

"MIYEBE CIGBE ALIGA NANA"

THIS is a medicine used by a native on the mission station at Lokoja, West Africa. It is made of "I like best that green medicine," and the "green medicine" was Zam-Buk. The poor native had been suffering for months with a terribly ulcerated leg. Every remedy the missionary could try had been tried in vain, and until the arrival of Zam-Buk, the native had to go on suffering. When Zam-Buk arrived, the sore was treated, and in a few days began to heal. Zam-Buk finally worked a complete cure, and the missionary communicated with the proprietors, and told them of the incident, quoting the native's own words.

PROOFS OF ZAM-BUK'S HEALING POWERS.

Mrs. S. Crooks, of 488 Pacific Ave., Winnipeg, says:—"A year ago I contracted eczema, which spread over my neck and ears. Doctor's ointments and ointments were given a fair trial, yet I found no relief until Zam-Buk was used. The pain and irritation were acute, and it was quite impossible to turn my head the least when the disease was at its worst, on account of the soreness and stiffness. Zam-Buk, after several applications, relieved all this stiffness and soreness; banished the pain, and gradually healed the sores. A month ago I was also cured of a bad attack of bleeding piles through the efficacy of Zam-Buk. Part of a box was all that was necessary to relieve and permanently cure. I would advise others, who suffer in like manner, to try Zam-Buk."

BAD BURNS AND RINGWORM HEALED.

Mrs. Lewis Best, Carlisle P.O., says:—"My little daughter fell against the stove and burned her forehead very badly. The burn was about the size of a 50c piece and was very deep. It made the child's eyes swell until it was almost shut, and then she got cold in the sore. It began to run matter very badly, and I could not stop it, although I bathed it well night and morning. At last I sent for some Zam-Buk, and one application stopped the discharge. I continued with the balm, and it very quickly healed the burn. Indeed, I have never seen a burn heal so quickly, and I am sure I shall always keep a box of Zam-Buk on hand in case of emergency."

Mrs. W. G. Evans, of McLean, Sask., writes:—"My two little daughters had ringworm badly, around their eyes and on their hands. We tried several kinds of ointments, which did very little good. Finally, we procured a box of Zam-Buk, and after using it for about two weeks, the ringworm was entirely healed."

Miss Winnie Bennett, Cross Creek, N.B., says:—"I suffered from a form of eczema on my hands. My fingers had great cracks in them, and although I tried various preparations, I could get nothing to heal them. I heard of Zam-Buk and obtained a supply. I was more than pleased with the first lot, and a little perseverance resulted in a complete cure."

One after case could be quoted in which Zam-Buk has brought health and healing when all else failed. It is a sure cure for ulcers, eczema, rashes, ringworm, scabs, itch, blives, nail rheum, burns, scalds, cuts, bruises, and all skin irritations and diseases. Also for piles. Pruggies and gloves everywhere at 50c box or post free from Zam-Buk Co., Toronto, for price. Return work-free initiation, sometimes offered as "just as good." Send in stamp to pay return postage and this advertisement and a dainty free trial box of Zam-Buk will be mailed you by return mail.

The True Test

of value is not the price you pay but the style, comfort and fit you get. Don't imagine that all tailors work is alike. Nor the goods alike in garments sold at similar prices. Not at all. Good, bad, and indifferent describes it. Some excel. We make it a point of honor to give value and perfect fit. Can we do more.

ANNUAL REPORT OF WATER AND SEWER-AGE COMMITTEE

To His Worship the Mayor and Town Council:—
Gentlemen: With your permission I beg to submit this report, being a general review of the departmental work during the past nine months.

As a preface a brief description of the completed works on 16 inch water main and new screening house is necessary to be better understood and improvements appreciated. This main is now completed between Duncan's Hill, Tobique Road, and reservoir. A new screening tank having concrete walls and bottom, measuring 14 feet long, 8 feet wide and 16 feet deep, having wooden house erected over the tank and containing gate valves, double sets of filtering screens and measuring gauge. A new 20 inch diameter cast iron pipe connection between screening house and reservoir.

