Fairly Good Prices Paid For Horses At Maher's Exchange

The attendance at Maher's Horse Exchange yesterday was extra good for the season, and nearly all the offerings, or a good portion of them, were sold. A number of outside buyers were present and fairly good prices were paid for most of the stock. W. Trimble of Vermillion, Sask., bought a few and the prices he paid seemed cheap. He bought a very nice useful brown mare, a little under sized, but a nice driver, for \$47.50. A fine gray mare with lots of substance and fit to look anywhere, she brought \$27.50. A bay gelding, 3 years old, one of the Wike family, a real well-bred fellow and a straight trotter; this fellow showed a lot of quality and was really very cheap at the price, \$17.50. A good heavy black gelding, six-year-old, paying that would weigh about 1670 lbs., brought \$24. Another very similar to the previous one, sold at \$17.50. Mr. Moran bought a nice little black pacer, a 4, sound and right, and one that could show a 50 clip down the street, she brought \$145. Wm. Stephens bought a good kind of a gray gelding for \$12. Gordon got a good bay gelding, paying \$160. D. McGregor paid \$75.00 for a good useful gray gelding, Mr. Rowntree's Weston bought a number of bay geldings; one of the nicest little chunks a man could find, lots of style and action, a real good one for \$17.50, and the best horse sold for some time was a black gelding of the short-legged kind, but one of the kind that is up and dressed all the time; he certainly was a classy fellow and could trot and show as much action, both knee and hock, as a hackey; he only brought \$165.00. A good big chestnut mare brought \$140. A bay mare \$147.50; a bay gelding \$142.50. Mr. White got a serviceably sound brown gelding, paying \$75.00. There was also a number of horses sold at the hatters' city fellows. As usual quite a quantity of robes and blankets were sold for the time of year. It was a good sale and the management were well pleased with the result.

Ben Simpson Talks Concerning Tricks HAMILTON, Dec. 15.—Ben Simpson gave the Tiger Cubs a chalk talk in the Y.M.C.A. last night, and they received a lot of valuable information concerning tricks which they intend to use on Saturday against St. Lambert's in the junior Dominion championship final in Montreal. The boys had their final prep. at the cricket grounds this afternoon, when they turned out in the snow. The youngsters are in good condition, despite the late-ness of the season, and are confident of their ability to land the honors. They will leave for the eastern metropolis tomorrow night. Billy McMaster has been accepted as referee.

Accident to Trainer McEwen. HAMILTON, Dec. 15.—D. A. McEwen, the well-known local harness horseman and trainer of The Bell, 2:02 1/2, was badly shaken up in an accident on Richmond street, near Queens-avenue, yesterday, while driving Judge Bradley's horse recently purchased in Lexington by F. W. Ettrick of Tavistock. The accident was caused, it is said, by the failure of a driver of a light wagon to keep the rules of the road. According to Mr. McEwen, the man drove on the left side of the road, and as the trainer attempted to turn out to pass him, the other fellow turned, too, a collision resulting. The driver of the wagon struck McEwen in the breast, pinning him in his seat. Luckily no bones were broken, but the trainer will be paid up for a few days. Judge Bradley escaped injury.

PETROLEA PAPER TELLS How Players and Citizens of That Town Were Treated in Hamilton. It matters little which way the O. R. F. U. decides the Petrolea-Alerts protest, no harm can be done by giving the following from the weekly Petrolea Topic which is the western view of the junior final game played in Hamilton a week ago: If the Alert football team and its supporters are representative of Hamilton citizens, then Hamilton has every reason to hang her head in shame. Never in the history of football in the Province of Ontario has such disgraceful conduct been placed to the credit of a team as that of the treatment which was handed out in the Petrolea Club in the Ambitious City last Saturday. A Kentucky nigger fight was as a prayer meeting compared with Britania Park when the hounds (as they were termed by a prominent sportsman of the city) were turned loose upon the visitors. (Would-be) referee McPheron was utterly incompetent to handle the game and refused to furnish ample protection for the Petrolea players. He repeatedly allowed Hamilton men who made brutal attacks upon their opponents to go scot free. Yet, let one of the victors attempt to defend himself, and he was promptly benched for ten minutes. It required the efforts of two policemen to protect the Oil Town men from the mob when they were sent to the sidelines. And yet the sporting editor of The Spectator, the city's excuse for a daily paper, apparently goes over all this. Still, what could one expect? True, all good sportsmen in the city, such well-known men as the members of the Elzer Club, expressed regret that such action was taken by the "lower element" and their friends. Dr. Fairbank is preparing a strong case to be placed before the O.R.F.U. at its next meeting, when Petrolea's protest will be brought up. Sworn statements have been obtained from about fifty spectators (not cheap yellow journals, but from reliable people), giving full accounts of the numerous attacks made on the Petrolea boys by both the Hamilton team and its backers, and which were allowed to pass unheeded by referee McPheron, who to all appearances was afraid to call his soul his own. Secretary Livingston of the Rugby Union was forced to Dr. Fairbank of Petrolea that the officials were not competent, so it will be of interest to watch that gentleman's action when the protest comes up for discussion. It has always been the policy of Livingston, and in fact practically all of the O. R. F. U. executive, to do all in their power to prevent the championship from coming to the western peninsula. So far they have been successful, but from all appearances they will fail this year if they will act like men and in the interest of a good, clean, manly sport, either order the game replayed or throw the Alerts out of the series, thus cutting rowdiness and the tough chase out of the game. This is a lot to expect from a body of very prejudiced men, but in view of Mr. Livingston's confession to the doctor it looks like the only course which is left open to them. The false report of the treatment of the Hamilton boys in Petrolea, which was published by The Spectator, accomplished its object and aroused in the hearts of the youth and illiterate people of the east side a desire for vengeance for purely imaginary wrong. They got it. Ribbons were torn from the Petrolea ladies. One gentleman who refused to remove his frock and white ribbons after the game had tobacco juice spat in his face, on the way to the hotel, and this was no uncommon thing, for the Petrolea players to receive when they were on the ground. The action of the union officials in ordering the game played at Britania Park, which is situated in the toughest section of the city, was responsible in no small measure for the rough tactics used by the Hamilton crowd. To say that they (the Hamiltonians) are ashamed would be a fair enough. To be ashamed of a comfortable fortune, the Petrolea special train on its return journey reminded one of a white-crook hospital after a "Mebuba Hill".

Cornwall Hockey League. CORNWALL, Dec. 15.—The Cornwall Industrial Hockey League has been organized with the following officers: Hon. president, S. M. Gray; president, C. H. Barber; vice-president, Allan Irwin; secretary, F. D. Raymond; treasurer, A. E. McPhee; committee, R. E. Smetinger, J. D. Chapin, James Hirst. Why the North Toronto Route is the Logical One to Ottawa and Montreal. The residential district of Toronto is served by either North Parkdale, West Toronto or North Toronto stations—all of which are conveniently reached. The North Toronto route obviates an hour's hill climb from Toronto by the train—unsatisfactory by any other way to the city, such well-known men as time to Montreal and Ottawa without discomfort. The roadbed of the Canadian Pacific between Toronto and Montreal has been improved till it is in the best condition it can possibly be made and is unexcelled. The equipment is Canadian Pacific Standard coaches and sleepers (a synonym for the "best") with efficient and attentive service. This combination of station, roadbed, equipment, service and time is the reason of the popularity of the North Toronto route, and the passengers' assurance of the most comfortable journey to Ottawa and Montreal.
