It is confidently anticipated that the \$15 mark will be reached before the end of the month, and at the rate of the advances of the last week, the next few days will see values well over the present prices of Toronto and Detroit.

An advance in live hogs necessarily entails a jump in dressed porkers, and the latter meat sold today at the increased price of \$22.25.

Vegetables remained unchanged, a few being particularly scarce. Tomatoes are not being offered in the plenty that generally marks the offering of this time of the year. It appears that tomatoes are not ripening at the rate that was expected of them and each day marks a lessening in the quantity of precedented price is an advance of 750

WALL STREET.

New York, Aug. 24—Wall Street, 10:30 a.m.—Coal stocks were the strongest features of today's early dealings, the schedule fixed by Washington for the anthracite product evidently being regarded as favorable. United States Steel gained a point, Bethlehem Steel 1½, Lackawanna 1¾ and Great Northern Ore 2¼. I went to bed in September, 1911, and the first work I was able to do was on the 17th March, 1913.
"I was swollen from head to foot, in fact my limbs were twice the ordinary size and I was in intense pain for three weeks. I was unable to feed myself and was suffering more each day. My physician told me plainly to prepare for the worst, as about ten days was my limit." A friend of mine who was trying to cheer me up a bit after the physician had left, remarked. "Why not try Parker's Oil?" I sent to Small's Drug Store and purchased a bottle, and after the first application received relief, and in three days the pain was gone, swelling reduced greatly. I used seven bottles and here I am today, willing to testify and give praise to Parker's Celebrated Oil, the sure cure for rheumatism as I found It.

Live hogs resumed their irresistible advance toward the expected \$19 mark today, when every porker offered on the market brought \$18 per cwt. This unprecedented price is an advance of 750

and New York Central advanced with other rails. Trading fell away towards noon on cessation of short covering, and prices became more irregular.

1:30 p.m.—Further substantial improvement was made in the afternoon. Rails were the prominent feature, coalers, Pacifics and grangers rising 1 to 4 points with low-priced issues.

"Dear Mr. Glass,—With reference to your letter of the 13th inst., in regard to the petition on behalf of Miss Margaret Thompson, in which the request is made that the prisoner be released from the common jail at London, as an act of executive clemency. I beg to inform you that the case has been given all due consideration, and that, as it would appear Miss Thompson is in prison in consequence of a decision of a civil court, and in as much as the preregative of mercy is only eversied in cases of infraction of the criminal laws, her case is not one which the executive of the Federal Government can deal with.
