DR. McWILLIAMS IN EUROPE.

Such is the Startling Surprise Announced from Father Point.

Government Agent There Thinks He Sailed on an Ocean Liner—The Farewell Banquet—C.P.R. May Have to Press its Lines into Navy Service—American Barge Sunk—Three Men Drowned—Montreal News.

Montreal, Oct. 25.—(Special)—There is now every reason to believe that within a few hours, the Dr. Ireland mystery will be such no longer. Judging from a despatch received this morning from Mr. J. McWilliams, Government agent at Father Point, Ireland, is on the other side of the ocean, having sailed on the Tritonia of the Dominion Line Steamers.

There is a great deal of interest in the proposed banquet to Lord and Lady Aberdeen and the novelty of ladies addressing both the speaker and the audience is sufficient to make the function much discussed. Ex-Mayor Wilson-Smith, who is the moving spirit of the whole affair, is chairman of the executive, and Mayor Fretonville will preside.

Mr. McWilliams writes as follows: "Father Point, Oct. 25.—My impression is that the missing man is either on the steamer Tritonia or Scotia. Both passed here on the day, the 17th inst., and letters passed through my hands in Trenton, Ontario. I have just received a facsimile of the above letter, which is much interesting." (Signed) J. McWilliams.

The United States steam barge Lord S. Porter called at the Turin and Saguenay about 20 miles above Quebec, and ten minutes after the barge was on the bottom of the river, with half of her crew clinging to the top of the masts, and the other half were just out of the water. When she sank a boat was launched, and all the crew were rescued, but one man was killed. The barge was carrying a large quantity of goods, and the loss is estimated at \$100,000.

Time was when dog shows were associated with beer and the churchwarden pipe. In an Eastern town, on the bottom of the river, a dog was found on a pond of raw steak and let his jaws stay upon a crust, says the London Daily Times. The dog, too, got all the credit.

When the modern bulldog is chosen from a litter of pups, the looniest skin is marked. The dog is then reared and trained in a kindly, "the fun begins" as the pup gets along in life he is submitted to a process of "breaking" in the matter of his ears. To make the eyes of top spaniels large, bony and round, and the coats a rich color, the owners were wont to plug the ears with lead, and the eyes with arsenic.

Trinity's Anniversary. The congregation of the Church of Holy Trinity celebrated the first anniversary of the inception of edifice last night by a pretty concert and social. A large number attended, and a pleasant time was spent.
