Wasp Stings.

Send in your subscriptions. Look out for our next number. Our Social Gossip will be a new feature.

"Billy" Lewis' motion was a stinger.

The Capitals and Ottawas will make lacrosse hum this summer.

Everybody would like to see the new Canton in their fancy drill.

Society men should patronize our advertisers.

The Governor General should get a jubilee reception when he returns.

Only 25 cts. per year, if sent in this month.

Lord Lansdowne's reception will make Dynamiter O'Brien quako.

The British jubilee stamps are of very pretty designs, but as they do not represent the Queen as she now appears, some are disappointed.

The stamp collection in the Parliament Library can be beaten by at least half a dozen city collectors.

To those who would find fault with our first number we simply say "give us a chance." To those doubting cranks we may simply state our success is assured.

"Fonian" O'Brien is coming to Canada to disturb our peace. The only good wish we have heard is from a true Irishman, who said the Canadians would be justified in mobbing him.

A local tale of 19th century political persecution will be given in our next.

Several advertisements were too late to be inserted.

What is a philatelist? It is a stamp collector. What is a numismatist? It is a coin collector. There now, don't ask us again. It takes wealth to be successful in either.

We believe our circulation will double the combined circulation of all other papers in the Capital.

When dealing with advertisers please mention that you saw their advt. in THE GOSSIP.
