

COMMITTEE ON EXTENSION COURSES  
AND UNIVERSITY LECTURES

MCGILL UNIVERSITY  
MONTREAL, CANADA

January 5, 1939.

Dear Mr. Douglas,

It has taken rather a long time to get any very satisfactory information on your two correspondents.

Mr. McConnell is employed with Brawley, Cathers & Co., Bond Dealers, room 1230, 28 King St. W., Toronto. Mr. Cutler is in business at the same address. No organization has yet been formed and the only steps taken so far as I can ascertain have been to sent out about twenty-five letters under confidential cover to various well known persons.

From what I can gather Mr. McConnell and Mr. Cutler are not people of any particular importance but there is nothing whatever against them. It looks as though the proposal were political but as both our federal parties are making a plank of Canadian Unity it is hard to say how their efforts are directed.

Yours sincerely,
