SIR WILLIAM HEARST SPEAKS AT WATFORD

Premier Makes Opening Speech of Campaign Here on Saturday

J. B. MARTYN, OF ALVINSTON, THE PRESENT MEMBER, AGAIN NOMINATED AT CONSERVA-TIVE CONVENTION.

Sir William and Dr. Martyn Ask Support On Their Records

A convention of Conservatives of East Lambton as constituted for provincial purposes was held in the Lyceum, Wat-ford, on Saturday afternoon, Oct. 4, for the purpose of nominating a candidate for the coming election.

Fortunately the executive secured Sir William Hearst to address the assemblage.
He arrived on the 12.30 train and was

met at the station by a number of leading citizens.

ing citizens.

The convention met at two o'clock and at once proceeded to business, Mr. W. R. Dawson, president of the association, presiding. Dr. J. B. Martyn was again chosen as the standard bearer of the party. Messrs. D. R. McCahill and Howard Fraleigh, of Forest, were also nominated but both withdrew. The convention passed a hearty resolution of confidence in the Hearst administration. After the routine work of the convention, Sir William Hearst gave a rousing address on behalf of the government and Dr. Martyn.

address on behalf of the government and Dr. Martyn.

"If on no other ground," began Sir William Hearst, "I think we should be entitled to support on our war record." and he went on to point out the part Onsario played in providing hospitals, raising troops and money and increasing production.

There was no charge of wrongdoing against the Hearst administration. The only one, that brought by Hartley Dewart against Mr. Ayearst, had been absolutely disproved. The finances of the provinces were healthy. Instead of having a yearly deficit there was a surplus

"U. F. O. speakers," said Sir William, "hold up their hands in horror and say we have a debt of \$75,000,000. Let us see what we have against that. We have \$5,000,000 in the bank. We have \$22,000,000 in the T. & N. O. Railway, from which we could realize more than that tomorrow; and we have \$50,000,000 invested in hydro-electric.

"The Government," he said, "will make a special grant to teachers, to the school and for the conveyance of pupils to the school to help the expense of the consolidated system."

Sir William referred briefly to what had been done in agriculture along the lines of the O. A. C., fall fair grants, county representatives, live stock improvement, women's institutes and boards of agriculture. The money, he thought, had been well spent.

"When I was minister of agriculture," he said, "I pointed out the opportunity for farmers to be representatives. But the answer from President Halbert, of the U. F. I have always found farmers men of ideals and principle and not men whose lips could be padlocked. But President Halbert and others are now trying to padlock the farmers' lips in demanding his resignation so that he can be recalled from the Legislature by a single class of the people. Sir William closed with these words:—"We do not ask for your support on promises for the future, but on our performances for five years. Judge us by our record. Platforms to get in on are easy to construct, but it is performances that construct, but it is performances that count."

Dr. J. B. Martyn, the candidate, gave a record of his stewardship and stated plainly his position on the questions: before the election. He was in entire sympathy with the government on the prohibition question and said he would stand by the Ontario Temperance Act. He had obtained for the farmers grants for a corn show building and also grants for fruit and vegetable shows and had also obtained black bass fry for the rivers Aux Sauble and Sydenham. He thanked the electors for their support at previous election and hoped that his record would enable them to again support him and place him at the head of the pol!
