Harold Lloyd's New Salary Is Placed At \$1,800,000

NEW YORK, Jan. 25.-Harold Lloyd's new contract with Pathe is said to call for \$300,000 for each picture and the production of six pictures a year. That would make his income \$1,800,000 a year. That is more than the fixed sum called for by Chaplin's contract.

However, Lloyd will have to pay the cost of production of his pictures. And Chaplin is paid a percentage above a certain gross on his pic-tures. Therefore, it is highly prob able that Chaplin's salary is greater than Lloyd's.

But \$1,800,000 sounds big, stupefying, in these days when many in the industry say that admissions must come down and that the first step toward that end is the reduction of star salaries.

Yet when one considers the merit of the entertainment offered by Chaplin, Lloyd and Keaton as com-pared to that offered by stars of screen dramas, it appears that they should receive much larger salaries. The comedian is an individual entertainer. He is constantly in the action in every picture in which he appears. His own acting is the crierion of his films.

Few stars of the dramas can "hog" picture after picture without becoming boresome. The story is still the thing in drama, while the star is paramount in comics. That is because the comic star is recognized in his own individuality. If the in his own individuality. If the O'Brien's leading lady in "Channing dramatic star were thus recognized of the Northwest" and is now being the drama would be marred.

May Have Shower Baths.

If all the recommendations by W. W Dunlap regarding improvements to th county jail are carried out, the prisoners will have no cause to complain. In a letter to the county the prison inspector suggests improvements that will cost \$10,000, including shower baths for prisoners of both sexes. Mr. Dunlap chought that the floors should be colished and waxed, as too much scrubbing tended to lessen the life of the wood. Improved grills, altered lavatories, new inspection openings, new kitchen sink and tile kitchen floor, fire-proof cabinet for keys and valuable of prisoners and tile back of the showers were other suggestions of Mr. Dunlap.
