AWFUL MURDER IN MONCTON; AN INSANE MOTHER KILLS HER TWO-YEAR OLD CHILD

Mrs. Thomas V. Doucett While Temporarily Crazy Crushes Her Baby's Head--Tries To Take Life of Second Child But is Prevented--She Has Been In Asylum.

MONCTON, N. B., Feb. 4 (Special)—While suffering from insanity Mrs. Thomas V. Doucett, of Lower Robinson street, about half past four o'clock this morning took the life of one of her little children and was in the act of taking another from the house to kill it, when she was discovered by members of her family.

The family consists of the father and mother, and eight children. Mr. Doucett, who is employed on the I. C. R. on a steam crane, has been laid up in the house with a broken rib for some time. His wife, it appears, became violently insane during the night and arising about half past four without disturbing her husband, took her two-year-old child from the cradle, carried it out the back door and inflicted injuries upon it which resulted in death a few minutes later. The crazed woman, leaving her infant for dead, entered the house again and going up stairs where the

second youngest child, three years old, was sleeping in a cradle was in the act of taking it from the room when her daughter, Eliza, aged 18 years, awoke and gave the alarm.

Miss Doucett called to her brother William, aged 17, and aroused her father. Doucett, although suffering from a fractured rib, hastily arose and undertook to subdue his insane wife. The three-year-old child she had taken from the cradle in the room of her eldest daughter, was taken from her and she was overpowered.

Doucett dispatched his son, William, for a policeman, and Officer McKim hurried to the Doucett home.

After handcuffing the insane woman, the officer made search for the missing two-year-old child from the cradle, carried it out the back door and inflicted injuries upon it which resulted in death a few minutes later. The crazed woman, leaving her infant for dead, entered the house again and going up stairs where the

Officer McKim immediately sent for a doctor, but before medical aid arrived the child had breathed its last.

The crazed mother talked of her crime on the way to the police station and at times she stated she had taken her child by the heels and dashed his brains out on the ice, and, at other times denied all knowledge of the crime, and asked to be taken home.

It appears Mrs. Doucett has been in the insane asylum on two previous occasions. Two or three days ago she showed signs of returning insanity and was being washed. She is about 38 years of age. An investigation will likely be held.

Another Mother Kills Children

BOSTON, Feb. 4.—During a period of mental depression, Mrs. Frances Willis, of Dorchester, killed herself and two little girls, aged 9 and 11 years respectively, by means of gas last night. She left a note saying, "God forgive me for what I have done. It was a case of the insane hospital again."

FIGHT OVER GOV'T TICKET IN KINGS CO.

G. G. Scovil and Dr. McAllister Will Probably Be Nominated for First Two Places On Ticket--Dr. McVey and O. W. Wetmore Scrapping for Third Place.

HAMPTON, N. B., Feb. 4.—(Special)—A clear cold winter's day, with bright sunshine offers most favorable conditions for the gathering of a large number of delegates and supporters of the local government at the convention to be held this afternoon for the selection of candidates for election at the approaching contest. Headquarters have been established at Heath Hall, bearing the legends, "Liberal Headquarters," and "Headquarters Liberal Club."

The difference caused some sharp talk and the real contest was instructed to bring his forces to the big hotel. It is likely that matters will be amicably settled by distributing the guests between the two clubs.

As regards candidates there is no variation in opinion as to the names of G. G. Scovil and Dr. McAllister, but there is a divergence when comes to a man for the eastern end. O. W. Wetmore, of Clinton seems to have the strongest pull but Dr. McVey is not without hopes that he will secure the third place and there are men here who say they will stand by him as long as a chance of securing a nomination remains.

GOVERNMENT TO AID THEM

Supplementary Estimates Presented to Parliament for \$2,850,000 to Aid Western Settlers and Homesteaders.

OTTAWA, Ont., Feb. 4 (Special)—Hon. Mr. Fielding has presented to the house the supplementary estimates totalling \$2,850,000, to be used by the way of a loan to settlers and homesteaders in Alberta and Saskatchewan to enable them to purchase seed grain for this year's crop. Under the arrangement reached by the federal government with the provincial governments of Alberta and Saskatchewan, the Dominion will set aside the sum of \$885,000 to purchase seed grain for homestead settlers in the two provinces. The sum of \$440,000 will be advanced to the government of Alberta to purchase seed grain for the settlers in that province and the sum of \$1,525,000 will be advanced to the government of Saskatchewan for a similar purpose. In effect, the Dominion departments of agriculture and the interior will look after the needs of homesteaders whose lands have not yet been patented, while the provincial governments will use loans to finance settlers in their respective provinces in the districts where the crop last year was a failure. There will be co-operation among all the governments in buying and distributing grain and details are now being worked out.

In the case of seed grain furnished to homesteaders, the cost of the grain is to be repaid with interest at 5 per cent, and until repayment it will be a lien or charge upon the lands held under homestead entry. In the case of settlers whose lands have been patented the provinces will exact similar security and the Dominion government will have further security of claim against each province for the whole amount advanced. In each case the Do-

minion is amply secured and the only net cost to the country in any event will be the expenses incurred by the departments of agriculture and interior in looking after the distribution of seed, etc.

The expense will be amply repaid next fall in the increased yield of grain in the west consequent upon the fact that settlers will be enabled to crop all their lands. While the banks reluctant to advance money and thousands of farmers without seed grain, considerable loss would have resulted through much of the western lands being uncropped this year.

An effort will be made to have the supplementary estimates put through supply at once, so that the money will be speedily available and distribution of seed be completed by the early spring.

TORONTO, Feb. 4.—(Special)—Charging conspiracy in the recent municipal elections at Midland, legal proceedings have been commenced by the crown on behalf of H. S. THE ROBINSON ERA.

Mr. Peter Binks says he wishes he was a younger man. He sees a great future for New Brunswick and would like to be young again to grow up with the country.

"Ah!" said Mr. Binks this morning, to the Times new reporter, "if Premier Robinson had been with us when I was a boy, just think what commissions would have done for us since then. We have only had a taste as yet of the joys that are in store. Everybody will be on a commission. As soon as the legislature meets and the opposition begin to make charges Premier Robinson will begin to appoint commissions. In process of time all the people except the opposition members will have been appointed on one commission or another, and then Mr. Hazen and his friends will have to be put on the job, too. Then there will be no opposition and we will all be commissioners drawing our pay. It will be better than a pension system. It will be a political revolution."
