EARLY IN THE SEASON WE PREDICTED
that the real estate market in city really
would be extremely active, and the many trans-
actions on the local market prove that our
prognostication was well founded. Even
through our office alone over \$100,000 worth of
real estate has been sold, and the tendency among
buyers is still towards further investments.
The extremely low rates now being paid on
savings bank deposits will have a tendency also
to encourage investments in real estate. To
meet this looked-for demand we have secured
a number of very eligible properties. We can
only mention a few in this list, but if you wish
call at our office we will be pleased to give you
full particulars of any property you think
