

REAPING OUR FALL HARVEST

In many respects our business is like a farmer's. We plant our ideas for fall and winter in the spring and reap the benefit of our forethought in the fall. Just now it's harvest time and our customers are gathering the fruits of our labors in the swell models of Suits, Overcoats, Raincoats, Fur Collared Top Coats, Boys' Suits, Reefers and Overcoats, to say nothing of the hosts of things we have for your needs in the Haberdashery Department.

Fur-Collared Topcoats

Young Men's Winter Overcoats, with Hudson seal and nutria collars, \$45.00, \$50.00 and \$60.00—beauties—trench style.

Young Men's Suits

In all the new shades, 3-piece, full belted and slash pockets; other models in single and double-breasted styles—full of vim and snap. Priced from \$22.00 to \$45.00.

Men's and Stout Men's Suits

For the more conservative dresser we have our standard 3-button sack, and also a model cut special for men upon whom nature has been generous and produced a roundness of form that cannot be fitted with ordinary lines. We have them all from \$18.00 up to \$55.00. Be kind to the form nature has given you—buy the best.

Overcoats

We show a wonderful range of models and fabrics. Men who have been round town a bit tell us that our showing has a lead over all others. Anyway the number of coats we are selling would indicate they are not far off the correct mark. We start our price range at \$18.00 and go up to \$60.00. There are hundreds of coats to select from and a wonderful harvest of patterns.

Our Boys' Department

Occupies one-third of our immense floor space, so that you can see we have the boys well in mind and at no time have we garnered such a magnificent showing of Suits and Overcoats. Space prevents a general description, but a wonderful display is here for your inspection. Bring the boys in.
