

MARINE NEWS

Tern schr. Ronald C. Longmire, Capt. Trahon, was at New Haven, October 5th.

Pressure of freight caused the Centerville to make two trips from Digby to St. John last week.

Tern schr. A. H. Comeau which discharged a cargo of hard coal at Halifax is on the marine ship at that port.

The tern schr. Marion G. Douglas, Capt. Hugh Warner, is on passage from Dakar, Africa, to Trinidad, to load for Tampa, Florida.

The two masted schr. Quetay, Captain Robert Hankinson, sailed from Yarmouth Monday for Boston with a cargo of lumber shipped by George O. Hankinson.

Capt. Percy Drew has resigned command of the schr. Valinda on the Bridgetown-St. John route. Captain Fred R. Merriam took charge Monday and sailed early that morning for St. John.

Yarmouth schooner Loren B. Snow landed 3,100 pounds of halibut at Shelburne Friday, which were purchased by Mr. John Hipson. The vessel sailed at the Shelburne Fisheries.

The new steamer Southern Cross, 21,000 tons, recently built at Camden, N.J., and allocated to the Munson Line for its South American service, arrived at New York, September 25th, preparatory to her maiden voyage to South America. Capt. L. H. Porter, of Port Wade, Annapolis Co., is master.

Captain W. A. Morehouse, of Digby, is taking out from Boston this week the White Star liner Canopic for ports in the Mediterranean. He was formerly in command of the Celtic in the same service but a transfer of captains was made and Captain Morehouse gets the most modern and larger boat of the two.

The committee in charge of arrangements for the Nova Scotia fishermen's race series has decided to increase the prize list. As originally intended, the winning boat will get \$1,000, the second schooner \$700 and the third \$500. Additional prizes of \$400 each now will be presented to the schooners finishing fourth, fifth and sixth.

S. S. Bernard M., was purchased at private terms on Monday by Capt. J. E. Kinney through W. F. Kempton, trustee for the Wedgeport Steam Trawling Co. Alterations will be made on the steamer which will engage in the coastwise trade in the West Indies.

The Bernard M. will have as a crew Yarmouth men. Lauenburg Progress, Capt. Edw. Keane, of Port Wade, who recently purchased the Laflave owned tern schr. Win-the-War, paid \$7,000 for the vessel, which was built at Liverpool in 1917, and is 117 ft. 3 ins. in length, 25 ft. 7 ins. beam, 11 ft. 1 in. depth of hold, and 149 tons net register.

The vessel has been in port at La Have since last November, when she arrived from Turks Island with salt.

The tern schooner "Win-the-War" has been purchased by Capt. John W. Snow, Port Wade; H. T. Warner, Digby; H. H. Syda, Digby, and Capt. Edw. Keane, Port Wade. She will be used in connection with H. T. Warner's lumber business and will ply between Boston, New York and West Indian ports.

Steamer St. Anthony, Captain Frank K. Crosby, Yarmouth, arrived at Philadelphia on Saturday with a cargo of china clay from Fowey, and after discharging, proceeds to Boston to load for another voyage across to Danish ports. Captain Crosby, only a few years ago, was second officer on C.P.R. steamers between Digby and St. John and at present holds the distinction of being the youngest master mariner in the United States Merchant Marine. He was pilot on the steamer Calvin Austin when she came to Halifax with relief supplies from Boston at the time of the great disaster. The St. Anthony is operated by the Sprague Line, of Boston, and Captain Crosby has been her commander from the time she was put in commission two years ago.

The S. S. Southern Cross, 21,000 tons, sailed from New York, October 1st, in command of Capt. L. H. Porter, for Buenos Ayres, via Rio Janeiro. This is her maiden voyage, she having been recently launched at Camden, N.J., where she was constructed by the New York Shipbuilding Co. On her trip from Camden to New York the last of September she had a party of 550 on board, consisting of Senators, Congressmen, public officials and distinguished men in commercial and financial circles, all of whom expressed most favorable opinion of the ship. The Southern Cross is an oil burner, capable of high speed and fitted and furnished in most magnificent style. She will be operated by the Munson Steamship Line, New York, and is specially qualified to meet every want of the Rio and Buenos Ayres service. The round trip will occupy about seven weeks.
