SIXTEENTH YEAR

BYE-ELECTION IN HALDIMAND

The Election Caused by Dr. Montague's Acceptance of a Resignation in Office Until After the Election in Ontario. When He Takes the Lieutenant-Governorship of Manitoba.

Ottawa, March 23.—The historic election of Haldimand is to be the fighting ground where the Government will ask for an endorsement of its policy. By the acceptance of Dr. Montague of the portfolio of Secretary of State, the seat for Haldimand becomes vacant, and the writ for a new election will probably be issued next week. It will be a red-hot fight from start to finish, but with such a doughty champion as Dr. Montague the Government has no fear of the result.

It appears that Hon. J. C. Patterson will remain in the Ministry without portfolio until June, when he will be appointed Lieutenant-Governor of Manitoba. This arrangement was made at the time he took office under Sir Mackenzie Bowell. Mr. Patterson has not been in good health lately and is anxious to be relieved from the strain of departmental work. As previously stated, Mr. Dickey becomes the Minister of Militia.

LOAN TO THE HUDSON BAY CO.

The aid to the Hudson Bay Railway Company is in the nature of a loan of \$2,000,000, to be repaid by first preference bonds of the company when floated on the London market. The Government will retain the cash and hand subsidies as a guarantee for the due execution of the undertaking.

FISCAL NOTES

According to Le Moine, the Hon. Mr. Cameron, Secretary of State for Manitoba, says that his Government will ignore the order-in-council, and will be glad to know that the Rev. Professor has kindly consented to deliver it again at St. George's Church School house (just behind St. George's Church, John-street), on Monday evening, March 25th, at 8 o'clock.

"Disc and Discard"

"Learn or get out" was the motto posted up in the old Roman school at the same motto is posted up today in the business world.

THE COMPLAINT AGAINST MINISTER THURSTON

Washington, March 23.—The precise complaint which was forwarded to the Hawaiian Government through Minister Willis, upon which Minister Thurston's resignation was based, is that he had made statements to the press reflecting upon the American Minister at Honolulu and intended to discredit him and impair his usefulness.

HEAVY FOG IN THE ENGLISH CHANNEL

London, March 23.—The German passenger steamers from Southampton will be delayed 24 hours, owing to the fog in the channel, which is the heaviest known for many years.

GOLD IMPORTS

New York, March 23.—The imports of gold this week amounted to \$2,280,234, exports \$789,422.

CHILDREN ROASTED ALIVE.

Chapleau, Ont., March 23.—The house occupied by P. Dollard and A. Baker has been burned by the upsetting of the lamp on the stairs.

Mr. and Mrs. Dollard were downstairs and made every endeavor to extinguish the flames, but these got beyond control before they realized the danger. Their five children were in the upper part of the house and Mr. Dollard made a rush through the flames. He seized the baby, a year old, kicked out a window and shouted to the other four children to jump out in his arms, and when he reached the bottom found that all attempts to again return would be fatal. The house burned rapidly, cutting off all escape. Three children were burned. They were:

GEORGE DOLLARD, aged 13.
MICHAEL, aged 7.
ALEXANDER, aged 5.
JOHNNY, aged 11, jumped out of the window, but he so badly burned that recovery is doubtful.

Mr. Baker got his family out in safety, also some effects. Dollard lost every thing. Mrs. Dollard is prostrated with grief. Mr. Dollard is badly burned about the face and hands. The remains of the three children were taken from the ruins about 11 p.m., burned to a crisp. The building, which was owned by Murray & Cowas, was all wood and valued at \$1200. Murray & Mulligan's bakehouse, storehouse and barn were on fire several times, but were extinguished.

BANKER CONN ACQUIRED

After Three Trials the Alvinson Forgery Case Falls to the Ground.

London, March 23.—Today's sitting of the Lambton Spring Assizes saw the end of the celebrated case of the Queen v. Conn for forgery and the setting of forged paper in the name of Anthony Gilroy through the Mercantile Bank of India.

THE WONDER IS A CATASTROPHE HAD NOT OCCURRED IN WASHINGTON

Washington, March 23.—The scene of tearing down the old Blaine house in Lafayette-square has been completed, and already the foundations for Mr. Albaugh's new opera house are being laid under way. The workmen discovered that the joists which supported the floors were in a most dangerous condition, and that had the house stood very much longer a catastrophe might have happened, which would have resulted in death and disaster.

FLOOR JOISTS WERE ROTTEN

The rotters which supported the floors, especially those under the parlors, were almost entirely rotted away. Had a large number of people gathered in the room or had much dancing been engaged in the workmen say the floor would certainly have given way and they wondered that they stood the strain put upon them by the crowds, which attended the wedding of Mrs. Bannock, and the funeral of the late James G. Blaine.

BRITISH BACHELORES AND AMERICAN HEIRESSSES

The reported engagement of the daughter of a wealthy senator to one of the attachés of the British Embassy has brought forth the fact that all of the bachelor secretaries and attachés of the Foreign Legations are either engaged to or have married American heiresses, and many single diplomats as a most desirable place for assignment.

THE MINISTERIAL PARTY

London, March 23.—Mr. Gladstone's return to London has been hastened by the question of the succession to the Speakership, and the still more serious difference in regard to the dissolution of Parliament, upon which question there does not seem to be any feeling of unanimity. It is certain that the advice of the Premier will guide the Ministers in deciding both questions, and until he has arrived and had a conference with the members of the Cabinet nothing will be done. At the Cabinet Council, which was convened a week ago last Tuesday, it seemed very improbable that the Ministerial party fixed at the beginning of the session had been carried out, and the body of the Liberal party had told the election agents that there would be no general election in the near future.

