

Consumption and a Complication of Other Diseases Cured.

(First Letter, June 16, 1883.)

DR. RADWAY & Co.—*Dear Sirs:* My wife, who had been ailing for two years from Palpitation of the Heart, Bronchitis, Catarrh of the Head, Fall of the Womb, Liver Complaint, etc., was taken down the first of March with Lung Fever; when the fever broke, her physician told me that she was going into Consumption, and that I might make up my mind to part with her by the first of June, etc. When the doctor left I told my wife of the wonderful cures your medicines had done; tried them; she improved from the first dose, and she is now better, and is improving every day, but her left lung is a little sore at the bottom, etc.

(Second Letter, September 10, 1883.)

I take pleasure in thanking you for your noble and valuable medicines which have cured my wife of the horrible disease, Consumption, etc.

(Third Letter, October 6, 1883.)

As to publishing the letters, or any part of them, etc., it is perfectly agreeable to me for you to use all the information I can possibly give to the SICK and AFFLICTED. My wife is, to-day, enjoying better health than she has for the last five years. She was afflicted with Liver Complaint, Fall of the Womb, Palpitation of the Heart, Bronchitis, Catarrh of the Head, Kidney Diseases, Rheumatism and Consumption, when she began taking your valuable medicines.

I have been poorly myself for years, and since my wife's health has recovered, I have taken your medicines, and to-day I feel as I did when 25 years old, and as lively as a boy. The country around is full of contagious diseases and we have NONE OF THEM. I give a few Pills and Resolvent occasionally to my children, and they never take or catch disease; so you see why I think so much of your medicines, and why I am so thankful to you.

Respectfully, as ever, your friend,

SCIO, OREGON.

S. W. GAINES.

DROPSY.

The **Sarsaparillian** and the **Pills**, in large doses, should be taken by dropsical persons. They will not only reduce the swelling, but remove the cause of the swelling, which is the disease of the Liver, Kidney or Heart, as the case may be. In this disease the **Resolvent** shows its great power over the absorbent system. Dropsical swelling frequently results from cases of Fevers, Measles, Consumption and Scrofula.

Complete Cure of Dropsy in the Leg.

DR. RADWAY—*Dear Sir:* I wish to add my testimony to the efficacious power of your medicines in curing me of Dropsy. I followed your advice in your almanac for the year 1882, and I am happy to tell you that two bottles of the Sarsaparillian Resolvent, with three or four boxes of your Pills, made a complete cure in six weeks. When I commenced to use your medicines my leg was twenty-two inches round; by the virtue of your medicines it is now reduced to its natural size. It was also nearly as hard as a stone, which prevented me from bending it; but now it is free from pain, and that dreadful hardness is gone; in fact I am cured—I don't think that I had any abdominal swelling. I tender you my sincere thanks for the relief I have received through your medicines. I used the Ready Relief freely, and I attribute my restoration to health to the combined use of all.

I am, sincerely, your humble servant,

JOSEPH SPENCLEY, Sr.

PETERBORO, ONTARIO, CANADA, Nov. 11th, 1882.
