A BRIDE'S CONFESSION
"Yes, dear, I am married now, and George and I are settled in the loveliest flat on 64th St. Well, yes, we did get married somewhat suddenly. My health, you know, had for some time been very delicate, and Dr. Heavy-fee told mamma that he feared I would follow her in three years ago. I was almost crazy when mamma told me that, and I nearly cried myself out. On the 1st of October, I think that George Blauvelt is just lovely for anything, and when the girl he's engaged to dies, and they say she is dying of a galloping consumption, I'm going to step into her shoes and become Mrs. George Blauvelt; now just you wait and see." This spring I noticed George seemed to be almost resigned to the idea that we should never be married, and the thought that that deceitful busy might get him after all nearly drove me crazy. One day I read the testimony of Laura and Hummel as to the wonderfully invigorating effect of DR. CAMPBELL'S ARSENIC WAFERS, and I resolved to try what they would do for me. I commenced their use on the 4th of July. George had just sailed for Europe on business for his firm. On Sept. 18 he returned. I was, from the use of the Wafers, by that time again a well woman, and so enraptured was he with my healthy and robust appearance that he insisted we get married the very next day. I could not say him nay, and as you will see by my card, I am now Mrs. George Blauvelt. Do call soon and let me introduce George to you; I am sure you will like him, he is so handsome, and as good as he is handsome. Good-bye; be sure not to forget."

THE DEY OF ALGIERS!
The SHAH OF PERSIA and the SULTANS of TURKEY and MOROCCO now FATTEN and BEAUTIFY their barons exclusively on DR. CAMPBELL'S ARSENIC COMPLEXION WAFERS. So great is the demand for these marvellous Wafers that their manufacture is continued day and night.
"The Shah found his harem in a state of disorder on his return to Persia." - N. Y. World, Oct. 12, 1889. Reason - Their supply of CAMPBELL'S WAFERS was exhausted!
ILLUSTRATIVE of the desirability of a certain amount of Plumage, rumour has it that the above distinguished Oriental Potentates make it a practice to WEIGH their wives regularly once a month, precedence in rank and imperial favour being accorded to the wife possessed of the greatest number of pounds avoirdupois.

"Purity—Strength—Perfection."
CLEVELAND'S SUPERIOR Baking Powder.
ABSOLUTELY THE BEST.

All the ingredients used in making this Powder are published on every label. The purity of the ingredients and the scientific accuracy with which they are combined, render Cleveland's superior in strength and efficiency to any other baking powder manufactured.
Food raised with this Powder does not dry up, as when made with baking powder containing ammonia, but keeps moist and sweet, and is palatable and wholesome. Hot biscuit and griddle cakes made with it can be eaten by dyspeptics with impunity.
It does not contain ammonia, alum, lime or other adulterant. These are facts, vouched for by Government and State Chemists, Boards of Health, and eminent scientists.

Household Hints.
RELIEF FROM HEARTBURN.—For relief from heartburn or dyspepsia drink a little cold water in which has been dissolved a teaspoonful of salt.
TO CLEAN LEAD PIPES.—The best way to clean out lead pipes without the expensive aid of a plumber, is to pour a strong solution of lye down them. The lye will dissolve hair, lint, indeed all animal and most vegetable matter, and so open the pipes.
A STARTLING TRUTH! Thousands die annually from neglected coughs and colds, which soon ripen into consumption, or other equally fatal diseases of the lungs; when, by the timely use of a single bottle of **DR. WISTAR'S BALSAM OF WILD CHERRY**, their lives could have been preserved to a green old age.
TO REMOVE PAINT FROM GLASS.—Paint on windows can, it is said, be removed by melting some soda in very hot water and washing them with it, using soft flannel.
GRAHAM MUFFINS.—One quart Graham flour, one tablespoonful Cleveland's Superior Baking Powder, two tablespoonful sugar, a little salt, one-half tablespoonful melted butter, two eggs and enough milk to make a good batter. Bake in hot greased muffin pans at once.
ISAAC R. DORAN, M.D., of Logan Co., Ohio, says: "*Allen's Lung Balsam* not only sells rapidly, but gives perfect satisfaction in every case within my knowledge. Having confidence in it, and knowing that it possesses valuable medicinal properties, I freely use it in my daily practice, and with unbounded success. As an expectorant it is most certainly far ahead of any preparation I have ever yet known."
A GOOD way to wash kid gloves is to spread out the glove smooth and neat. Rub toward the fingers with a flannel dipped in milk and well soaped. Rub them well and dry. The gloves will be soft and clean.
WORMS CAUSE SERIOUS SICKNESS. *Dr. Low's Worm Syrup* destroys and expels all kinds of worms quickly and surely.
A GARGLE.—A gargle for sore mouth and throat is to take four large spoonfuls of good cider vinegar, four of water, a teaspoonful of common salt, and a very small portion of red or black pepper; gargle every hour. It is worth more than all the chlorate of potash in the country and it cannot harm you.
COUGHS and colds. Those who are suffering from coughs, colds, hoarseness, sore throat, should try **BROWN'S BRONCHITIS REMEDY**, a simple and effectual remedy. They contain nothing injurious, and may be used at all times with perfect safety.
BREAD OMELET.—One-fourth cup of bread crumbs soaked in one-half cup of milk, add one teaspoonful salt, one salt spoonful of pepper. Beat six eggs light and add to the above, melt one tablespoonful of butter in an omelet pan, pour in the mixture and cook; fold over and turn over.
For Bronchitis. Use **Horsford's Acid Phosphate**.
DR. W. H. FISHER, Le Sueur, Minn., says: "I find it very serviceable in nervous debility, sexual weakness, brain fog, excessive use of tobacco, as a drink in fevers, and in some urinary troubles. It is a grand good remedy in all cases where I have used it."
IRON rust can be taken out by wetting the spot and stretching over a basin of hot water. Then touch the place with salts of lemon. Wash out in plenty of hot water. Another way is to rub the spot in diluted oxalic acid and hold it in hot steam a moment or two. Rinse well. This will take out ink spots from linen.
PALE, WEAK WOMEN need a tonic, strength-giving, flesh-build-medicine like **Milburn's Beet, Iron and Wine**.
POTATO OMELET.—Large cup of mashed potatoes, three eggs, teacup sweet milk, very little sifted flour, teaspoonful salt, a little chopped parsley, if liked. Beat the yolks and whites separately till very light. Mix thoroughly till light, turn into a buttered spider and brown lightly. Invert on to a hot plate and serve hot. Nice for tea.
Shall I keep a diary? If you decide in the affirmative be sure to use an **Esterbrook Pen**. All stationers have them.
It is said that roaches may be exterminated if a thoroughly mixed powder, consisting of thirty-seven parts of borax, nine parts of starch and four parts of cocoa, is liberally sprinkled in the little cracks and corners of their rendezvous. The experiment is worth trying, at any rate.
