Auditors—Mrs. McCullough, Hamilton, and Mrs. McDowell, Owen Sound.
H. B. Cowan discussed certain desirable amendments to the society's act of incorporation, such as placing the date of the annual meeting in the early part of November instead of January, as at present. He also touched upon the prohibition of more than one-third of each society's expenditure upon any single branch of its work, which has aroused a good deal of opposition. Mr. Burgoyne of St. Catharines stated that their society exhibitions would become imposciety exhibitions would become impos-sible if a literal observance of this clause were demanded by the govern-ment. Pearce, park superintendent of London, spoke at some length on the art of making towns and cities beau-tiful. He strongly advised the planting of a street with a single species of tree. ## TO DRESS POOR CHILDREN So That They May Attend Sunday School—A Queer Will.

Wm. | Batersall of Ellice Township, Perth County, in his will has set aside the interest on \$4000 to be devoted to providing suits of good clothes to enable children between the ages of six and eleven years, whose parents are not paupers, but still poor, to go to Sunday school. Children of all denominations are eligible for the garments, without limitation. Other sums are to go for reading matter for jails and houses of refuge, while another sum is to form a fund to be used to provide prizes for the best developed boys, natives of the County of Perth, of the ages of one, six and ten years, to be won in a contest at the annual county fair. But complications have arisen, it

appears, because the money is inadequate to go around and construction of the will is being asked. EDUCATION IN TORONTO,
