

A WORD TO BUYERS OF CABINET ORGANS.

Have you bought an Organ and are you familiar with the Reed Board Organ of other makes that are sold for \$75 to \$175 seldom contain more than 2-4 to 4 sets Reeds, while the Beethoven contains 19 full sets. It is therefore, the many different sets Reeds and Stop Combination Effects that make the Beethoven far superior to all other organs at four times its cost. Proof of this statement is shown in the following record of shipments for the past four months: **Shipments of Beatty's Beethoven Organs during past 4 months were as follows:**

December, 1882, 1410 February, 1883, 1152
January, 1883, 1102 March, 1883, 1350

The above is the largest number of Cabinet Organs shipped by any one house (for the same length of time) in existence.
