#### LEGISLATION TO PROHIBIT "CORPORATE BLACKMAIL"— MOTION UNDER S.O. 43

**Mr. Bob Corbett (Fundy-Royal):** Madam Speaker, I rise on a matter of urgent and pressing necessity under the provisions of Standing Order 43.

In view of the recent attempt by the Hudson's Bay Company and Simpsons Limited to muscle their suppliers into providing retroactive rebates, and the uncompromising situation that would develop in the garment industry as a result, all of which has come about as a result of the pleasure of this government, I move, seconded by the hon. member for Carleton-Charlotte (Mr. McCain):

That this House act immediately to pass legislation prohibiting such a move which can be described as no better than corporate blackmail.

**Madam Speaker:** Such a motion requires the unanimous consent of the House. Is there unanimous consent?

**Some hon. Members:** Agreed.

**Some hon. Members:** No.

**Mr. Donald W. Munro (Esquimalt-Saanich):** Madam Speaker, in recognition of a significant facet of Canada's cultural, linguistic, constitutional and, indeed, moral heritage, I have some reason to expect that I will gain the unanimous consent of the House on the following motion which is seconded by the hon. member for Moose Jaw (Mr. Neil):

That this House instruct the government to mark in an appropriate manner the occasion of the Queen Mother's eightieth birthday on August 4 next either by a special cameo stamp issue, or by striking a silver dollar or other coin in recognition of Her Gracious Majesty, as well as of the heroic example she gave to all citizens in the Commonwealth in standing unflinchingly by her husband, our late King George VI, through all the trials and dangers of threatened invasion and bombing during the last war.

**Madam Speaker:** Such a motion requires the unanimous consent of the House. Is there unanimous consent?

##### APPROVAL OF PRE-BUILD SECTION OF ALASKA GAS PIPELINE

**Mr. Dave Nickerson (Western Arctic):** Madam Speaker, I would like to direct a question to the Prime Minister. It requires a very simple "Yes" or "No" answer. The deadline of July 15 which Foothills Pipe Lines has stated is the final date by which government approval must be given if the pre-build section of the Alaska gas pipeline is to be constructed this year is fast approaching. It is just a few days away.

Will the government tell us, now, whether or not they plan to grant, or deny, that approval?

**Right Hon. P. E. Trudeau (Prime Minister):** Madam Speaker, yes.

**Some hon. Members:** Oh, oh!

**Some hon. Members:** Hear, hear!

**An hon. Member:** That is what he wanted.

**Mr. Nickerson:** Madam Speaker, that is a very simple answer. I must admit it was not quite the answer I was expecting, although I was looking for a similar answer. I would like to address my supplementary question to the Minister of Industry, Trade and Commerce.

In the event that approval of the pre-build section is not granted, could the minister confirm that the loss to Canada, at this time of rapidly escalating unemployment, declining economic activity and serious balance of payments problems, would be in the order of 150,000 man-years of employment,
