

The Canadian Entomologist.

VOL. XVIII.

LONDON, OCTOBER, 1886.

No. 10

EDITORIAL.

It will be with deep regret, we are sure, that the readers of THE CANADIAN ENTOMOLOGIST will receive the information that MR. SAUNDERS, who has for so many years so ably filled the position of Editor of this magazine, has felt himself obliged to resign for the present all active connection with it. His resignation has been occasioned by his appointment to the important and arduous office of Director of the Experimental Farm Stations of the Dominion.

For some time last year Mr. Saunders was engaged in visiting many of the Agricultural Colleges and Experimental Farms in the United States, and prepared an exhaustive report upon his observations, which was laid before the Dominion Parliament at its last session, and received the highest commendation. During the present year he visited England in charge of the Canadian fruit display at the Colonial and Indian Exhibition in London, and since his return he undertook and carried out successfully the experiment of shipping to England a large variety of fruits and vegetables in special refrigerators, constructed under his direction in two of the principal ocean steamships sailing from Montreal. These multiform occupations, involving almost constant absence from home, while they attest the versatility of Mr. Saunders' powers, will account to our readers for the occasional want of punctuality in the issues of this magazine during the last twelve-month.

With regard to his fitness for his new position, we may quote an extract from the Ottawa correspondence of the London *Free Press*:

"Mr. Saunders is a gentleman singularly well qualified for the position to which the Government has appointed him. He was for years President of the Ontario Fruit Growers' Association—a position which he held by reason of his superior knowledge of all that appertains to the cultivation of fruit. He is recognized as one of the leading chemists of the Dominion, and was at one time one of the chief officers of the American Association for the Advancement of Science. He has been for years the
