

## REVOLVING BOOK CASE.

These Cases occupy no more room than a chair, and hold more books than any other Case ever made occupying the same space. The books are accessible to any one sitting at a table or before the fire without moving. A slight pressure of the hand will bring either side to view. Nothing to get out of order, well made, nicely finished and enduring.

### SPECIAL ORDERS.

Any size or style made to order. Cases sent on trial to any responsible party with the distinct understanding that if they do not perform as represented and to entire satisfaction they may be returned.
