# NOBLEMEN

## King's Plate on Opening Day The Spots of the Leopard

Prejudices are something like the spots on a leopard—they are hard things to remove. For instance, some men believe the earth is flat, although every ship that goes to sea proves it to be round.

Again, a few men still believe in the "imported" Cigar, although every DAVIS" "NOBLEMEN" proves the alleged superiority to be a fallacy—an exploded theory.

The "NOBLEMEN" Cigar is equal to highgrade "imported" brands, because it is made from choicest Havana leaf, by skilled Cuban workmen.

For obvious reasons, a fresh egg would taste the same in Cuba as in Canada. For equally powerful reasons the DAVIS "NOBLE-MEN" Cigar and the high-grade "imported" smoke taste and are the same, yet the "NOBLEMEN" costs half the price, or 2 for 25c.
