The Toronto Board of Harbor Commissioners met yesterday and transacted roatine business. Dredging by the Harbor Commissioners for this season has been completed, amounting to 23,950 cuble yards at a cost of \$4000. This work has all been done along the docks to the east of Yongestreet, leaving the coedition of the Queen's wharf unchanged, so that a considerable amount of dredging must be done there next season. It was decided to repair the track at the Queen's wharf for the C.P.R. The Cemanissioners agreed to raise the salary of Harbor Master Postlethwaite from \$1050 to \$1200 and that of his assistant, Captain Hall, from \$720 to \$800. They also decided to withdraw their application for the water lot west of Queen's wharf, which the city desires for sewage disposal purposes.

"Madame," replied the judge, "you seem so well acquainted with the law, that I think you had better come up and take a seat with us upon the bench."

"I thank Your Honor kindly," she reso well acquainted with the law, that ing of your marvelous remedy for the cure of drunkenness, which I could give my husband secretly, I decided to try it. I procured a package and mixed it in his food and coffee, and, as the remedy was odorless and tasteless, he did not know what it was that so quickly relieved his craying for liquor. He soon began to pick up flesh, his appetite for solid food returned, he stuck to his work regularly, and we now have a happy home. After he was completely cured I told him what I had done, when he acknowledged that it had been his saving, as he had not the resolution to break off of his own accord. I heartily advise all women afflicted as I was to give your remedy a trial."

First Year Councillor—R. S. Waldle 56,

The above is the result of the voting to fill the various offices in the gift of the Osgoode Legal and Literary Society, hedge yesterday at Osgoode Hall. There were two tickets in the field, the only one candidate for president and secretary. The students turned out very well to vote, but some disappointment is felt on account of the indifference of the members of the local junior bar. Great efforts were made to get them interested in the fight and incidentally to fill the society's empty coffers. However, the result shows that 109 votes were polled, which is a larger number than for the last few years.

No straight ticket is elected, the students having voted for their choice. Mr. Mc-Gregor, the new first vice-president; Mr. Fisher second vice-president; Mr. Sadler, treasurer, belonged to the students' ticket, whereas the other gentlemen elected were on the McCarthy ticket.

Mr. McCarthy ticket.

Mr. McCarthy, who is the son of the late D'Alton McCarthy, will, it is generally conceded, fill the position with dignity and it is hoped will infuse new spirit into the organization.

Kay's Kay's ARTISTIC FURNITURE Kay's Kay's

The furniture of this store has a style and design of its own that distinguishes it from the furniture that you find in other places. We call it "Artistic Furniture," for art and taste have marked the making of each article. You have noticed how far the finish of a piece of furniture adds a charm to the appointments of the home. That is the excelling point about our furniture.

> Artistic Drawing Room Furniture in mahogany and gilt, and including handsome drawing room sets, odd chairs and odd settees, divans and music stands and something very select in plain and inlaid tables in mahogany and

> -Artistic Dining Room Furniture in Colonial, Sheraton and Chippendale styles, in ma-hogany and Flemish oaks. The range includes a beautiful line in sideboards, datables, cabinets and dining chairs.

> -Artistic Bedroom Furniture and brass and enamel bedsteads. Some very choin mahogany, birdseye maple and oak.

- Artistic Library and Hall Furniture, including English, Flemish and golden oak and manogany chairs, tables, hall seats and racks and other specialties.

Price has its attractions as well as the goods themselves, as so many who have inspected the stocks of these two large floors are ready to testify. People are not obliged to satisfy themselves with goods of inferior finish because the price meets their purse. Goods of the better finish are here with the prices right. The values in bedroom furniture and brass and enamel bedsteads are very remarkable. We extend a hearty invitation to homemakers to visit our furniture department and learn for themselves how differently we do things to others and how much we have to show them that they see nowhere else,