The water in its course from reservoir to town passes first through a rough wooden fish excluding screen at inlet of 20 inch pipe, and through 20 inch pipe to screening house, where it is commanded by 20 inch gate valve having in junction therewith a 20 inch "T" shaped pipe, which divides the flow and directs the water against the side walls, thereby greatly reducing the pressure on the filtering screens; continuing it passes through the first copper screen made of .065 inches wire gauges having 10 spaces per square inch, then through second copper screen made of .035 wire gauge in ribbon mesh having 18 spaces per linear inch, thence through 16 inch gate valve or 10 inch gate valve to 16 inch or 10 inch water main respectively. The 16 inch water main has air valves at high levels; emptying or scouring valves at low levels and was connected to old 10 inch main at Duncan's Hill last October. The increase in pressure by use of this connection is 23 lbs. per square inch.

The section of work yet to be completed consists of a continuation of main in an easterly direction on a new proposed street south of the town until it makes connection with 6 inch main on Ramsay street, having branch connections between the new and old mains at George St., Gerrard Lane, O'Leary St., Minto St., Adams St., Andrew St., Central St., Athol St., and Prince William St. Under such an arrangement the town benefits in a two-fold improvement, first by a double water main system, and secondly by a continuous circuit of flow, thereby removing all chances of pollution by the numerous dead ends existing at present, and further making it more adaptable to strengthen the pressure at any desired section for fighting fires.

The continual growth of the town annually calls for the addition of many new streets which necessitates heavy expenditures in new water mains and sewers. This year three such extensions were made and sewers were also laid on the year of 2807 lineal feet of water mains and 3339 feet of sewers. The total length of mains from reservoir to the town now is 4.5 miles; distributing mains in town 7.8 miles or a total of 12.3 miles. The total length of sewers now is 6.5 miles.

Immediately on entering upon duties after my return to Council it was apparent that some other arrangements must be made regarding the installation of water and sewer services to prevent the numerous complaints received of overcharges which has been the rule for some years past, and I am pleased to state the resolution adopted by Council on April 6th, "That no water or sewer services be made by town employees, etc., or furnish any materials therefor except such as is provided for by law," has remedied this grievance. Tenders have been called for work required to be done by the town as the law provides for.

The question of contracting for supplying shipping at wharves with water was also carefully considered and although Mr. Lowden tendered \$150.00 for the season yet the Council thought better could be done with town employees. This matter has also proved satisfactory, yielding a net profit of \$153.88 after paying all expenses, including purchase of two new meters and 150 feet of hose, likewise reducing the rate from 1c to .5c per gallon. It may be mentioned that had the contract of \$150.00 been accepted, expenses annually occurring for laying temporary supply would have cost over \$60.00, leaving less than \$90.00 profit.

During the civic year two 2 inch fire services were granted, one to Opera House, and one to Duncan & McLennan Foundry, also one 1 inch to Arlington Hotel, Victoria Street.

CAPITAL
Duncan St.—940 ft. Sewer, and water. Contractors Mann & Baxter, \$1090.00.
McMillan Terrace—250 ft. Sewer, Contractors Mann & Baxter, \$278.92; afterwards completed by the town employees.
Gerrard St.—351 ft. Sewer, Contractor Stephen Harriman, \$542.20.
Lansdowne St.—528 ft. Sewer and 828 ft. Water Contractor Stephen Harriman, \$1047.05.
Dalhousie St.—250 ft. Sewer, Contractor Stephen Harriman, \$294.25.
George St.—1020 ft. Sewer and 1039 ft. Water. Contractor Stephen Harriman, \$1413.20.

OPERATING SEWERAGE
36 houses were connected to the sewerage system.
7 choked and broken sewers repaired.
7 alterations to sewer manholes.
Overhaul of flush tanks.
3 catch basins built and connected to storm sewers.

System flushed 12 times.
General inspection of system throughout.
WATER
34 water services were added to the system.
12 burst services repaired.
5 burst mains repaired.
6 gate valves overhauled and repaired.

