps largely the result of a depraved state of mind of the people who seem to delight in the masses of trash served up in the newspapers, especially the Sunday newspapers. I am filled with shame when I think of it, but this depraved state of mind is so closely connected with the forest problem that honesty compels me to mention that many newspapers, even Sunday ones, exert a wholesome influence. Others, however, tend only to lower the mental and moral conditions of their readers, and these papers have the largest size and the largest circulation, and therefore affect the forest problem most."

In proportion to numbers Denmark is said to have the most civilized and healthiest country in the world. Australians hold a world's record in tea consumption, drinking nearly 80 pounds a head yearly.

At the Strand Palace, in Rome, there is a book made of marble, the leaves being of marvellous thinness.

PILES

Dr. Chase's Ointment is a guaranteed cure for hemorrhoids, piles, itching, bleeding, and proctitis. It is a sure cure for all these troubles. You can get it at any drug store, or by mail from Dr. Chase's Ointment Co., Toronto.
