MR. LYMAN'S COLLECTIONS.

The late Mr. Henry H. Lyman, a former President of the Entomological Society of Ontario, of whom a portrait and obituary notice were given in the July number of this magazine, left an estate valued at \$1,268,315. By the terms of his will his entomological collections and library are left to McGill University, together with the sum of \$40,000 for their preservation and augmentation. He added: "It is my desire that so long as there may be maintained in Montreal an active Branch of the Entomological Society of Ontario, the President and Secretary of such Branch should be associated with the Professor of Zoology." It is stated that the University has accepted the legacy on these terms.

Mailed November 10th, 1914.
