A large Manufacturing Firm in Ireland Appointed a Receiver.
A receiver has been appointed in the person of Mr. J. Atkinson for the firm of Holmes, Moore & Cartwright of Ireland. This firm did a large general business, and were manufacturers of shoes and also of leather goods.

In June, 1894, they owned about 1800 acres of land in the vicinity, valued by them at \$85,000. City of Toronto v. City of Toronto. In July, 1895, the firm claimed a surplus of over \$90,000. Recently the Divisional Court has ordered the firm to pay the City of Toronto the sum of \$70,000 to \$80,000. The company is now in liquidation.

The charge against L. Farewell, the bicyclist who ran over George Robinson upon the sidewalk, comes up for further hearing on Friday evening next before Magistrate Armstrong.

A "pink tea" will be held on Thursday at the Davisville Hotel, for the benefit of the Epworth League meetings of the season.

A good many bicyclists are coming to grief at the C.P.R. crossing, where the rails are fully two inches higher than the intersecting sidewalk.

York Township and the Buncle Bridge.
Though the project of running electric cars across the Rosedale bridge has been abandoned, York Township has not yet given up the idea of taking over the structure. Reeve Hill, who was seen in the matter yesterday, stated that the authorities were willing to assume control for the purposes of ordinary traffic, if the right of way could be secured through private property lying between Binscarth and St. Lawrence-avenue.

He said, had declared her intention of ceding a portion of her estate on the south side for that purpose, provided other owners followed suit.

Dyspepsia or indigestion is occasioned by the want of action in the biliary ducts, loss of vitality in the stomach, or to secrete gastric juices, without which digestion cannot go on. Also, the principal cause of headache, Paines' Vegetable Pills, never fail to give relief, and effect a cure.

Dr. W. A. Paines' Pills are taking the lead of ten other makes which I have to state.

EAST OF THE CITY LIMITS.
Wreck by a Lightning Bolt—Condition of the Injured Sealer.

A bolt of lightning ran down the chimney of the house of John T. O'Brien, a little before midnight yesterday and shivered into a thousand bits a lamp that stood on a table. None of the family was injured, but there is a large hole in the floor to mark the exit of the lightning.

Tracking His Fathoms Wife.
Among those who yesterday invoked the aid of the city detectives was John Terry, an Uxbridge farmer, who came to Toronto to find his wife, a woman of years of age, who, leaving seven children behind, eloped with a young fellow named John Moore. The woman's whereabouts are still unknown.

The evidence pointed to the fact that the owner is in Michigan. Moore is a man of some means, and had little difficulty in winning the affection of the heartless wife.

Found the Mother.

Letters Come.
Letters come day by day telling us that this person has been cured of dyspepsia, that person of Bad Blood, and another of Head-ache, still another of Biliousness, and yet others of various complaints of the Stomach, Liver, Bowels or Blood, all through the intelligent use of Burdock Blood Bitters.

It is the voice of the people recognizing the fact that Burdock Blood Bitters cures all diseases of the Stomach, Liver, Bowels and Blood.

Mr. T. G. Ludlow, 34 Colborne Street, Brantford, Ont., writes: "During seven years prior to 1885, my wife was sick all the time. She was weak, run down, and so feeble that she could hardly do anything, and so nervous that the least noise started her. Night or day she could not rest and life was a misery to her. I tried all kinds of medicines and treatment for her but she steadily grew worse until I bought a bottle of Burdock Blood Bitters from C. Stark & Son, of Brantford, Ont., for which I paid \$5.00, and it was the best investment I ever made in my life. Mrs. Ludlow took four out of the six bottles; there was no need of the other two, for those four bottles made her a strong, healthy woman, and removed every ailment from which she had suffered, and she now enjoys the most vigorous health. That five dollars saved me lots of money in medicine and attendance thereafter, and better than that it made home a comfort to me."

Now is the time to plant them. Grow 20 feet in one season and bloom in beautiful summer.
