**\$75,000 FOR RARE STAMPS**

Colonel E. H. R. Green Buys Nearly \$10,000 Worth at Worthington Sale

Colonel E. H. R. Green, son of the late Hetty Green, who recently returned to New York after his honeymoon trip, spent nearly \$10,000 on Tuesday for some of the rarest specimens of United States postage stamps at the sale of the collection, which is estimated to have cost Mr. Worthington of Cleveland more than \$1,000,000. His United States stamps have long been acknowledged as the finest in the world, and his entire collection, including foreign stamps, is valued at \$75,000. The total for these stamps was \$75,000. Two sessions were held, afternoon and evening in the Murray Hill Hotel under the auspices of J. C. Morganthau & Co. The total for these stamps was \$75,000. The sale was continued on Wednesday and Thursday. Only a portion of the stamps were sold. The prices were far beyond expectations, and even the more ordinary specimens brought more than the regulation catalogue prices. Ten lots brought \$1,000 or more each.

The keenest competition centred in the very rare inverted centres of some of the 1860 two-colored issues. One of these, the 15-cent brown and blue, unused, brought the highest price of the sale, \$4,100. It was purchased by the Nassau Stamp Company for a private collector. The 30-cent, blue and carmine, perfectly centred, was obtained by the same buyer for \$3,500. The 24-cent, green and violet, said to be the only known unused copy with the inverted centre, brought \$2,850.

Colonel Green, who was an unsuccessful bidder for these rarities, got a lightly cancelled copy of the inverted 30 cent stamp for \$1,200. This was the highest price he paid for a single stamp, although he bought several well above \$100 each. Another heavy buyer was Henry Duveen, who has one of the famous collections in the world. Among his large purchases were the 3-cent brick red, a block of four unused 1867, for \$810; the 30-cent orange, 1867, with grill covering the entire stamp, for \$555; and the 1-cent, grided 18 by 18 mm, for \$220.

**Everybody Can Clean Windows** (SO THEY SAY)

But there is a difference in the cleaning and the time it takes, and the cheapest is to get the best. It may seem odd, but it is cheaper in the end. We have a 10-year experience in that line, and that means a lot to you. Telephone for our quotations. We have a man for that purpose.

Phone Main 435-21 for Terms.

**Board Also Wants \$500,000,000 for** Fabricated Steel Vessels—Contracts Now Ready.

Washington, Aug. 24—Estimates included in the request the Shipping Board will make for a billion-dollar appropriation to complete its eighteen month building program were gone over at a conference between Chairman Hurley of the board and Secretary McAdoo. The request will go to Congress probably this week.

The board needs \$500,000,000 for construction of fabricated steel ships, \$250,000,000 to carry out commandeering of vessels now building in private yards, and another \$250,000,000 for contracts for steel and wooden ships to be let soon. The commandeering programme will cost in all about \$500,000,000, but \$250,000,000 of the original \$500,000,000 appropriation will be used for that purpose. Plans for taking a large amount of tonnage out of the great lakes for Atlantic service also will be completed by the shipping board soon. It is estimated that between 200,000 and 400,000 tons can be removed before the winter season sets in.
