The importance of purifying the blood can
 not be overestimated, for without pure
 blood you cannot enjoy good health.
 At this season nearly every one needs a
 good medicine to purify, vitalize, and enrich
 the blood, and Hood's Sarsaparilla is worthy
 your confidence. It is peculiar in that it
 strengthens and builds up the system, creates
 an appetite, and tones the digestion, while
 it eradicates disease. Give it a trial.
 Hood's Sarsaparilla is sold by all druggists.

"THREE OF THEM

light my school-room perfectly, doing twice as much work as
 the seven student lamps I used before. The room is 24x35.
 They do not smoke. There is no odor. The light is pleasant
 to the eye; it is less work to take care of them than any
 other we have ever used. Very little of the wick is charred;
 what little trimming it needs is done with a piece of paper.
 They do not foul. There is no place for dirt to collect.

 burgh, N.Y.) says that of the Pittsburgh Mammoth Lamp.
 We give him a free advertisement. Send for a primer of
 lamps.