The past winter has been truly the curlers' delight. Since the opening games in December, there has been continuous curling for the curlers and up to Saturday afternoon curling was played in the Mutual street rink Saturday afternoon a friendly match between Ships McIntosh and Frank Stone, who accepted a pass from Huntington, furnished the evidence.

GAVE HIM CARTE BLANCHE

CLARENCE WALLACE TO ACT AS CIRCUMSTANCES WARRANT.

His West York Constituents Meet at Weston, Approve of His Past Actions and Invest Him With Full Power to Act As He Pleases in Future—An Enthusiastic Meeting.

A private meeting of the supporters of Hon. M. C. Wallace was held at Eagle's Nest, Weston, on Saturday afternoon. The meeting commenced at 9 o'clock and continued until 6. The caucus was the most representative, it is said, of any that has taken place in the riding. One of the subjects discussed was whether the Controller shall retain his Cabinet position or become a private Conservative member.

Hon. M. C. Wallace informed The World after the meeting that his past action had been unanimously and enthusiastically approved of by his supporters. Beyond this he declined to make any statement. It leaked out, however, that a resolution was passed vesting the Controller of Customs with full power to act as he may think best in the future.

Mr. Wallace immediately afterwards left for Woodbridge.

Among those present and who addressed the meeting were: J. W. St. John, M.L.A.; W. J. Bull, president of the West York Conservative Association; William Tyrrell, Reeve of Weston; P. W. Ellis, North Toronto City Solicitor Fullerton, Dr. Orr, Dr. Godfrey, Eves Evans and Deputy Reeve Bryans, Etobicoke; Mayor Bond, T. Wallace, Reeve of Woodbridge; Dr. Perlick, W. G. Murdoch, C. C. Goring, John Gouding, York, and E. Flood.

THE CAMPAIGN IN EAST YORK

LIBERAL DEMONSTRATION IN SUPPORT OF MR. FRANKLAND

W. F. Maclean Said To Be a "Mist" Hon. G. W. Ross Argues That the National Policy is Inevitable to Canada, and Destructive to the Best Interests of the Country.

Markham, March 23.—Under the auspices of the Young Liberal Club a well-attended demonstration was held here this afternoon in behalf of the candidature of H. R. Frankland for East York. The expectation that Mr. Laurier would be present doubtless was responsible in a measure for the large attendance, but the leader was unable to fulfill his promise owing to indisposition. A special train was run from Toronto, and at the Markham Station the special was met by a band, some hundred men on horseback and a large number of ladies.

STORIES OF ARMENIAN ATROCITIES DENIED

The Turkish embassies in London and Paris give absolutely wholesale denial of the stories that 2500 Armenians are in prison and many of them dying from the rigors of confinement. The Globe's correspondent in Constantinople quotes a statement made by a European official, who greeted the announcement of the result of the division with prolonged cheers. In 1893, when the question was voted on, it was carried by a majority of 47. Last night the majority in its favor was only 18, and the opposition went nearly frantic in their expression of delight at the shrinkage.

THE MINISTER OF EDUCATION ASPIRES

Hon. G. W. Ross, who took Mr. Laurier's place, was in excellent form, and for an hour he entertained his listeners with an interesting address, enlivened with witty remarks and numerous stories. The burden of his remarks was that the National Policy was necessary to Canada and destructive to the best interests of the country. He proved to his own satisfaction that none of the promises made at the inauguration of the policy had been fulfilled.

PRICE FIVE CENTS

CAUGHT BY A DECOY PACKAGE

CLEVER DIAMOND SWINDLER RUN TO EARTH.

Had Played the Game All Through the South and Southwestern States, But When He Tried to Operate Here He Was Nabbed—Brought to Toronto To Stand His Trial.

J. C. Coleman, thought to be one of the cleverest and most noted diamond thieves on the American continent, was arrested at St. Mary's Saturday morning by Detective Greer and Detective Slennin.

Friday morning several of the large jewelry firms of this city, including P. W. Ellis & Co., Goldsmiths Stock Co., T. H. Lee & Son, Edmund Schaefer and E. A. Gunther, received each a copy of a letter which read thus:

St. Mary's, March 20, 1895. Gentlemen: I wish to procure two diamonds. I don't care whether they are set in ring, pin or stud, or unset, each stone to weigh about 100 carats. They are to be perfectly white, well cut and without a flaw. With you would send by express several pairs of unset stones, and will return promptly those I don't want. If you can't do it so I can make 10 per cent, kindly do so.

The mercantile reports will be able to inform you as to my standing and respectability. The parties who want them are going to call on Saturday, so it will be necessary for you to send them by express on Friday. Yours respectfully, J. C. COLEMAN.

Mr. Hutton is a leading broker and banker in St. Mary's, and is rated in Bradstreet's at \$40,000. It so happened that the New York jeweler's circular of March 20th contained an exposure of the modus operandi of a diamond thief in the South and Southwest, who had been sent from Swainsboro, Ga., signed J. C. Coleman, to many of the leading jewelers in Atlanta, Savannah, Augusta, and other Georgia towns, asking for certain goods to be sent by express on a private train.

THE GOODS WERE SHIPPED. Coleman is one of the best known men in the country about Swainsboro, doing an extensive business in lumber, and is rated in Bradstreet's at \$100,000. The jewelers thought he would in all probability prove a very desirable customer. The goods were sent from Swainsboro, Ga., signed J. C.