ML Floorglaze

Use it to make floors bright and smooth as glass, easy to keep clean, (soap and water won't hurt M.L. Floorglaze). Doesn't get cracky; doesn't show scratches; lasts amazingly and holds its beauty. Surpasses paint or varnish or stain. Renovate your whole house with M.L. Floorglaze at small cost—a gallon coats 500 square feet. Apply it yourself to-day, and it will be dry tomorrow morning. Get M.L. Floorglaze now.

Recommended and for sale by all reliable dealers including W. H. Marquis & Co., Campbellton; Dalhousie Mercantile Co., Ltd., Dalhousie

THE 1910 FORD IS HERE!

A BIG, HANDSOME, POWERFUL, SPEEDY, RELIABLE FAMILY CAR.

Model "T". Price f. o. b. Canadian Factory, complete, with Top, Wind Shield, Gas Lamps, etc., \$1,150.00.

Facts From Ford

THINK IT OVER—Here's the Model "T" Ford—a four-cylinder, twenty-horse power, five-passenger, comfortable, durable, practical touring car, complete with all the equipment, that costs from \$150.00 to \$300.00 additional in most other cars, and all this for, not \$3,000.00 or \$2,000.00 or one and a half thousand, at any of which a man would get his money's worth, but for \$1,150.00 f. o. b., Walkerville, Ontario. No extras.

Two of these cars have arrived and I will be pleased to show them to intending purchasers.

A. C. BELLE-ISLE,
CAMPBELLTON, N. B.

Labatt's Porter
(LONDON)
Undoubtedly the best brewed on the continent. Proved to be so by analysis of four chemists, and by awards of the world's great Exhibitions, especially Chicago, 1893, where it received ninety-six points out of a possible hundred, much higher than any other Porter in the United States or Canada.

NOTICE OF SALE

TO CHARLES POLQUIN, of the Town of Dalhousie, in the County of Restigouche, and Province of New Brunswick, Merchant, and MARGARET POLQUIN, his wife, and unto all others whom it may or shall concern: NOTICE is hereby given that under and by a virtue of a power of sale contained in a certain Indenture of Mortgage, bearing date the Seventh day of October, A. D. 1895, made between the said Charles Polquin and Margaret Polquin, his wife, of the one part, and one James Martin, of the Parish of Colborne, in the County of Restigouche, Farmer of the other part, and which Mortgage was duly registered the Thirtieth day of October, A. D. 1895, as Number 7701 on pages 420, 421, 422, 423, and 424, in Book "W" of the Records of the County of Restigouche.

And NOTICE is hereby also given that under and by virtue of a Power of Sale contained in a certain Indenture of Mortgage, bearing date the Fifth day of November, A. D. 1906, made between the said Charles Polquin and Margaret Polquin, his wife, of the one part, and one James Martin, of the Parish of Colborne, in the County of Restigouche, Farmer of the other part, and which Mortgage was duly registered the Twelfth day of November, A. D. 1906, as Number 10021 on pages 281, 282, 283, 284 and 285, in Book "X" of the Records of the County of Restigouche, there will for the purpose of satisfying the moneys secured by said several Indentures of Mortgage default having been made in the payment thereof be sold at Public Auction, on Wednesday, the Fifteenth day of June A. D. 1910, at two o'clock, in the afternoon, in front of the Court House, in the Town of Dalhousie, in said County, all and singular that certain piece, parcel or lot of land and premises, situate, lying, and being in the Town of Dalhousie, in the County of Restigouche and bounded as follows:

Beginning at a point on the Northern side of William Street, one hundred and sixty feet distant Westerly from the point of intersection of the Western side of Brunswick Street and the said Northern side of William Street, thence at right angles in a Northerly direction to a point ten feet from high water mark, thence in a westerly direction, forty-five feet and to within ten feet of high water mark, thence in a Southerly direction until it strikes William St., thence Easterly along William Street, forty-five feet to the place of beginning and preserving the same width from front to rear.

Dated this Twenty-Eighth day of February, A. D. 1910.
