Rates on application 13 Church Street
W. H. LECKIE,
Manager.

THE Rossland Miner, of Aug. 7th, pays a high compliment to Harold Kingsmill, of Toronto, for the descriptive matter in an article in *The Canadian Mining Review*, on Rossland and its mines.

DURING the seven months ending July 31st, there left the United Kingdom for places out of Europe 89,734 persons of British origin, 42,721 foreigners, and 1,559 whose nationality was not distinguished. The total, 134,014, shows a decrease of 8,361 emigrants as compared with the corresponding seven months of last year.

A REPUTATION for prompt pay is worth more than a big bank account. No merchant cares for the trade of a dealer who must be importuned a number of times before he pays a bill, no matter how wealthy he may be. The preference is for the poor dealer, who, despite his limited resources, always pays promptly.

WRITING of "The Young Man" as a citizen, Dr. Parkhurst says, in the *Ladies' Home Journal*, "The thing we have the most to fear is not the depravity and the criminality that are rampant, but the decency that is languid, and the respectability that is indifferent, and that will go junketing when a State is on the edge of a crisis, or go fishing on a day when the city is having its destiny determined for it at the polls. . . . I speak with full assurance when I say, for instance, in regard to the City of New York, that there is no single moral issue capable of being raised in regard to its administration where the great preponderance of sentiment would not be found to be on the side of honesty as against corruption, provided only that sentiment were sufficiently resolute and alert to come forward and declare itself."

FROM the days of the early eighties, when Winnipeg cellars were ponds and the ice van as yet unknown, the question of storage for perishable food stuffs has been one of growing importance, says the *Winnipeg Free Press*. Much good butter and cheese has been sold at very low figures, because there was risk of a total loss of the product for want of a suitable storage. Not until last year did any company undertake cold storage as actual business. That company is now known as the "Winnipeg Cold Storage and Refrigerating Company," which has put up a substantial stone and brick building, 98 by 60 feet, at the foot of Lombard street, close to the river. It is modelled upon those in other cities, and is substantially and scientifically fitted. Probably it will be ready for occupancy at 15th September.

ARCHITECTS have prepared plans and specifications for a block of eight stores to be erected on Talbot street east, St. Thomas, by Mr. E. A. Smith.
