**AYER'S**  
**PILLS.**  
FOR ALL THE PURPOSES OF A  
**FAMILY PHYSIC.**

There has long existed a public demand for an  
active, purgative pill, which is relied on as  
safe and perfectly safe in its operation. This has  
been prepared to meet that demand, and an exten-  
sive trial of its virtues has conclusively shown with-  
out success it accomplishes the purpose designed.  
It is easy to make a physical pill, but not easy to  
make one which will act on the bowels without pro-  
ducing any of the objections, but all the advantages,  
of every other. This has been attempted here, and  
with what success we would respectfully submit to  
the public decision. It has been unfortunate for the  
patient hitherto that almost every purgative  
medicine is acrimonious and irritating to the bow-  
els. This is not. Many of them produce so much  
gripping pain and revulsion in the system as to more  
than counterbalance the good to be derived from  
them. These pills produce no irritation or pain,  
unless it arise from a previously existing obstruc-  
tion or derangement in the bowels. Being purely  
vegetable, no harm can arise from their use in any  
quantity; but it is better that any medicine should  
be taken judiciously. Minute directions for their  
use in the several diseases to which they are ap-  
plicable are given on the box. Among the com-  
plaints which have been speedily cured by them, we  
may mention Liver Complaint, in its various forms  
of Jaundice, Indigestion, Langour and Loss of Ap-  
petite, Headaches, Irritability, Bilious Headache,  
Bilious Fever, Four and Ague, Pain in the Side  
and Loins; &c. In truth, all these are but the con-  
sequence of diseased action in the liver. As an  
apertent, they afford prompt and sure relief in Con-  
stipation, Piles, Colic, Dysentery, Hemorrhoids, Scrofu-  
lous and Scurvy, Colds with soreness of the body,  
Disorders and impurity of the blood; in short, any  
and every case where a purgative is required.  
They have also produced some singularly suc-  
cessful cures in Rheumatism, Gout, Dropsy, Gravel,  
Erysipelas, Palpitation of the Heart, Pains in the  
Back, Stomach, and Side. They should be freely  
taken in the spring of the year, to purify the blood,  
and prepare the system for the change of seasons.  
An occasional dose stimulates the stomach, ex-  
cites the liver into healthy action, and restores the ap-  
petite and vigor. They purify the blood, and by their  
stimulant action on the circulatory system, reno-  
vate the strength of the body, and restore the  
wasted or dissipated energies of the whole organism.  
Hence an occasional dose is advantageous, even  
though no serious derangement exists, but ne-  
cessary dosing should never be carried too far,  
as every purgative medicine reduces the strength,  
when taken to excess. The thousand cases in which  
a physic is required cannot be enumerated here, but  
they suggest themselves to the reason of every  
body; and it is confidently believed that this pill will  
answer better purposes than any thing which has  
hitherto been available to mankind. When their  
virtues are once known, the public will no longer  
doubt what remedy to employ when in need of a  
cathartic medicine.

frankness deserves.

Jackson C. H., Jackson City, O., 29th Nov. '54  
Dr. J. C. Ayer—Sir: The Cherry Pectoral  
is much inquired after. Several of our best Phy-  
sicians have used it, three of them in their own  
case, and always with the happiest effects. The  
numerous potent medicines always before them,  
lead to evolvity in regard to every new remedy;  
and it is only after undoubted evidence of value  
in any article, that any thing like a general con-  
fidence can be excited.

The unrivalled excellence of this combination  
of agents (in the Cherry Pectoral) prostrate  
and easily by repeated trial and their own ob-  
servation, has compelled medical men to proclaim  
their usefulness. It is beyond all doubt the  
most general remedy we have for Pulmonary Af-  
fections of this climate, at the same time sedative  
and expectorant—a rare combination of prop-  
erties.

In the hope that it will prove its own reward,  
I subscribe myself,  
Jas. H. C. MILLER, M. D.

Allegan Mich. 10th Jan. 1853.  
DEAR SIR,—No one, no, not one—man, wo-  
man or child—can be found to deny that the  
Cherry Pectoral is all that it claims to be. There  
is much used in this vicinity, although not  
known until recently. The community should  
know its virtues.
