

## NOTICE.

Communications are requested to be addressed (post-paid) "to the Editor of the *Canada Railway and Steam Navigation Guide*, No. 76, King Street, Toronto.

All Railway, Steamboat, and Trade Advertisements must be sent before the month.

The Editor regrets that the MAP to accompany the Work is not quite ready, but will appear with the July Number. In a first publication, the Editor is conscious there may be some errors; but he trusts, with the aid of the Railway and Steamboat Companies and the Public, to avoid them in future numbers, and to make that has long been wanted, a correct and reliable Railway and Steam Navigation Guide for Canada.
