"ST. AUGUSTINE" Sacramental Wine.

The REV. DR. COCHRANE writes:—

BRANTFORD, May 23rd, 1895.

Messrs. J. S. Hamilton & Co.

GENTLEMEN,—The St. Augustine Wine used in my own church on sacramental occasions, as well as in many other churches, I have always heard spoken of in the highest terms and is admirably suited for the purpose. Its desirably high reputation for purity can be relied upon. The fermented grape juice also commends itself to those who prefer that the wine should not be fermented and should have a large and increasing sale in our Presbyterian and other Churches.

Dr. Kerr, it is reported, has resigned the secretaryship of the Scottish Protestant Alliance because the directors have repeatedly refused to adopt a series of resolutions condemnatory of ritualistic practices prevalent in the Presbyterian Church.

There are now four widowed members of the Royal Family: The Queen, the Empress Frederick, Princess Beatrice, and the Duchess of Albany. The Queen was widowed at forty-two, the Empress at forty-eight, Prince Beatrice at thirty-nine, the Duchess of Albany being much younger. The Queen is opposed to the re-marriage of widows, otherwise Lord Rosebery was spoken of as a possible husband for the Duchess of Albany.

"I Took One-half Bottle of South American Rheumatic Cure and Obtained Perfect Relief"—This Remedy Gives Relief in a Few Hours, and Usually Cures in One to Three Days.

J. H. Garrett, a prominent politician of Liverpool, N.S., makes, for the benefit of the public, the following statement: "I was greatly troubled with rheumatic pains for a number of years. On several occasions I could not walk, nor even put my feet to the floor. I tried everything and all local physicians, but my suffering continued. At last I was prevailed upon to try South American Rheumatic Cure. I obtained perfect relief before I had taken half a bottle of the remedy, and to-day regard it the only radical cure for rheumatism."

EFFECTS OF LA GRIPPE.

ENFEEBLED CONSTITUTIONS AND DEATH THE RESULT.

Official Statistics Show that in Ontario Alone 2,023 Deaths Resulted From this Cause in 1892-'93-'94—How to Avoid the Baneful After Effects of this Scourge.

Very few people have any conception of the deadly effects of la grippe or influenza, which with each recurring winter sweeps over Canada, leaving in its trail death and broken constitutions. If an equal number of deaths were caused by say cholera, the whole continent would be in a panic, and it is only because the deadly effects of la grippe are not understood that its approach is viewed with less apprehension.

Dr. Bryce, the very efficient health officer for Ontario, in his annual report to the Provincial Government, shows that the deaths in Ontario alone from the effects of la grippe for the years 1892-'93-'94 reached the aggregate of 2,023, a number sufficiently large to make us view the scourge with positive alarm, for, in addition to this mortality, there are beyond doubt thousands who from the same cause are left with shattered health and ruined constitutions. La grippe is a disease of the nerve centres, with a specially marked effect upon the heart, and the obvious duty of those who have suffered from even a mild attack is to strengthen and fortify the nerve forces. For this purpose Dr. Williams' Pink Pills act more promptly and thoroughly than any other medicine yet discovered. Their function is to supply impoverished blood with its lacking constituents, and to build anew shattered nerves. That Dr. Williams' Pink Pills perform what is claimed for them in this respect is proved by the voluntary testimonials of those who have been restored to health. One strong case in point is that of Mrs. A. Gratton, of Hull, Que. To a newspaper reporter who interviewed her, Mrs. Gratton said:—"I was always a strong and healthy woman up to about four years ago. At that time I had a severe attack of la grippe, the after effects of which left me weak and nervous, with pains in my back and stomach, and almost constant severe headaches. I found myself so completely used up that I was unable to do any work about the house, no matter how light. My appetite had gone and I had no relish for any kind of food. For about a year I continued to be thus tortured, getting no freedom from pain either day or night. I had tried different kinds of medicine prescribed by a physician but they did me no good. I began to believe that medicine would not cure me, and as I always had a terrible cough I feared I was sinking into consumption. One day a friend advised me to try Dr. Williams' Pink Pills. I had heard and read much about this medicine but had not thought of it as a cure for myself, but I felt that it might be worth trying and procured a supply, and after the use of a couple of boxes I began to feel an improvement. I continued their use until I had taken twelve boxes when I found myself free from pain, with a good appetite, and as well as ever I was in my life. Last December, as the result of a severe cold, I was again taken ill, but this time I tried no experiments with other medicines but went straight to Dr. Williams' Pink Pills, with the most beneficial results as you can see for yourself. I have such faith in Pink Pills that I never allow myself to be without a box, and take them occasionally as a tonic, and I will be glad if my experience will prove helpful to some other poor sufferer."

When you ask for Dr. Williams' Pink Pills see that the full trade mark is on every box. Imitations and substitutes are worthless, perhaps dangerous.
